

September 9, 2024

Dear Families, Students, and Members of the Dansville Central School District Community,

What does the future of our district hold? What are our core values that drive who we are and how we do things? We invite everyone to help answer these questions as we plan forward.

We are excited to announce the launch of our new strategic planning process, a pivotal initiative that will shape the future of our district. As we begin this journey, we want to emphasize the importance of your involvement. As we move Dansville forward, we are committed to stakeholder engagement and collective ownership of the future of our schools.

The updated Strategic Plan will aim to create a roadmap that not only reflects the aspects of our school that are already working well but also addresses areas in which we can make improvements. We are committed to considering your perspectives and opinions on the direction we should take.

We genuinely value your input in making our updated Strategic Plan the best it can be. We encourage you to share your insights on what we are excelling at and where there's room for growth. Additionally, we are eager to hear your thoughts on what we should prioritize for the future.

To participate and share your valuable feedback, use your SmartPhone to capture the QR code below OR follow this link: <https://my.thoughtexchange.com/scroll/506270916/survey>.

This survey platform allows participants to share thoughts you have anonymously. Participants can submit as many thoughts as they would like. You can also view and rate the feedback and thoughts provided by other community members. We encourage an open and ongoing dialogue, so feel free to revisit the platform often and keep the conversation alive.

Your feedback will be instrumental in guiding our future plans, so we urge you to make your voice heard. The survey will remain accessible until Friday, October 11<sup>th</sup>.

Thank you for your engagement and support as we work together to shape the future of Dansville Central Schools!

Sincerely,

Kelly M. Zimmerman,  
Superintendent of Schools
