Exam Exemption Pilot 2024-2025 School Year

Eligibility for exam exemption is counted from September 11, 2024. Final rulings on exemptions are the purview of the building principal/designee. To be eligible under this procedure, students must have no more than a combined total of five (5) tardies to school and early dismissals from school. In addition, students must have no out of school suspensions (OSS). Students who meet these criteria must then satisfy one of the following:

1. The student has an A in the course with no more than three (3) excused absences.
2. The student has a B in the course with no more than two (2) excused absences.

In any case, students may choose to sit for exams, and the system recognizes that familiarity with cumulative assessments is essential to college level academic work; a student who elects to sit for an exam will be held harmless academically, and the exam grade will not lower the student's grade that qualified for the exemption.

Students and their families are counseled that students should remain home when sick.
