COURSE DESCRIPTION

United States History Honors is an advanced-sequenced course that provides students with an exploration of the issues, events, personalities, and concepts that have shaped our nation from the Revolutionary Era to the modern era. The curriculum is based on key essential questions which require students to think critically, analyze and synthesize information, and make connections across time periods while investigating issues from multiple perspectives. Recurring themes that serve as the foundation of study include the continuous development and refinement of democratic governance and cultural values, the quest for equality, economic and technological change, effective citizenship, and the changing role of the United States on the world stage. As students explore the larger concepts and themes of United States history, they will continue to develop and apply the intellectual skills of social studies including critical reading and document analysis, with an increased emphasis on research and writing.
