...IN YOUR CHILDREN

VOTE ON THE REFERENDUM!

WHAT WILL IT COST?

The total Referendum cost is approximately \$8.6 million. It is anticipated that the project will be funded with state debt service aid (approved for up to 40% on eligible project costs), which would result in a zero tax impact for the residents.

WHY NOW?

The Referendum addresses the District's critical needs and upgrades to aging infrastructure. A passing vote this year ensures the District can take advantage of Debt Service Aid funding and allows the District to bundle projects together to leverage economies of scale.

OPPORTUNITIES TO LEARN MORE
