

JA in a Day!

PURPOSE: Junior Achievement's purpose is to inspire and prepare young people to succeed in a global economy.

Junior Achievement's proven lessons in financial literacy, work and career readiness, and entrepreneurship are shown to positively impact the lives of young people. These lessons align with national and state educational standards and are delivered to millions of students across the country with the help of our education partners and volunteers from the local community.

JA in a Day is a high impact way to deliver JA's lessons for a particular grade level all on the same day. Some schools choose to have every grade receive JA programming on the same day. "JA in a Day" is a unique opportunity as it offers volunteers a great opportunity to get involved with Junior Achievement without juggling schedule conflicts or long-term commitments (Junior Achievement, 2024).

Junior Achievement (2024, August 28). Junior Achievement in a day.

Hillview Elementary School will be hosting their first annual “JA in a Day” on September 25, 2024. All students in grades kindergarten through grade 5 will be participating in this curriculum to gain exposure to real-world applications of their learning. Each grade level has a different focus that is developmentally appropriate for their age. Community partners have stepped up to make this day an engaging and informative event. If you would like more information, please contact Dr. Tammi Martin (tammi.martin@gcasdk12.org).
