COURSE DESCRIPTION

The AP 2-D Art and Design Course corresponds to the equivalent of a one-semester, introductory college course in 2-D Art and Design respectively. Students create a portfolio of work to demonstrate inquiry through art and design and development of materials, processes, and ideas over the course of a year. Portfolios include works of art and design, process documentation, and written information about the work presented. In May, students submit portfolios for evaluation based on specific criteria, which include skillful synthesis of materials, processes, and ideas and sustained investigation through practice, experimentation, and revision, guided by questions. Students may choose to submit any or all of the AP Portfolio Exams. A digital camera or camera phone/device are required. Limited school cameras are available for loan. This course requires a lab fee.
