Kids Club

Nursing – support student needs across all sites and on field trips. Medications and student intervention. Support with certification.

Nutrition Services – healthy meals including catered breakfast, lunch and snack program. Summer includes an occasional ice cream treat for snack.

Transportation – field trip drivers! One of our most popular activities is made possible by our bus drivers!

Custodians – Exceptional at supporting the needs of summer cleaning and projects while helping with activities like our all program carnival, water days with hoses and water slides, and so much more!

In the bottom right corner, there are two overlapping circles: a light beige one and a red one.

The JOY of a good book!
