Delegated to (for Field Trips): _____

Back-Up Plan (if delegatee not available): _____

Plan for teaching self-administration (if applicable): _____

Plan for monitoring medication, if needed: _____

School Nurse Signature: _____ Date: _____

Parent Signature: _____ Date: _____

Medication Policy

In compliance with Massachusetts General Law and for the safety of our students, this medication policy has been written and will be strictly enforced.

- I. The policy for administration of medications, whether prescribed or over-the-counter, during school hours, is as follows:
 - A. Medication must be accompanied by a MEDICATION PERMISSION FORM (on reverse) signed by both the physician and parent/guardian. A signed physician's order, stipulating specific diagnosis requiring treatment, accompanied by a MEDICATION PERMISSION FORM signed by parent/guardian, will also be accepted.
 - B. Medication must be supplied by the parent in the original pharmacy container. (Please ask your pharmacist to provide a second container and send only the amount of medication needed to school.) The medication must be brought into school by an adult.
 - C. Medication is kept locked in the nurse's office and is dispensed by the School Nurse. For their own safety and the safety of other students, students are not allowed to carry medication around during school. When a physician deems it necessary for a student to have immediate access to medication (e.g., inhaler, Epi-Pen), the parent/guardian will provide documentation from the physician stipulating such necessity and confirmation that the student has been advised of cautions and proper use of medication in school.
 - D. All medication orders must be for treatment of a specifically diagnosed medical need and must be renewed at the beginning of each school year.
