1.0 NOTICE OF NONDISCRIMINATION-TITLE IX

The Alum Rock Union Elementary School District prohibits, at any district school or school activity, unlawful discrimination, harassment, intimidation and bullying of any student based on the student or staff member's race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital or parental status, pregnancy, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, or gender expression, or genetic information; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics in its educational programs and activities or employment practices as required by Americans with Disabilities Act (ADA), Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973. The lack of English language skills will not be a barrier to admission and participation in the District's programs. Students, parents, employees, or others who wish further information about these regulations, or who wish to file a complaint, should contact the following persons:

1.1 American with Disabilities Act (ADA) Coordinators

Affirmative Action Title IX Coordinator for Employees:
Title IX Coordinator for Students:

1.2 Civil Rights Complaints

School district programs and activities are to be free from discrimination based on age, sexual orientation, gender, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability. These programs are responsible for monitoring compliance with any and all rules and regulations promulgated pursuant to Section 11138 of the Government Code (Amend. Stats. 1988, Ch. 1514). If such discrimination occurs, parents have the right to submit a written complaint subject to civil law remedies.

1.3 Non-Discrimination Against Pregnant Students

Federal law guarantees equal opportunities to pregnant and parenting students. Under California law, pregnant and parenting students may not be excluded from any academic, extracurricular, research, job training, or other program or activity. Pregnant and parenting students have the right to stay in regular school and be free of discrimination.

Participation in special schools or programs reserved or designed for pregnant or parenting students must be completely voluntary on the part of the student. Such programs or schools must be comparable to programs and schools offered to non-pregnant students.

Schools must treat pregnancy as they treat other medical conditions. Health plans, medical benefits, and related services are to be provided to pregnant students in the same manner as services to students with "other temporary disabilities."

1.0.1 Lactating Pupil Accommodations

School district provides reasonable accommodations to a lactating pupil on a school campus to express breast milk, breast-feed an infant child, or address other needs related to breast-feeding. A school shall be required to provide the reasonable accommodations specified only if there is at least one lactating pupil on the school campus.

- (a) Reasonable accommodations under this section include, but are not limited to, all of the following:
 1. Access to a private and secure room, other than a restroom, to express breast milk or breast-feed an infant child.
 2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk.
 3. Access to a power source for a breast pump or any other equipment used to express breast milk.
 4. Access to a place to store expressed breast milk safely.
- (b) The district provides a lactating pupil on a school campus with a reasonable amount of time to accommodate her need to express breast milk or breast-feed an infant child.
- (c) The district ensures that a pupil does not incur an academic penalty as a result of her use, during the school day, of the reasonable accommodations specified in this section, and pupils are provided the opportunity to make up any work missed due to such use.

2.0 PARENT’S CIVIL RIGHTS

2.1 Consolidated Programs and General School Programs

In accordance with Title 5, Section 4621, these procedures are distributed annually via this Student/Parent Information Handbook. The following complaint procedures shall be employed in case of alleged district violations of federal or state law or regulations, or of alleged unlawful discrimination as stipulated in the statute. The district shall follow complaint procedures pursuant to state regulations when addressing complaints alleging unlawful discrimination or failure to comply with the law in consolidated categorical programs, migrant education, child care and development programs, child nutrition programs and special education programs. Complaints concerning special education programs shall be addressed in accordance with the regulations and procedures of the Special Education Local Planning Area, and should be directed to the Director of Special Education. Complaints about any general school programs or school processes may be directed first to the School Principal and if it doesn’t get resolved then to the district’s Assistant Superintendent, Instructional Services.

The district will investigate and seek to resolve complaints at the local level using the process described in Administrative Regulations 1312.3, Uniform Complaint Procedures. Many times, an informal discussion with the complainant to understand his/her perspective and to treat his/her concerns as an educational problem, to be solved will avoid the necessity of a written complaint. If direct preliminary discussion is unsuccessful or inappropriate, the following District complaint process will be initiated:

The Alum Rock Union Elementary School District has primary responsibility for ensuring that it complies with state and federal laws and regulations governing district educational programs and civil rights protections regarding actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on the person's association with a person or group with one or more of these actual or perceived characteristics. (5 CCR 4610)

Any complaints alleging unlawful discrimination or failure to comply with state and federal laws in consolidated categorical aid programs, migrant education, childcare and development programs, child nutrition programs, and special education programs will be reviewed and mediated or investigated by the district. Procedures for ensuring compliance are established in Administrative Regulations 1312.3, Uniform Complaint Procedures.

In matters concerning Uniform Complaint Procedures, the complainant will have the opportunity to provide relevant Information as part of the investigation using the Alum Rock Union Elementary School District Uniform Complaint Procedure form available at all schools and the district office. Within thirty days of receipt of the complaint, the district will provide a written report to the complainant. Complaints alleging discrimination must be filed within six months from the alleged occurrence or when knowledge was first obtained. Complainants may also pursue civil law remedies through mediation centers, the County Office of Education, and public/private interest attorneys.

- When possible, notices will be in English and the student’s primary language.
- When possible the written report of findings will be in English and in the language of the complainant.
- A copy of the district’s policy and complaint procedures may be obtained, free of charge, through the Superintendent’s office.

For assistance regarding the filing of complaints under the Uniform Complaint Procedure, contact the Student Services Department at (408) 928-6945.

A complainant may pursue available civil law remedies outside of the district’s complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints, however, a complainant must wait until sixty days have elapsed from the filing of an appeal with the California Department of Education before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the district has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622; Education Code 262.3

Education Code (EC) Section 35186, created a procedure for the filing of complaints concerning deficiencies related to instructional materials, conditions of facilities that are not maintained in a clean or safe manner or in good repair, and teacher vacancy or misassignment

Pursuant to California *Education Code* (EC) Section 35186, parents, guardians, pupils, and teachers are hereby notified that:

1. There should be sufficient textbooks and instructional materials. This means each pupil, including English learners, must have a textbook or instructional material, or both, to use in class and to take home.
2. School facilities must be clean, safe, and maintained in good repair.
3. There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners if present.

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential, and/or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

THE ALUM ROCK SCHOOL DISTRICT EARLY LEARNING SYSTEM: Learning begins at birth, and healthy, high-quality early learning experiences lead to success in school and life. The Alum Rock Union Elementary School District’s Quality for All: Prenatal through 3rd-grade Health and Early Learning strategic plan outlines a framework to ensure that all children in the district are healthy, thriving, and on a positive path to reaching their full potential. Early Learning works in partnerships to build an inclusive, equitable, high-quality integrated service delivery system to support families in the district, along with a mixed delivery system of choice from the universal early learning options for families to access.

THE CESAR CHAVEZ EARLY LEARNING CENTER: The Alum Rock Union Elementary School District, in partnership with Kidango, has expanded our early childhood education services to serve more children under the age of three through the opening of The Cesar Chavez Early Learning Center in July 2023. This program provides inclusive, equitable, affordable (free), and universal access to high-quality early learning experiences, Birth through Five. The program features infant, toddler, preschool, transitional kindergarten, and kindergarten classrooms. Special Education preschool classrooms also provide services to students in both AM and PM sessions. Expanded hours are available to provide a universal 9-hour day through before and after-school care, intersession, and summer school programming.

CALIFORNIA STATE PRESCHOOL PROGRAMS WITH THINK TOGETHER: The Alum Rock Union Elementary School District in partnership with Think Together offers full-day dual immersion preschools in Spanish (Adelante 1 and Adelante 2) and Vietnamese (Painter) as well as a blended program in English for 4-year-old students at McCollam. Eligibility is based on gross monthly income, family size, and need. Children must be 3 years old by September 1st of the current school year. For more information, please feel free to contact our enrollment team at (510) 603-8402.

Our program adheres to all state regulations in accordance with the California Department of Education. Think Together Early Learning Program maintains a waitlist. All families are ranked based on need and then gross family income and family size. Guidelines for admission priority are the same for waitlisted families and follow:

First: The child is the recipient of Child Protective Services or At-Risk of being neglected, abused, or exploited.

Second: Once the set-aside is filled, a child with exceptional needs from an income-eligible family AND the family meets a need criteria. Prioritize based on income ranking order.

Third: Eligible children not enrolled in Transitional Kindergarten. Prioritize children with the lowest income ranking first. If 2 or more children are within the same ranking prioritize dual language learners, then based on the child who has been on the waiting list for the longest time.

Fourth: Family income is not more than 15% above income threshold AND family meets a need criterion. Prioritize exceptional needs children, then 4-year-olds, then 3-year-olds. (limited to 10% of funded enrollment)

Fifth: Family meets eligibility criteria but does not meet the need criteria. Prioritize based on income ranking order.

Sixth: Family resides in approved neighborhood school boundary. Prioritize based on income ranking order.

5.0 NOTICE TO PARENTS – RIGHTS AND RESPONSIBILITIES

The California Education Code Section 48980 requires school districts to notify parents and guardians yearly of their rights and responsibilities concerning the following areas:

5.1 Child Abuse

All school personnel are legally required to immediately report cases of suspected or actual child abuse to Child Protective Services at (408) 299-2071. In case of an immediate emergency, always call 911 for law enforcement intervention.

- A child is physically injured by other than accidental means.
- A child is subjected to willful cruelty or unjustifiable punishment.
- A child is abused or exploited sexually.
- A child is neglected by a parent or caretaker who fails to provide adequate food, clothing, shelter, medical care, or supervision.

Failure to report is a misdemeanor punishable by imprisonment not exceeding six months, or a fine not exceeding one thousand dollars (\$1,000), or both. Penal Code 11166

5.2 Electronic Transfer of Student Data to the California Department of Education: California School Information services (CSIS) Program

Under state law, all school districts are required to transfer specific data on individual students to the California Department of Education (CDE). This data is used by CDE for state reporting. Data is also used by districts and/or public institutions to obtain information about students who are transferring from another district or are applying for admission. All data maintained by the CSIS Program are in compliance with federal and state privacy and confidentiality requirements. The benefits of this program to students and parents are that student records can be transferred much more promptly, and that information about student assessment and academic placement will be available at the time of transfer. Schools and districts benefit from the streaming and reduction of required state reporting.

5.3 Employment-Based School Attendance Options

An application for an inter-district transfer of a student may be made based upon employment of the parent. An elementary school pupil (K-6) shall be deemed to have complied with the residency requirements for school attendance if the pupil's parent or legal guardian is employed within the boundaries of the school district. Allen Bill (AB 149), Education Code 48204 (f)

5.4 Special Education

Special Education programs or services are provided for students who meet eligibility criteria in one of the 13 disability categories. Those categories include: Autism, Deaf Blindness, Deafness, Hearing Impairment, Intellectual Disability, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment, Emotional Disturbance, Specific Learning Disability, Speech or Language Impairment, Traumatic Brain Injury, and Visual Impairment. The Individualized Education Program (IEP) Team determines the service needs.

5.5 Grading and Evaluation

Student grades in courses offered in district schools provide for measurement of student progress in meeting instructional objectives aligned with state content and performance standards. Grades in district schools culminate in formal, permanently recorded grades based upon uniform standards. Grades should be based on the student's work and his/her mastery of course level standards, benchmarks, course objectives, and content as demonstrated through assignments and assessments.

5.6 Insurance/Student Injuries

The district does not carry medical, dental, or accident insurance for individual students. Parents are responsible for emergency medical costs beyond first aid provided at school. Student accident insurance is available for purchase. Information is available in all school offices. If emergency medical or dental treatment is needed and the parent or listed emergency contacts cannot be reached, 911 will be called. The district is not responsible for charges incurred as a result of 911 calls or ambulance transfers.

5.7 Moves-Family Residential

When parents move, they must immediately inform their child's school. Verification of the new address is necessary. For parents who move out of Alum Rock Union Elementary School District, an interdistrict transfer will be required in order to allow the student to continue attending in the district.

5.8 Police Officers Interviewing Students While on Campus

Police officers have the right to question students at school whom they feel may be suspects or witnesses. School officials have no guaranteed right to be present for an interview with the student. The child/student, however, does have the right to have a parent or school support person, of his or her own choice, present during the interview. The school is required to notify the parent if the child is released to an officer except when the child is placed into custody as a victim of child abuse or neglect. Education Code 48906

5.9 Pupil Progress

Each school shall prescribe regulations requiring the evaluation of student's achievement for each grading period. A parent conference or written report is required when it becomes evident to the teacher that the student is in danger of failing a course. The refusal of a parent to attend the conference or to respond to the written report shall not preclude failing the pupil at the end of the grading period. Education Code 49067

In grades 2 -8, students take a local assessment three times a year to measure growth towards meeting state grade level standards in English Language Arts and Mathematics. In TK – Kindergarten students are given an assessment that measures student mastery of letters, sounds, sight words, number sense and additional foundational skills. Teachers on an ongoing basis conduct checks for understanding, use formative assessment and review student work to check progress.

The local assessments listed below are administered three times a year to gauge academic progress:

- **ESGI:** Grades TK-1st (foundational reading skills)
- **iReady:** GiReady: Grades K-8th (Reading and Math diagnostic and skills assessments)
- **Imagine Learning:** Grades K-2nd (language and literacy))
- **iStation:** 2nd- 8th (Spanish)

5.10 District Elementary School (Grades T4-5th)

Assessment of student progress in district elementary schools (Grades T4 through 5th) is based on the student's mastery of state, grade level academic content standards using a standards-based report card and rubric scores of 1-4.

Blank	Not assessed at that time
1 =	Below Standard
2 =	Approaching Standard
3=	Meets Standard
4=	Exceeds Standard

In Transitional Kindergarten student progress is based on the student's mastery of foundational skills/standards using a grading scale of 1-4.

/	Not introduced	✓ indicates area of growth
1 =	Beginning	
2 =	Progressing	
3=	Meets expectations	
4=	Exceeding	

The progress of English Learners (ELs) is assessed according to their language of instruction. Marks used to report the progress of English Learners are based on mastery of English Language Development (ELD) standards at the student's level of English proficiency and his/her progress towards meeting grade-level content standards.

Standards Based Report Cards are distributed by semester -two times a year- (January and June). At risk students receive a progress report at the end of Quarter 1 and the end of Quarter 3.

5.11 District Middle Schools (Grades 6-8)

Grades for achievement shall be reported each marking period as follows (AR 5121):

	Principal's Honor Roll	=	3.5 – 3.99

6.11 Megan's Law Penal Code 290(N)-290.4

State law mandates that law enforcement take the responsibility to notify the public concerning serious and high risk sex offender registrants, Penal Code 290 (LA) (1) (1)

Parent or staff concerns regarding the location of sex offender registrants should be addressed to the San Jose Police Department. To discuss concerns, call the Sexual Assault Unit at (408) 277-4102. To view the Department of Justice information on sex offenders at the San Jose Police Department, go to 201 West Mission Street, San Jose, CA 95110.

6.12 Back-To-School Night/Open House

To acquaint parents with the teachers and school, an evening meeting is held once each fall. These meetings are called "Back-To School Night". These meetings may be conducted virtually or be pre recorded if necessary. Parents are encouraged to use this opportunity to meet the school staff, learn about the procedures and assignments, etc. All schools hold a Spring Open House and/or Culminating Event in the Spring to highlight the school programs, highlight student successes and work. For information about the dates for these events at your child's school, contact your school principal.

6.13 Parental Financial Liability

While a student is accountable for his/her willful acts of misconduct, parents are financially responsible for damage and injury caused by their child's misconduct. Whenever a student damages, defaces in any way or steals any school district property; the parents or guardians of that student shall be liable for restitution. This same liability will prevail even if the damage or loss was not intentional, but resulted from other negative or inappropriate behavior not acceptable on district property. The Alum Rock Union Elementary School District will seek restitution for any and all losses or damage to district property brought about by any student through inappropriate means. The parent or guardian of a minor/student shall be liable to the school district for all property belonging to the district loaned to the minor and not returned upon demand of an employee of the district authorized to make that demand.

6.14 Parent-Teacher Association/Parent-Teacher-Student Association

Many schools in the Alum Rock Union Elementary School District have a parent organization called the Parent-Teacher Association (PTA). Membership is open to all parents of students at the school. Middle Schools have the choice of forming a PTA or PTSA. In the Parent-Teacher-Student Association (PTSA), students may become members, may vote, and may hold elected office.

PTA/PTSA membership supports hospitality activities, program, publicity, parent education and financial transactions and includes membership in the National and State PTA Organization.

The PTA/PTSA committees work together on district-wide issues. Contact the principal to see if there are PTA/PTSA opportunities at your school.

6.15 Parent/Teacher Conferences

At the elementary level, Parent/Teacher Conferences are held each fall. Spring conferences are held only when there is a need expressed by either the parent or the teacher. Topics covered during the conference include information about instructional materials, homework expectations, grading and student progress. Parents may request additional conferences at other times as needed.

6.16 Parent Visitations at School

Members of our community are always welcomed at our schools. However, to limit disruptions to the learning environment, classroom visits should be pre-arranged. We ask that visitors park in designated parking areas when provided. All visitors must go to the school office to register their presence on campus and to obtain a visitor's pass. Visitors should turn in the pass when they sign out. For purposes of safety, state law requires schools to register all visitors who enter school property. Unauthorized persons are prohibited from entering or remaining on school grounds. If court restraining orders exist which limit a parent's access to visiting his/her child or in receiving information about the child's progress, it is the responsibility of the custodial parent to provide the principal with a copy of such an order. Only those people listed on the student's Emergency Information Card are permitted to pick up a child without specific further parental permission.

6.17 Parent Volunteers

The district welcomes and appreciates the active engagement of parents as volunteers in all schools. Parent volunteers help enrich the student's education and provide extra assistance for teachers and school staff. Opportunities also exist for committee membership (at both school and district levels) that are concerned with programs and services for students. On July 2, 2013, the Alum Rock Board of Trustees approved a new parent involvement policy regarding parent volunteer opportunities at all schools. The policy acknowledges the importance of increased parent involvement. Further information regarding the implementation of the policy will be provided by each school. Board Policy 6020 states:

“The Board of Trustees recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement in school and a positive environment. Parent involvement in the education process is fundamental to a healthy system of public education and that family involvement at home and at school in the education of children results in improved pupil achievement. Therefore, the District believes it is every family and guardian's obligation and responsibility to volunteer at least 30 hours per year at the student's school site, of which 10 of those hours should include volunteer time in the student's classroom.”

6.18 Physical Education Requirement

The Education Code requires every student to take physical education unless he/she is legally exempt for health/medical reasons. Instruction in physical education shall be provided for a total period of time, not less than 200 minutes each ten school days for elementary students. Education Codes 51210 (7) and 51223. Middle School students shall attend a total period of time not less than 400 minutes each ten school days. Education Code 51222. Middle School Students are required to dress out for physical education class. Each Middle School will inform their parents of the dress code requirements for Physical Education Class. See section 11.15

6.19 Public Use of School Property

6.20 Restitution for Lost or Destroyed Property

Student grades, diplomas, and transcripts may be withheld from students and parents when a student has damaged, destroyed, or not returned loaned property of the district and restitution has not been made. The records are withheld from the student and parent, but cannot be withheld from a requesting school. Education Codes 48904, 48904.3

6.21 School Resources

If you have questions or concerns about the progress and achievement of your student, it is important that you speak with the teacher. It may be necessary to get additional help; if so follow the steps listed below of persons to contact:

1. Teacher
2. School Counselor
3. Assistant Principal (Middle Schools)
4. Principal

6.22 School Safety/Emergency Preparedness Plans

Each school has a site emergency plan. The plan is standardized to promote coordinated efforts within the school district, flexible to meet the needs of any disaster, and for purposes of assigning and training personnel and students with the school's emergency preparedness plan. The School Safety Plans are reviewed and revised annually and appropriate drills and training are provided to help all personnel become familiar with their responsibilities. Emergency preparedness also includes close cooperation and

planning with police, fire, civic emergency agencies, and the community and school parent groups.

6.23 Section 504

A disabled student eligible for services under Section 504 is one who (a) has a physical or mental impairment that substantially limits one or more major life activities including learning, (b) has a record of such impairment, or (c) is regarded as having such impairment. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. A qualified disabled student, with respect to public preschool, elementary, secondary, or adult educational services, is a disabled person of any age during which non-disabled persons are provided such services, or of any age during which is mandatory under state law to provide such services to disabled persons. Any student may be referred by a parent/guardian, teacher, other certificated school employee, or community agency for consideration as a student with a disability under Section 504. This referral should be made in writing to the principal.

6.24 Student's Safety Before and After School

For the safety of students, parents may drop students off at school no more than 30 minutes before the start of school, unless the student is involved in a regular school activity or community program. Similarly, parents are to arrange to have their student picked up right after school in the designated area on campus unless the student is involved in a regular school activity, sports or community programs or staying at the request of school personnel. It is the school's responsibility to contact the parent when the school wishes to have the student remain after school. If your child is a bus rider, it is the responsibility of the parent to make arrangements to meet the child at the designated bus drop off location at the designated time. In case of emergency, all children should be encouraged to go directly to the school office at any time before or after school. It is unsafe for students to be left at school during unsupervised times. Parents who routinely fail to meet this responsibility will be notified by the school, notified in writing by the Student Services Department, and in the case of repeated occurrences, reported to the appropriate community agency.

6.25 Summer Academic Programs/Extended Learning Opportunities

The district may offer tuition-free summer academic programs for targeted students including: Special Education, English Learners, Foster Youth, homeless students, Displaced Students, Migrant Education, and students considered academically at risk in reading, writing, and math. In addition, Alum Rock offers a variety of summer enrichment programs free of cost to enrolled students. Each school is responsible for contacting the parent/guardian of students interested in participating in the summer academic program.

6.26 Smoke/Tobacco-Free District

The use of tobacco products, tobacco-related products, or vapor emitting electronic devices with or without nicotine content by all persons is prohibited on school district property. This includes school buildings, grounds, school-owned vehicles, and school-sponsored events off campus.

6.27 Special Education

If you need information about Special Education and the referral process, please contact your school's Principal or School Psychologist. For further information, call the Special Education Department at the District Office (408) 928-6950.

6.28 Student Success Team (SST)

The Student Success Team (SST) is a problem-solving and coordinated approach that assists students, families, and teachers to seek positive solutions for maximizing student potential. It provides an opportunity for school staff, parents, community agencies and others important in the life of the student to present their concerns about the student. Through discussion and study, the team plans a positive course of action, assigns responsibilities, and monitors results over a period of time.

The philosophy of the SST process is based on the belief that the school, home, and community need to work together to assist the student with problems that become evident in the school setting. By bringing together these networks of support, successful intervention can occur. These networks of support, both within the school and the home, may serve to provide supportive and preventive measures necessary to serve the student in the general education program.

6.29 Tobacco, Alcohol, and Illicit Drugs

The use of alcohol and other drugs may adversely affect a student's ability to achieve academic success. Alcohol and drugs are physically and emotionally harmful and have serious social and legal consequences. It is the policy of the Alum Rock Union Elementary School District Board of Trustees to keep district schools free of tobacco, vapor emitting electronic devices with or without nicotine content, alcohol and other drugs. The school administrator may suspend a student engaged in these activities for up to five days. In addition, the police may issue a citation that could result in heavy fines or community service.

The service may occur on a regular basis and/or ongoing basis throughout the school year or during a specific period of time such as an athletic season. These services do not necessarily have to be performed on consecutive days. The intent, however, is to use a long-term or seasonal volunteer over an extended period of time. For further information, please contact your child's school. Please contact Human Resources if you have questions regarding the fingerprinting process.

6.31 Volunteer Drivers

The Superintendent or designee may authorize the transportation of students by private vehicle when the vehicle is driven by an adult age 21 or older who possesses a valid California driver's license. All non- ARUSD employee drivers must have district fingerprint clearance on file. All drivers must have an insurance policy with the following minimum coverage: \$100,000 per person, \$300,000 each occurrence for bodily injury, and \$250,000 property damage. Volunteer drivers should know that they are assuming certain responsibilities and possible risks, and they must agree to the requirements detailed on the Private Vehicle Driver Guidelines. Please contact the principal for a copy of the guidelines or more information. (Board Policy 6153)

7.0 STUDENT HEALTH

The Alum Rock Union Elementary School District is served by three full time credentialed School Nurses. Under the Nurse's direction, a School Health Assistant provides the following on a daily basis: first aid care for ill and injured students, assistance with medication administration at each school, and assistance with health screenings.

7.1 Head Lice Prevention

When a student has been identified as having head lice and/or nits (eggs) located close to the scalp, the student's parent is contacted; The School Health Assistant or office staff will provide the parent with information regarding head lice, re-admission requirements, and resources for treatment.

Exposure notices will be sent home with classmates every time there is a new case reported (elementary sites only). It is important that parents check their child's head for head lice as needed. Please notify your school's health office if your child contracts head lice.

The student may return to school the following day if all lice and nits have been removed from the hair. The Health Assistant or office staff will examine the student's head before re-entry into the classroom. If the student returns to school and has live lice, the student will be excluded from school. The student will be given an unexcused absence if he/she does not return to school for inspection after two days from the date of exclusion. If a student exhibits a chronic case of lice infestation, the school administrator may request that the student be seen by their primary care physician for diagnosis and treatment. Staff shall maintain the privacy of students identified as having head lice.

7.2 District Hearing, Dental, Vision Screenings and Wellness Checks

In accordance with California law, Alum Rock Union Elementary School District will provide for hearing, dental, and vision screenings for all students enrolled in its California schools upon initial enrollment and at least every three years thereafter.

STUDENT'S HEALTH SCREENINGS AND GRADE LEVELS	
Vision: Education 49455	Grades TK, K, 2, 5, 8 and all Special Education Students
Color Vision: Education 49455	During Kindergarten or upon first enrollment in a CA School
Hearing: Education 49452	Grades TK, K, 2, 5, 8 and all Special Education Students

All Alum Rock Union Elementary School District students are screened at the grade levels listed above (Education Code 49455, 49452, 49452.5). Students may also be screened if the parent, teacher, or District Nurse suspects a vision or hearing problem. Students referred for Special Education assessments are also screened. Those who fail the initial screening will be retested. Parents will be notified and referred for further follow-up when a problem is identified (Education Code 49456). Parents may submit a written request for exemption from any health screening (Education Code 49451). A parent/guardian may file a statement, signed and in writing, with the school Principal stating that he/she will not consent to a screening or wellness check. The student will then be exempt, but Alum Rock Union School District will inform the parent/guardian if the school suspects a vision, dental, hearing, or emotional wellness problem based on observation of appearance, behavior, or complaints of the student.

An opt-out consent form (reverse consent form) will be sent home to parents or opt-out forms will be made available in the front offices for screenings that are offered for dental and vision (for students in non-mandated grades/not receiving Special Education services). Parents/guardians who do not want their student to participate in these non-mandated screenings can fill out the opt-out consent form and turn it into the school office prior to the screenings.

7.3 Healthier Kids Foundation

Healthier Kids Foundation (HKF) is a nonprofit organization in Santa Clara County focused exclusively on addressing children's health issues. Their mission is to ensure that every child in our community receives the family-centered care needed to improve their overall health and education readiness.

Healthier Kids Foundation engages children and parents in prevention services, health screenings, case management services, and educational workshops throughout Santa Clara County. HKF focuses its programming on prevention and wellness to ensure that

children and their families obtain health coverage; access preventive dental, hearing, and vision services; and develop and implement healthy lifestyle skills.

Healthier Kids Foundation is partnering with Alum Rock School District to:

- Provide health screenings (hearing, dental, vision and wellness check).
- Connect parents to appropriate preventative and intervention health services based on the outcome of their child's screening result and the child's type of insurance as needed.
- Assist parents with enrolling their children into health coverage as needed.
- Provide classes that offer the education and tools to live a healthier lifestyle.

Alum Rock School District shares minimal confidential information with Healthier Kids Foundation such as student names, student numbers, grade level, teacher's name, parent's names, language, and gender in order to assist Healthier Kids Foundation in being able to follow up with families about results and services as needed. A parent/guardian may request that their student not participate in these screenings by providing a request in writing each year to the Student Services Department at the District Office.

7.3.1 Vision Screenings

Healthier Kids Foundation uses a digital photo optic scan camera to screen children for undetected vision issues. If the screening indicates a potential vision issue, a staff member will be assigned to help you. This staff member will walk you through your child's vision screening results in your preferred language and will assist you with using your child's insurance to receive vision care.

7.3.2 Dental Screenings

Healthier Kids Foundation uses licensed dentists to screen children for undetected dental issues and recommended follow-up care. If the screening indicates a dental concern, a staff member will be assigned to help you. This staff member will walk you through your child's dental screening result in your preferred language and will assist you with using your child's insurance to receive appropriate treatment.

7.3.3 Hearing Screenings

Healthier Kids Foundation uses the AuDX Pro OAE screening device to screen children for undetected hearing issues. It is a similar system to the one used to screen your child's hearing at birth. If the screening indicates a potential hearing issue, staff member will be assigned to help you. This staff member will walk you through your child's hearing screening result in your preferred language and will assist you with using your child's insurance to receive care.

7.3.4 Wellness Checks

Completed in partnership with the Social and Emotional Learning department, a Wellness Check is a brief, 15-minute, conversation with a physician where students answer questions about how they've been doing over the previous seven days. The questions focus on students' strengths, emotions, and thoughts. Based on how the student responds, there may be support offered immediately by the school counselor, or within the following days. Parents may be contacted by the school counselor and a Healthier Kids Foundation Parent Advocate who will collaborate with them to identify supportive opportunities and resources for the student and the family. Students who receive help early for challenging emotions and thoughts are better able to attend school, learn and grow.

For more information about Healthier Kids Foundation, please visit hkidsf.org or call 408-564-5114.

7.4 Illness

For the safety and protection of all concerned, we ask you to please observe your child carefully each day before sending them to school. Children showing any of the following symptoms or conditions should be kept at home:

- Common cold, when there is nasal discharge and/or a productive cough
- Temperature of 100.4 degrees F or higher- Student may return to school when they have been without a fever for 24 hours without the use of fever-reducing medication
- Vomiting- Student may return 48 hours after vomiting has stopped or medical provider documents that the student can return to school
- Diarrhea-Student may return 48 hours after diarrhea has stopped or medical provider documents that the student can return to school
- Any skin rash-Student may return when rash is gone or medical provider documents that rash is not contagious

- Sores of any kind, unless they can be covered with a bandage
- Earache or ear drainage
- Severe sore throat
- Suspected contagious condition (i.e., Impetigo, Ringworm, Scabies, Pink Eye, etc.). Student may return to school when condition has resolved or medical provider documents that the student can return to school
- Head lice in the hair (please notify school)

If a student is at school with any of the above symptoms or conditions, the parent/guardian will be called to pick up the student from school. The parent/guardian is responsible for transporting the student home. There will be no transportation provided by the District (school bus) to prevent exposure to other students. Under certain circumstances, you may be asked to consult a physician and to provide a written note from your doctor indicating the diagnosis and when the student may return to school. Additionally, the Santa Clara County Public Health Department has the authority to keep students home from school longer than what the doctor has ordered even when symptoms have been resolved.

7.4.1 Use of Medical Equipment at School

To promote the health and safety of every person on campus, if your child needs to use medical equipment (wheelchair, crutches, knee scooter, etc.) at school, a doctor’s note is required. The doctor’s note should include: the duration of time the student will need to use the equipment, an explanation that the child has been taught how to use it (including using the toilet independently), and provide recommendations if accommodations are needed, such as an excuse from PE, etc. The schools cannot provide medical equipment for your child to use at school. It must be supplied by your medical provider. Please see the guidelines in section 7.10 for medications, if your child needs any pain medication, including over the counter medication.

7.5 Immunizations

Children must have their immunizations up-to-date before they can attend school in California. Parents must present the child’s valid Immunization Record to the school as proof of immunization prior to admission. Valid immunization records are a California yellow card, another state’s immunization card or an official print-out of immunizations. Immunization records from outside the United States must be transcribed by a medical provider. Except for print-out records, the Immunization Record must be dated and stamped by the medical provider next to each immunization given or transcribed. Children who have not completed all

immunizations, but are up-to-date, will be admitted “on condition” that the next and remaining doses are received when due. If the next and remaining doses are not received when due, the child will be excluded.

To enter or transfer into public or private elementary and secondary schools, children under age eighteen must have immunizations as outlined below. Please see the immunization website www.shotsforschool.org created by the California Department of Public Health for more information

Vaccine	K-12 Admission and Transfers	Students going from 6 th to 7 th Grade (non-transfer)
DTaP	<p>5 doses</p> <p>Four doses OK if at least one dose was given on or after the 4th birthday.</p> <p>Three doses OK if at least one dose of Tdap, DTaP, or DTP was given on or after the 7th birthday</p> <p>One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement</p> <p>For 7th-12th graders, at least one dose of Tdap administered on or after the 7th birthday meets the requirement</p>	<p>1 Tdap</p> <ul style="list-style-type: none"> • For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.

Hepatitis B	<p>3 doses</p>	

MMR	2 doses Two doses of measles, two doses of mumps, and one dose of rubella vaccine OK, separately or combined. Only doses administered on or after the 1 st birthday meet the requirement	
Varicella	2 doses	2 doses

7.6 TB Requirement

Effective June 1, 2014, students are no longer required to have mandatory TB testing, but must undergo a TB risk assessment prior to entering transitional kindergarten or upon transfer, at any grade level, to Santa Clara County schools. TB Risk Assessments must include evaluation by a health provider and be completed on the Santa Clara County Public Health Department TB Risk Assessment for School Entry form (revised form 3-18-2019). TB risk assessment and test results (if indicated) must be submitted prior to school entry; documented TB screening and tests performed in the United States up to twelve months prior to registration for school are considered valid.

Students who have a positive risk assessment should have a TB test. All children with a positive TB test should undergo medical evaluation, including a chest x-ray. If the x-ray is normal and the child has no TB symptoms, the child may start school with physician approval. If the child has an abnormal chest x-ray, the child must undergo further evaluation and cannot enter school unless treatment has been initiated.

7.7 Physical Examinations

It is recommended that all children have a physical examination within eighteen months before entering the first grade. Annual physical examinations play a critical role in maintaining overall health and optimizing school performance. These exams provide an opportunity for healthcare providers to identify and address any potential health issues early on, which can prevent more serious problems from developing. Early detection and management of conditions such as vision or hearing impairments, chronic illnesses, or mental health concerns can significantly improve a student's quality of life and their ability to focus and perform well in school.

7.8 Dental Screenings

California law, *Education Code* Section 49452.8 requires that your child have an oral health assessment (dental check-up) by May 31 in Kindergarten or first grade, whichever is his or her first year in public school. Assessments that have happened within twelve months before your child enters school also meet this requirement. The law specifies that the assessment must be done by a licensed or registered dental health professional. For more information, please contact the Health Assistant at your child's school.

7.9 Diabetes

Pursuant to California Education Code 4952.7, local educational agencies must provide Diabetes Type 2 information to parents and guardians of incoming seventh grade students beginning July 1, 2010. To meet this requirement, a Diabetes Type 2 information sheet is available in appendix A.

Pursuant to California Education Code Section 49452.6, this type 1 diabetes information is for local educational agencies to provide to parents and guardians of incoming elementary school students beginning January 1, 2023.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided is intended to raise awareness about this disease.

Type 1 diabetes usually develops in children and young adults but can occur at any age. According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively. The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production. As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood into the cells. In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise. Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia. Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a

life-threatening complication of diabetes.

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child’s primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

Diabetic Ketoacidosis (DKA) is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

TYPES OF DIABETES SCREENING TESTS THAT ARE AVAILABLE:

Glycated hemoglobin (A1C) test	Random (non-fasting) blood sugar test.	Fasting blood sugar test	Oral glucose tolerance test
A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.	A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.	A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.	A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child’s health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student’s school nurse, school administrator, or health care provider if you have questions.

7.10 Assistance with Medication at School

Any student who is required to take medication during the school day may be assisted by designated school personnel if the school receives a completed “Authorization to Take Medication in School Form” signed by a California licensed health care provider and the student’s parent or guardian (Education Code 49423). Upon written parent’s authorization and health care provider approval, a student may be allowed to carry and self-administer epinephrine prescription auto-injectable epinephrine (Epi-Pen) or prescription

inhalers. The “Authorization to Take Medication in School Form” can be obtained from the school health office or on the district website. No medications, including herbal remedies or other over-the-counter drugs will be stored or dispensed at school without written authorization from the health care provider and parent. 7.11 Student Wellness Policy

The Board shall adopt goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the district determines appropriate. The district’s nutrition education and physical education programs shall be based on research, consistent with the expectations established in the state’s curriculum frameworks to include a planned sequential curricula and instruction that helps develop the knowledge, skills, and confidence necessary to maintain a healthy lifestyle.

All students in grades K-8 shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, school athletic programs, extracurricular programs, before-and after-school programs, and other structured and unstructured activities.

The Board prohibits the marketing and advertising of non-nutritious foods and beverages through signage, vending machine fronts, logos, scoreboards, advertisements in school publications, coupons, or incentive programs. The Board recognizes the significance of contributions made from local donors, (i.e. school supplies) and encourages organizations to make donations that promote wellness and support the district’s goals.

The Superintendent or designee encourages school staff to avoid the use of non-nutritious foods as a reward for students’ academic performance, accomplishments, or classroom behavior. School staff is encouraged to use the district’s food service department to provide healthy class party/celebration options. Foods that do not meet the nutrition requirements (Smart Snacks) may not be offered on school or district grounds from midnight to one hour after the end of the school day.

7.12 Meal Application- Applications will not be required for the school year 2024-2025

ARUSD continues to participate in an alternate meal claiming program Community Eligibility Program (CEP) where all students will receive meals at “no cost” regardless of income. Meals and food items are intended for enrolled students only.

Please note: The Child Nutrition Services Department cannot generate a letter stating students qualify for “free lunch program”, unless meal applications are collected from parents/guardians for the 2024-2025 school year. Should you have any questions please call 408-928-6903.

7.12.1 Field Trip Lunches

Schools are required to send home the “Request for Bag Lunch Form” to all students participating in a field trip. Each student is to accept or deny a bag lunch. Schools are not allowed to tell a student to bring lunch from home. The Child Nutrition Department is mandated to provide meals to all needy students.

7.12.2 Food Allergies/Medical Special Meals Request Form

If your child has food allergies or special dietary needs, you will be required to have your child’s physician complete the Medical Statement to Request Special Meals and/or Accommodations form. The completed form must be returned to your child’s school. The cafeteria will modify your child’s breakfast, lunch and/or supper to provide food options specific to your child’s needs, when possible. If the cafeteria cannot meet your child’s dietary needs, you will need to send a meal from home. A copy of this is located at the end of this booklet and is available in English.

8.0 STUDENT ATTENDANCE

8.1 Attendance Regulations

Attendance and participation in class are essential if a student is to gain the maximum benefits from his/her educational program. Parents are required to call the school office when their child is absent.

Parents or guardians have five school days to verify the reason for their child's absence. If verification has not been received within this five-day period, the absence will be considered unexcused and cannot be changed, therefore, the child is at risk of becoming truant.

The regular and punctual school attendance of students is expected, encouraged, and as necessary, enforced. School attendance is an area of mutual cooperation between the school, the parents, and the student so that the whereabouts of each student will be known at all times during the school day.

The California Education Code requires student attendance as follows: *Ages 6 through 18*: Must attend school full time. If your child is absent excessively or truant from school, you will receive a letter with the following information:

Unexcused Absences and Tardiness:

This is to notify you that your child has been excessively absent or truant from school:

- 7.3.1.1 Education Code Section 48260 – Any pupil subject to full time education who is absent from school without valid excuse on three, or more than three, school days or is tardy in excess of 30 minutes in a school day on three or more occasions in one school year, is truant and shall be reported to the attendance supervisor of the superintendent of the school district.
- 7.3.1.2 Education Code 48260.5 – (A) Upon a pupil's initial classification as a truant, the school district shall notify the pupil's parent/guardian by first-class mail or other reasonable means, of the following: (1) That the pupil is truant. (2) That the parent/guardian is obligated to compel the attendance of the pupil to school... (3) That parents/guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chap. 2 of Part 27. (4) The parent has the right to meet with appropriate school personnel to discuss solutions. (5) The pupil may be subject to prosecution under the Education Code, Section 48264 (6) It is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.
- 7.3.1.3 Education Code Section 48261 – Any pupil who has been reported as a truant and who is again absent from school without a valid excuse one or more days or tardy on one or more days, shall again be reported as a truant to the attendance supervisor or the superintendent of the district.

Students absent from school for some of the following reasons: illness, quarantine, medical, religious, court appearances, shall be allowed to complete all assignments/tests missed during the absence period. Students shall receive full credit upon satisfactory completion of all assignments/tests, within a reasonable time period. Education Code 48205

Verification of student absences is accepted only from parents or guardians, either by note or by telephone. The Principal or designee will require a note from the physician if your child is absent more than three consecutive days.

If a student is absent more than 10% (eighteen days) of the school calendar, it is considered excessive. At that time a Doctor's note verifying face-to-face consultations or verification of illness by school personnel (e.g. nurse, health assistant) will be required for any whole day (s) and/or single period absences. Each case will be considered individually and parents will be notified by letter, phone call, or conference. Absences which are not verified within five days are considered unexcused and could lead to truancy proceedings.

8.2 Closed Campus

It is the policy of the Board of Trustees that all school campuses are closed campuses for all students. Students are to remain at school until dismissal or a parent/guardian signs the student out of school during normal school hours.

8.3 Tardy Policy

Each school has written rules regarding student truancy. These rules are supported by district policy. Concerns regarding a school's tardy procedure may be addressed to the Principal.

Homework is assigned to meet students' needs appropriate to grade level, subject area and ability. Class time shall be used for learning activities which emphasize pupil-teacher interaction. Homework shall be an activity which students can do independently.

Teacher responsibilities:

1. To reinforce and extend class work.
2. To assign homework students can complete successfully.
3. To extend reading, writing, and thinking experiences in English/Language Arts, Social Science, Science, and Mathematics through homework.
4. To review homework with students, and to provide prompt and informative feedback on completed assignments, including re-teaching as needed.
5. To include the opportunity for students to explore selected topics in-depth as long-range projects. Assignments shall increase in sophistication, length, and degree of difficulty from lower to upper grade levels, and shall include periodic progress checks.

Parent responsibilities:

1. To provide a space at home for student to complete his/her homework.

3. To assure student has completed all his/her homework.
4. To ensure student has all school materials and homework for school.
5. To follow-up with teachers if student is having difficulty completing homework.

9.3 Homework Tips for Parents

The most effective homework programs are collaborative efforts that include the teacher, student, and parent. Parents support the homework effort by being a consultant to the students in the following ways:

- Be concerned-show by your interest that homework is important.
- Check and sign your child's homework log or agenda as needed.
- Make it clear to your child that homework is his/her personal responsibility, but that you are available to assist and/or seek assistance from the school.
- Decide with your child on a daily study time that is flexible and compatible with the family's schedule.
- Together, select a well-lighted and relatively quiet place where your child can study without interruptions. (NOTE: The public library is a good alternative.)
- Spend a few minutes discussing and/or checking the homework assignments.
- When your child asks for help, make sure you both understand the assignment. Sometimes a little brainstorming and encouragement may be all that is needed to get past a stumbling block.
- If your child has a long-range project, discuss your child's plan for completing the assignment and avoiding a last minute rush. Develop a timeline.
- Should you have any questions about a homework assignment or expectations, contact your child's teacher for clarification.
- Read aloud to your child or read with your child whenever possible. A brother, sister or neighbor might assist. After reading, take some time to discuss what was read, sharing opinions and feelings
- Praise and support your child's homework efforts.

9.4 Homework Centers

Most schools have after-school academic learning centers for students to receive help with their homework assignments. Please check with your child's school for further details.

9.5 Make-up Work

A student has the right to make-up work for an excused or warranted absence. Work must be completed within a reasonable time frame as allotted by the individual teacher. A student should check with the teacher immediately following the absence to receive missed assignments. If a student is suspended, work may be made up at the teacher's discretion. Education Code 48205 (b), 48913

9.6 Available Language Acquisition Programs and Reclassification Criteria

Annual Parent Notification

Available Language Programs and Language Acquisition Programs Reclassification Criteria

To ARUSD Parents and Guardians,

Each year, Alum Rock Union Elementary School District is required to assess all English Language Learners and notify parents of their child's proficiency level in English. We must inform parents of the language acquisition program options available. From these options, parents may choose the one that best suits their child (California Education Code (EC) Section 310). This letter also contains the criteria for a student to exit the English Learner (EL) status (20 United States Code [U.S.C.] Section 6312[e][3][A][i],[v]).

Choosing a Language Acquisition Program

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii],[v]); EC Section 306[c]).

Language Acquisition Programs Offered

We are required to offer, at minimum, a **Structured English Immersion (SEI)** program option (EC Section 305[a][2]). We also offer the following language acquisition programs:

- **Structured English Immersion (SEI):** A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with a curriculum and a presentation designed for students who are learning English. At a minimum, students are offered Designated ELD and provided access to grade-level academic subject matter content with Integrated ELD.
- **Dual-Language Immersion (DLI) Program:** A language acquisition program also referred to as **Two-Way Immersion** that provides language learning and academic instruction for native speakers of English and native speakers of another language with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. Parents or guardians may choose a language acquisition program that best suits their child. Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][viii][III]); EC Section 310[a]).

Parents or guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (EC Section 52062). If you are interested in a different program from those listed above, please contact *Academic Services at 408-928-6599* to ask about the process.

Although schools have an obligation to serve all EL students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]).

Exit (Reclassification) Criteria
(20 U.S.C. Section 6312[e][3][A][vi])

The goal of language acquisition programs is for students to become proficient in English as rapidly as possible and to meet state academic achievement measures. The *Alum Rock Union Elementary School District's* exit (reclassification) criteria are listed below.

When an English learner demonstrates that they have reached a level of proficiency in English that is comparable to that of an average native English speaker and can participate equally with native speakers in the school's regular instructional program, they will be reclassified as Fluent English Proficient (FEP). The district's criteria and process for making this determination is explained below, students must meet all four criteria.

Area	Data Gathered	Reclassification Criteria			
Criteria 1: English Language Proficiency	English Language Proficiency Assessments of California (ELPAC)	Overall Level 4			
	Alternate ELPAC	Overall Level 3			
Criteria 2: Teacher Evaluation	Teacher's Recommendation	After having reviewed the data and received an appropriate explanation of the reclassification criteria and process, the teacher may agree or disagree to have the student reclassified.			
Criteria 3: Parent Consultation	Description and results of consultation with parent	After having reviewed the data and received an appropriate explanation of the reclassification criteria and process, the parent/legal guardian may agree or disagree to have the child reclassified.

* IEP Team	Individualized Education Program (IEP) Team Agreed Upon Assessment *Students with IEPs	Assessment data from a reliable and valid measure to compare basic skills of ELs with disabilities to native English speakers with similar disability*			

*Students with disabilities, including severe cognitive disabilities, are to be provided the same opportunities to be reclassified as students without disabilities. Local IEP teams, therefore, may determine appropriate measures of English

Language Proficiency and performance on basic skills and minimum levels of proficiency on these measures that would be equivalent to an English-proficient peer with similar disabilities, in accordance with ARUSD's reclassification policies based on the state definition of English Language Proficiency.

** The reclassification criteria will be updated in September, 2024 due to changes in our current local assessment.

9.6.1 CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP) OVERVIEW

Statewide Testing Notification

Every year, California students take several statewide tests. When combined with other measures such as grades, class work, and teacher observations, these tests give families and teachers a more complete picture of their child's learning. You can use the results to identify where your child is doing well and where they might need more support.

Your child may be taking one or more of the following California Assessment of Student Performance and Progress (CAASPP), English Language Proficiency Assessments for California (ELPAC), and Physical Fitness Test assessments. Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments. This exemption does not exist for the ELPAC or Physical Fitness Test.

CAASPP: Smarter Balanced Assessments for English Language Arts/Literacy (ELA) and Math

Who takes these tests? Students in grades 3–8 and grade 11.

What is the test format? The Smarter Balanced assessments are computer-based.

Which standards are tested? The California Common Core State Standards.

CAASPP: California Alternate Assessments (CAAs) for ELA and Math

Who takes these tests? Students in grades 3–8 and grade 11 whose individualized education program (IEP) identifies the use of alternate assessments.

What is the test format? The CAAs for ELA and math are computer-based tests that are administered one-on-one by a test examiner who is familiar with the student.

Which standards are tested? The California Common Core State Standards through the Core Content Connectors.

CAASPP: California Science Test (CAST)

Who takes the test? Students take the CAST in grades 5 and 8 and once in high school, either in grade 10, 11, or 12.

What is the test format? The CAST is computer-based.

Which standards are tested? The California Next Generation Science Standards (CA NGSS).

CAASPP: California Alternate Assessment (CAA) for Science

Who takes the test? Students whose IEP identifies the use of an alternate assessment take the CAA for Science in grades 5 and 8 and once in high school, either in grade 10, 11, or 12.

What is the test format? The CAA for Science is a series of four performance tasks that can be administered throughout the year

as the content is taught.

Which standards are tested? Alternate achievement standards derived from the CA NGSS.

CAASPP: California Spanish Assessment (CSA)

Who takes the test? The CSA is an optional test for students in grades 3–12 that tests their Spanish reading, listening, and writing mechanics.

What is the test format? The CSA is computer-based.

Which standards are tested? The California Common Core State Standards en Español.

ELPAC

Who takes the test? Students who have a home language survey that lists a language other than English will take the Initial test, which identifies students as an English learner student or as initially fluent in English. Students who are classified as English learner students will take the Summative ELPAC every year until they are reclassified as proficient in English.

What is the test format? Both the Initial and Summative ELPAC are computer-based.

Which standards are tested? The 2012 California English Language Development Standards.

State and federal laws require all school districts in California to give a state test of English proficiency to students whose primary language is not English. A student's primary language is identified on a home language survey, which is completed by the parents or guardians upon registering their child in a California public school for the first time. In California, the name of the state test is the English Language Proficiency Assessments for California (ELPAC). The results of the ELPAC help to measure how each student is progressing toward proficiency in English in the areas of listening, speaking, reading, and writing. English Learners cannot be excused from taking the English Language Proficiency Assessments of California (ELPAC).

The U.S. Department of Education requires that all English learners with disabilities participate in the state ELP assessment. Federal law requires that all English learners with disabilities participate in the state ELP assessment in the following ways, as determined by the IEP team:

- In the regular state ELP assessment without accommodations
- In the regular state ELP assessment with accommodations determined by the IEP team
- In an alternate assessment aligned with the state ELP standards, if the IEP team determines that the student cannot participate in the regular ELP assessment with or without accommodations

Alternate ELPAC

Who takes the test? Students whose IEP identifies the use of an alternate assessment and who have a home language survey that lists a language other than English will take the Alternate Initial ELPAC, which identifies students as an English learner student or as initially fluent in English. Students who are classified as English learner students will take the Alternate Summative ELPAC every year until they are reclassified as proficient in English.

What is the test format? Both the Alternate Initial and Alternate Summative ELPAC are computer-based.

Which standards are tested? Alternate achievement standards derived from the 2012 California English Language Development Standards.

Physical Fitness Test

Who takes the test? Students in grades 5, 7, and 9 will take the FITNESSGRAM®, which is the test used in California.

What is the test format? The test consists of five performance components: aerobic capacity, abdominal strength, trunk strength, upper body strength, and flexibility.

Which standards are tested? The Healthy Fitness Zones, which are established through the Fitnessgram®.

Board Policy Overview

Nondiscrimination/Harassment

BP 5145.3

Students

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation

complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the

requirements of law related to discrimination. Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Alum Rock Union ESD

Board Policy Overview

Parent Involvement

BP 6020
Instruction

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Access to Communication Services

Parent engagement within the school must be meaningful and effective to positively impact student achievement. Communication among parents, teachers, and administration is a critical component in the understanding and supporting the reciprocal needs and expectations of the classroom and a student's family. To open channels of communication and strengthen school/teacher/family relationships, the district invites parents and guardians to Back to School Nights annually and Parent-Teacher Conferences (1-2 times a year). Communication between the school/teacher/family is critical to the academic success of all students. In an effort to increase parent involvement the Alum Rock School District will offer translation and interpretation services to those families where a language barrier that impedes parent engagement exists. Awareness for obtaining communication services shall be uniform across all schools in the Alum Rock School District. Protocols and procedures will be distributed to all schools and available on the website.

District Administration shall communicate translation/interpretation services available to our families on a yearly basis. They will also identify the adequate resources, training and standard protocols necessary to meet the demographic needs of the district community.

Parent involvement in the education process is fundamental to a healthy system of public education and that family involvement at home and at school in the education of children results in improved pupil achievement.

Therefore, the district believes it is every family and guardian's obligation and responsibility to volunteer at least 30 hours per year at the student's school site, of which 10 of those hours should include volunteer time to the student's classroom.

Administration shall prepare an Administrative Regulation implementing this policy which shall include that each school site shall provide a copy of the above policy to each family or guardian of each district student no

later than the tenth (10th) school day of each school year, with appropriate space for the signature of each parent or guardian to sign and acknowledge receipt of this policy, and direction to return the signed copy to the student's classroom teacher. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

Title I Schools

Each year the Superintendent or designee shall identify specific objectives of the district's parent involvement program for schools that receive Title I funding. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program. (Education Code 11503)

The Superintendent or designee shall ensure that the district's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 USC 6318. (20 USC 6318)

The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develop a school-level parent involvement policy in accordance with 20 USC 6318.

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts

- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's district nurse, school administrator, or health care provider if you have questions.

- The selection and use of the least hazardous methods and materials effective for the control of targeted pests and weeds will be implemented.
- Application of pesticides will only be used "as needed" to correct verified problems
- All parents and staff will be notified annually in writing of the anticipated pesticide/herbicide products and applications to be regularly used throughout the school year.
- Warning signs will be posted at all entrances to the school property twenty-four hours prior to regular pesticide/herbicide applications and will remain posted for seventy-two hours after the application.
- Active ingredients of all pesticides used by the School District and/or copies of AB 2260 may be obtained by written request to Ed Villarreal Jr., Director of Maintenance, Operations & Transportation, 2930 Gay Avenue, San Jose, CA 95127 or by contacting the California Department of Pesticide Regulation website, www.cdpr.ca.gov
