

# ENRICHMENT GRANTS

## WHAT DO WE FUND?

Enrichment grants are for programs, projects, or materials that enhance the learning environment and experience of students and address specific, currently unmet needs. They tend to directly impact students; however, certain trainings that will indirectly impact students will be considered as well. We do not cover costs associated with travel, lodging, or food-related expenses.

### Past PTO-Funded Projects\*:

- Subscriptions to supplemental programming and academic support
- Coding robots for K-3 STEM lessons
- Flexible seating, lap desks, chair pockets, wobble chairs and cushions, whiteboard tables.
- Multi-grade level teacher training in the area of executive functioning, and language development
- Partial funding for the Media Lounge
- Virtual field trips, guest speakers, and on-site enrichment

*\*Funding is competitive and changes annually. Past project funding does not guarantee future funding. Staff must re-apply each year for annual consideration.*
