Chromebook has been issued to each student, and they will keep it for the entire 2024-2025 school year.

Families may elect to purchase insurance on their own, and many families may already have insurance for the Chromebook. For example, homeowners insurance may cover the cost of the Chromebook in the event of a home burglary.

For families desiring a more explicit device insurance solution, Buckeye Valley Local Schools has partnered with Safeware, which offers coverage against theft and accidental damage for \$27.00 per year.

Be aware that Safeware only covers insurance for the Chromebook currently assigned to your child. If your child is assigned a new Chromebook for any reason, you must notify Safeware of the change to ensure continued coverage on the new device. For more information about Safeware's program for Buckeye Valley families, view the Flyer and District ID [HERE](#). **Please note that the enrollment period for the 2024-25 school year is only open until September 13, 2024.**
