

Absence Procedures

Refer to your contract for more information about leave time. Improper use of leave time may result in discipline.

Types of Leave

Sick

You are feeling ill and not able to work, you have a doctor's appointment, you are caring for a sick family member, you have had a surgery, etc.

Personal

You have business that cannot occur outside of business hours. Personal leave **may not** be used for recreation or vacation. Personal leave **may not** extend a break or holiday period.

Vacation

You may use this whenever you are absent from work (does not require a specified reason or have restrictions). Vacation is only available to 12-month staff.

Floating Holiday

CSEA staff **only**. You may use this similar to a vacation day. It may not be used on an instructional day.

Dock Days

Must be requested from the Superintendent in writing. You are responsible for 100% of the cost of your insurance (your regular deduction and the District share) while out.*

*This does not apply if the leave is an FMLA leave

Leave Request Process

1

As soon as you know that you will need a day off, let your supervisor know.

2

If you are unable to complete the leave request form at that moment (for example: if you are calling in sick), it is okay to complete it upon your return to work. If your absence is planned in advance, complete and submit the form prior to your absence.

3

Submit the leave request to your building or department secretary to be passed on to the appropriate administrator.

4

Review your next paystub to verify that your attendance balances have been reduced appropriately.

5

If you need to make any changes to your request and it has already been processed, submit a leave request change form to your building or department secretary. The change will be processed after administrator approval is received.
