DAVID CANTU (SECONDARY PRINCIPAL):

Students, Faculty, Staff, Parents, and Members of our Community,

The school year has started with the sights and sounds of football, band, volleyball, cheer and cross country. I hope that you are submitting your assignments, asking for help and for those that need a little assistance please attend your teacher's tutorials.

Remember that **ATTENDANCE** is a critical part of every student's academic success. Unless a student is ill, students should attend school every day. It is difficult to replace the daily learning activities that take place on any given school day with make-up work.

Regular attendance and punctuality are important and good habits that help every student succeed in the classroom. We ask parents to help encourage their children to attend school on a daily basis and to enter their classroom in a timely manner.

Research shows that students with parents/guardians who are involved in their education have higher achievement. Feel free to call your child's teacher for ways to help reinforce the skills being learned in the classroom.

On behalf of our Faculty and Staff, we would like to thank our students, parents and our community for the much needed support. There will be more events and student activities to come and we hope that you can join us.

Go! AD!

Students can visit and get help from **Mr. Ramos** for:

- College Applications
- SAT/ACT Registration
- TSI
- Financial Aid
- Military
- Resume/Interviews
- Post Secondary Plans

September is Suicide Prevention Month — a time to raise awareness of this urgently important crisis. We use this month to shift public perception, spread hope and share vital information to people affected by suicide. Our goal is ensuring that individuals, friends and families have access to the resources they need to discuss suicide prevention and to seek help.
