Approval of 2024-2025 Final
Service Request Form and Contract
(Buyer with MORIC)
June 12, 2024

MEMORANDUM

To: Cooperative Board

From: Patricia N. Kilburn, Ed. D. 
District Superintendent and CEO

Date: May 24, 2024

Subject: Approval of Oneida BOCES Contractee (Buyer) with MORIC 2024-2025 Final Service Request Form and Contract

Prepared by: Scott Morris 

Background:

Each year Oneida-Herkimer-Madison BOCES enters into contracts with Mohawk Regional Information Center. These contracts are legal documents that bind BOCES to services requested.

Discussion:

Contracts for services for the 2024-2025 school year are based on requests that were submitted to BOCES by component school districts and other BOCES. The contracts reflect the range of services provided by our BOCES such as Communication & Productivity, Instructional and Management Services. All contracts are signed by the President or Clerk of both Boards of Education. All adjustments in service throughout the year are additional adjustments to the original contract.

Recommendation:

It is recommended that the Cooperative Board enter into the following contract(s) to assure payment for services:

OHM BOCES Contractee (Buyer) With Other BOCES

Brookfield CSD	\$ 158,383.18	Final Services Request for all
Oriskany CSD	385,645.11	MORIC services for 2024-2025
Westmoreland CSD	432,882.48	
Clinton CSD	560,088.27	

New Hartford CSD	1,015,255.76
Whitesboro CSD	1,268,007.36
Holland Patent CSD	1,463,908.03
Utica CSD	8,769,057.37

The contract provides the revenue necessary to pay for salaries, equipment, supplies and contractual obligations of programs at BOCES.

Resolution:

That the Cooperative Board approve the contract(s) between Brookfield CSD, Clinton CSD, New Hartford CSD, Oriskany CSD, Utica CSD, Westmoreland CSD and Whitesboro CSD and Holland Patent CSD and Mohawk Regional Information Center for the 2024-2025 school year.

BOCES certifies that it uses student personally identifiable information from education records only for the purpose for which it is provided, and that it abides by FERPA's limits on disclosure and re-disclosure of personally identifiable information.

BOCES has been duly authorized to provide the approved Services listed below, including district requested Continuing Education Services in E.S.O.L., Literacy, Vocational, Avocational, and Employer Specific Training, and has been authorized to enter into agreements with WESTMORELAND CSD by sections 1950-51 of the Education Law.

BOCES affirms that it uses student personally identifiable information from education records only for the purpose for which it is provided, and that it abides by FERPA's limits on disclosure and re-disclosure of personally identifiable information.

BOCES Services Request Form and Contract 2024-2025
Fiscal Year: 2024-25

This Cooperative Educational Services Agreement (CoSer) is entered into by Madison-Onondaga BOCES ("BOCES") and WHITESBORO CSD effective July 1, 2024.

BOCES has been duly authorized to provide the approved Services listed below, including district requested Continuing Education Services in E.S.O.L., Literacy, Vocational, Avocational, and Employer Specific Training, and has been authorized to enter into agreements with WHITESBORO CSD by sections 1950-51 of the Education Law.

WHITESBORO CSD agrees that the Service unit cost methodologies used to calculate costs for each Service and a three year average cost formula to allocate costs for Career-Technical Education ("CTE") have been reviewed and approved by the Superintendent and the Board of Education.

WHITESBORO CSD certifies that it provides all affected students or their families an Annual FERPA Notice that identifies BOCES, including its Mohawk Regional Information Center ("MORIC"), as a school official for purposes of access to education records maintained by WHITESBORO CSD in which BOCES has a legitimate educational interest, and that WHITESBORO CSD notifies students or their families that WHITESBORO CSD releases education records to other schools in which the student is enrolled or seeks to be enrolled without prior express consent. BOCES certifies that it uses student personally identifiable information from education records only for the purpose for which it is provided, and that it abides by FERPA's limits on disclosure and re-disclosure of personally identifiable information.

NOW THEREFORE, BOCES agrees to provide to WHITESBORO CSD the following Services during the 2024-25 school year at the indicated cost:

BOCES has been duly authorized to provide the approved Services listed below, including district requested Continuing Education Services in E.S.O.L., Literacy, Vocational, Advocational, and Employer Specific Training, and has been authorized to enter into agreements with HOLLAND-PATENT CSD by sections 1950-51 of the Education Law.

Herkimer-Oneida BOCES Lease Agreement
2024-2025
June 12, 2024

MEMORANDUM

To: Cooperative Board

From: Patricia N. Kilburn, Ed.D. 
District Superintendent and Chief Executive Officer

Date: May 13, 2024

Subject: Approval of Jefferson-Lewis-Hamilton-Herkimer-Oneida BOCES
Lease Agreement 2024-2025

Prepared By: Scott Morris 

Background:

New York State has established Regional Special Education Technical Assistance Support Centers in each Joint Management Team (JMT) area in the state. The Support Centers employ individuals with skills to support school districts that have been identified as districts with a high level of children with unique special education needs. In our JMT, the Jefferson-Lewis-Hamilton-Herkimer-Oneida BOCES has been designated as the lead agency for the Support Center.

Discussion:

As the geographical area under the jurisdiction of the lead agency is quite large, the individuals employed by the Support Center are housed in various locations in order to better facilitate serving designated school districts. Oneida-Herkimer-Madison BOCES has been asked by the lead agency to house a staff member who serves our designated districts. The Jefferson-Lewis BOCES has developed, in conjunction with administration at Oneida-Herkimer-Madison BOCES, a lease agreement to compensate Oneida-Herkimer-Madison BOCES for housing the Support Center staff at the Oneida-Herkimer-Madison BOCES, New Hartford location. Attached is a lease agreement for the period of July 1, 2024 through June 30, 2025. The agreed upon rent is \$10,000.

Recommendation:

It is recommended that the Oneida-Herkimer-Madison BOCES Cooperative Board approve the attached lease agreement for the 2024-2025 school year in the amount of \$10,000.

Resolution:

That the Oneida-Herkimer-Madison BOCES Cooperative Board approve the attached lease agreement for the 2024-2025 school year in the amount of \$10,000.

WITNESSETH

WHEREAS, pursuant to Section 119-0 of the General Municipal Law of the State of New York, the BOCES does presently offer a cooperative bidding program in which various school districts and local government entities participate in the bidding and purchase of supplies and equipment on a collective scale, and

WHEREAS, the Participant is a duly qualified municipal corporation as defined by Section 119-n(a) of the General Municipal Law and desires to participate as a member of said cooperative venture, and

WHEREAS, the parties hereto desire to set forth their various rights, duties and responsibilities into an Agreement.

NOW, THEREFORE, the parties hereto do mutually agree as follows:

1. The Participant hereby agrees to utilize the services of the Cooperative Bidding Program of the BOCES for the procurement of various types of school supplies and school lunch commodities for the school year 2024-2025, said time period to extend to June 30, 2025, with the option to renew for an additional one (1) year period only by written mutual consent.

6. The Participant shall not accept and make bid awards for commodities subject to this cooperative bidding independently and on its own behalf during the period in which BOCES is advertising for the same commodities or service except in the case of emergency or hardship.
7. The Participant desires and the BOCES agrees that the School Business Official or other District official of the Participant shall sit as a participating member of the BOCES Advisory Committee for Cooperative Bidding.
8. The terms and conditions of this Agreement and the authority thereof shall be governed by the terms and conditions set forth in Article 5-G, Sections 119-m, et al, of the General Municipal Law of the State of New York.

Intermunicipal Cooperative Agreement
June 12, 2024

MEMORANDUM

To: Cooperative Board

From: Patricia N. Kilburn, Ed.D. 
District Superintendent and Chief Executive Officer

Date: May 22, 2024

Subject: Approval to Enter Into Article 5G, Intermunicipal
Cooperative Agreement

Prepared by: Scott Morris 

Background:

Oneida-Herkimer-Madison BOCES strives to conduct its business in the most effective and efficient way possible. As the business of education becomes more intricate and complicated, the administration at O-H-M BOCES finds the need for legal advice becoming more prevalent. The O-H-M BOCES is always seeking to procure this legal advice at the least cost alternative (current rate is \$130 per hour).

Discussion:

Madison-Oneida BOCES, as an outgrowth of its Labor Relations Service, has comprised a legal services team that has developed expertise in a number of areas that are common to school districts and BOCES. These services are offered through an Intermunicipal Cooperative Agreement at a rate that is very attractive compared to private sector legal services. Where appropriate, the administrative team at O-H-M BOCES would avail themselves to these legal services on behalf of the O-H-M BOCES pursuant to the Article 5G, Intermunicipal Cooperative Agreement (copy attached).

Recommendation:

It is recommended that the Oneida-Herkimer-Madison BOCES Cooperative Board enter into an Article 5G, Intermunicipal Cooperative Agreement with Madison-Oneida BOCES for the purpose of providing legal services to the Oneida-Herkimer-Madison BOCES effective July 1, 2024.

Resolution:

That the Oneida-Herkimer-Madison BOCES Cooperative Board enter into an Article 5G, Intermunicipal Cooperative Agreement with Madison-Oneida BOCES for the purpose of providing legal services to the Oneida-Herkimer-Madison BOCES effective July 1, 2024.

VII D. 8.
Approval of the Supplementary Grocery Bid
June 12, 2024

MEMORANDUM

To: Cooperative Board

From: Patricia N. Kilburn, Ed.D. 
District Superintendent and Chief Executive Officer

Date: May 30, 2024

Subject: Award of the Supplemental Grocery Bid

Prepared by: Scott Morris/Kate Dorr/Jake Perrin

Background:

The Oneida-Herkimer-Madison BOCES Food Service Program purchases food, supplies and other groceries from many vendors each year. The Food Service Program operates the National School Lunch and Breakfast Programs in 29 school buildings in 14 school districts. Our goal is to serve student high quality foods procured in a financially responsible manner.

Discussion:

Grocery items are primarily procured using the New York State Office of General Services Contract and the Madison-Oneida BOCES Grocery Bid. Past purchasing has shown that some specified items are not available off the OGS bid, or are occasionally available from different vendors at better prices. Utilizing a wide variety of items, procured at the lowest possible cost ensures the financial viability of the program while maintaining student participation. A formal solicitation for bids was posted in the Observer Dispatch. Responses were received and opened from 3 vendors; 3 vendors are recommended for award on 9 of 11 specified items. As with past years, this bid has been successful in locking in prices for the entire 2024-25 school year that are even better than that from other bids we participate in.

Recommendation:

It is recommended that the Cooperative Board award the Supplemental Grocery bid to the lowest qualified bidders meeting specifications.

Resolution:

The Cooperative Board approves the award of the Supplemental Grocery Bid 2024-2025 as per the below listing representing the lowest qualified bidders meeting specifications, for a total award of \$127,679.00.

Vendor	Proposed award
Roc-Star Ice Cream Products, Inc & Miss Mila's Cookies	\$41,250.00
McCraith Beverages	\$14,350.00
Renzi Food Service	\$72,079.00

CODE OF CONDUCT**I. Introduction**

The Oneida-Herkimer-Madison BOCES (OHM BOCES) Board of Cooperative Educational Services has adopted a comprehensive Code of Conduct which aligns with the New York State SAVE Legislation, delivers the highest quality of education that can be provided to students, and formulates a policy which provides our children a safe school environment.

The Board of Cooperative Educational Services' purpose is to meet the requirements established by the SAVE Legislation (Safe Schools Against Violence in Education Act (Chapter 181 of the Laws of 2000), Article 2-A of the Education Law, and Section 100.2 of the Commissioner's Regulations and in collaboration with students, teachers, administrators, parents, school safety personnel and other school personnel) and make provisions for the governing of the conduct of students, school personnel and visitors on OHM BOCES property, on school buses and at school-sponsored functions. In order to do so, OHM BOCES' comprehensive approach attempts to assure the constitutional rights of every student to expect an education delivered in an environment which is conducive to learning and free of disruption. Furthermore, it deals with any form of school violence that endangers the safety and welfare of students and disrupts the learning environment.

OHM BOCES has also established certain expectations for conduct on school property and at school functions. These expectations are based upon:

1. Enforcing of school rules in a fair, firm, consistent campus-wide manner.
2. Utilizing positive reinforcement for acceptable behavior.
3. Keeping open communication with parents and the community.
4. Demonstrating by work and personal example, respect for law, order, self-discipline, and strive to uphold principles of civility, mutual respect, citizenship, character tolerance, honesty and integrity.

POLICY

COMMUNITY RELATIONS

1005

CODE OF CONDUCT

1. In the case of a violation of this section or any other provision of this Code of Conduct which constitutes a crime, the District Superintendent has established the following procedures to report such an incident to the appropriate law enforcement agency and to follow through with filing a criminal/juvenile delinquency complaint:
 - a. All individuals are expected to promptly report violations of the Code of Conduct to a teacher, school counselor/social workers, the building principal or his/her designee. Any individual observing a person possessing, discussing the possession of or using a weapon, alcohol or an illegal substance on school property, a school bus, or at a school function shall report this information immediately.
 - b. The principal and/or their designee will gather the necessary information to determine whether they believe a crime has been committed. Any weapon, alcohol or illegal substance shall be confiscated. If it has been determined that a crime has been committed, the appropriate law enforcement agency will be contacted immediately, followed by notification to the parents/guardian of the student(s) involved. These procedures should be followed in all circumstances except in reporting "child abuse in an educational setting" where the procedures for reporting such incidents is set forth in the statute.
 - c. The Building Principal or their designee must notify the appropriate local law enforcement agency of any code violations that constitute a crime or substantially affect the order or security of a school as soon as practical, but in no event no later than the close of business the day the Building Principal or their designee learns of the violation. The notification may be made by telephone, followed by a letter mailed on the same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the Code of Conduct and constituted a crime.
 - d. If, in consultation with the local law enforcement agency, the school district is deemed the appropriate entity to file a criminal/juvenile delinquency complaint against the code violator, the appropriate school administrator (e.g., Building Principal) will be expected to file such a complaint. Where the victim of the crime is an individual, whether a student, teacher, staff member, visitor, etc., the crime victim will be strongly encouraged to file such a complaint.
 - e. All OHM BOCES staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. OHM BOCES staff who are not authorized to impose disciplinary

CODE OF CONDUCT

sanctions are expected to promptly report violations of the Code of Conduct to their supervisor, who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

B. Responding to Reports of Possible Harassment, Discrimination or Bullying

1. In addition to the procedures described below for removal of disruptive students and possible suspension from attendance, OHM BOCES provides a procedure for responding to reports of possible discrimination, bullying or harassment against students by another student, an employee, or any other person on school property or at a school function. The process is described in the Equal Opportunity and Nondiscrimination Policy.
2. OHM BOCES has also designated a Dignity Act Coordinator for each school. Those coordinators are:
 - a. Vince Tripodi Principal of Alternative Education
315-223-6029
 - b. Mike Hoover Principal of Career and Technical Education
315-793-8647
 - c. Ellen Mahanna Principal of Special Education
315-793-8603

The Dignity Act Coordinators are trained in methods to respond to human relations in the areas of race (including but not limited to hair texture and protective hairstyles), color, weight, national origin, ethnic group, religion, religious practices, disability, sexual orientation, gender (including gender identity or expression), and sex. They are available to speak with any person who has witnessed possible discrimination or harassment, or if that person has experienced treatment that may be prohibited discrimination or harassment.

3. The Dignity Act Coordinators are charged with receiving all reports of harassment, bullying and discrimination; however, students and parents may make an oral or written complaint of harassment, bullying or discrimination to any teacher, administrator or school employee. The BOCES will act to promptly investigate all complaints, verbal or written, formal or informal, of allegations of discrimination, harassment and bullying; and will promptly take appropriate action to protect individuals from further discrimination, harassment and bullying.

It is essential that any student who believes they have been subjected to discrimination, harassment, bullying or retaliatory behavior, as well as any

POLICY

COMMUNITY RELATIONS

1005

CODE OF CONDUCT

individual who is aware of and/or who has knowledge of, or witnesses any possible occurrence, immediately report same to any staff member or administrator. The staff member/administrator to whom the report is made (or the staff member/administrator who witnesses or suspects bullying/cyberbullying behavior) shall document and take appropriate action to address the immediacy of the situation and shall promptly report in accordance with the following paragraphs.

Upon receipt of a complaint (even an anonymous complaint), or if a school employee otherwise learns of any occurrence of possible conduct prohibited by this Code, the school employee shall promptly and orally notify the Dignity Act Coordinator(s) no later than one (1) school day after such school employee witnesses or receives the complaint or learns of such conduct. Such school employee shall also file a written report with the Dignity Act Coordinator(s) no later than two (2) school days after making such oral report. In the event that the Dignity Act Coordinator is the alleged offender, the report will be directed to the Building Principal or District Superintendent.

After receipt of a complaint, the Dignity Act Coordinator(s) shall lead or supervise a thorough investigation of the alleged harassing, bullying and/or retaliatory conduct. The Dignity Act Coordinator(s) shall ensure that such investigation is completed promptly and investigated in accordance with the terms of BOCES policy. All complaints shall be treated as confidential and private to the extent possible within legal constraints.

Based upon the results of this investigation, if the BOCES determines that a school administrator, employee, volunteer, vendor, visitor and/or student has violated the BOCES' Code of Conduct or a material incident of harassment, bullying and/or discrimination has occurred, immediate corrective action will be taken as warranted, it will take prompt action reasonably calculated to end the violation, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom such violation was directed.

The Building Principal, District Superintendent, or their designee shall notify promptly the appropriate local law enforcement agency when it is believed that any harassment, bullying or discrimination constitutes criminal conduct. The Building Principal or the Building Principal's designee shall provide a regular report, at least once during each school year, on data and trends relating to harassment, bullying and/or discrimination to the District Superintendent.

As a general rule, responses to acts of harassment, bullying, and/or

CODE OF CONDUCT

discrimination against students by students shall incorporate a progressive model of student discipline that includes measured, balanced and age-appropriate remedies and procedures that make appropriate use of prevention, education, intervention and discipline, and considers among other things, the nature and severity of the offending student's behavior(s), the developmental age of the student, the previous disciplinary record of the student and other extenuating circumstances, and the impact the student's behaviors had on the individual(s) who was physically injured and/or emotionally harmed. Responses shall be reasonably calculated to end the harassment, bullying, and/or discrimination, prevent recurrence, and eliminate the hostile environment.

C. No Retaliation for Reporting

No act of retaliation may be directed at any person who makes a good faith report of conduct by another person that may reasonably be a violation of this Code, or who assists in, or is part of, the investigation of such a report. To engage in such retaliation is considered a violation of this Code.

IX. Disciplinary Penalties, Procedures and Referrals

Discipline is often most effective when it deals directly with the problem at the time and place it occurs, and in a way the students view as fair and impartial. OHM BOCES personnel who interact with students are expected to use disciplinary action only when appropriate and to place emphasis on the student's ability to grow in self-discipline. Disciplining action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior and protecting the student body. In determining the appropriate disciplinary action, OHM BOCES personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of all available forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general rule, discipline will be progressive, unless it poses a serious threat or endangerment. This often means that a student's first violation will merit a lighter penalty than subsequent violations. However, the district may impose any level of discipline, even for a first violation, that is proportionate to the misconduct at issue.

Responses to acts of harassment, bullying and/or discrimination against students by students shall use measured, balanced, and age-appropriate remedies and procedures, with the goals of prevention and education, as well as intervention and discipline. We will

CODE OF CONDUCT

consider the nature and severity of the conduct, the developmental age of the student engaging in the conduct, the actor's prior disciplinary record, and the impact of the conduct on the student at whom it was directed.

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education.

A. Positive Behavioral Interventions & Remedial Measures

In lieu of, or in addition to, the disciplinary penalties described in this Code of Conduct, the BOCES may, at its discretion, utilize measured, balanced and age appropriate positive behavioral interventions and other remedial responses for any violations of this Code if, in the opinion of the administrator, such actions will result in improved behavior. Such age-appropriate measures may include, but are not limited to:

1. Use Positivity Project to build engagement and self-esteem within a positive program culture;
2. Life Space Interviews;
3. Recovery and restorative practices;
4. Use of Social Workers to de-escalate, resolve, and return students to instruction;
5. Use of alternative learning environment when able;
6. Establish a positive culture and climate;
7. Greet students outside as they exit the bus, inside the front door, and in the hallways;
8. Utilize a progressive model of student discipline (as stated on page 21)
9. Encourage teacher/teaching assistant to meet with student to discuss concerns;
10. Refer student to counselor for additional discussion;
11. Establish a child study team to review students in need of additional support;
12. Encourage peer to peer mediation and peer to peer accountability;
13. Utilize the guidance suite for time-out as necessary;
14. Contact parents for support; and/or
15. Contact home school for additional support.

B. Penalties

Students who are found to have violated the OHM BOCES' Code of Conduct may be subject to any combination of the following penalties. The OHM BOCES personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

POLICY

COMMUNITY RELATIONS

1005

CODE OF CONDUCT

1. Verbal warning - any member of the OHM BOCES staff.

12. Long-term (more than five (5) days) suspension from OHM BOCES program - District Superintendent.
13. Restitution for damage to school property or the personal property of any staff member - principal.

C. Procedures

The amount of due process students are entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the OHM BOCES personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the OHM BOCES personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below:

1. Detention: At present, an OHM BOCES detention program does not exist. If, in the future, OHM BOCES incorporates a detention program, the following policy will be followed:

Teachers, principals and the District Superintendent may use after school detention as a penalty for student misconduct in situations where removal

CODE OF CONDUCT

from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified to confirm that the student has appropriate transportation home following detention. Assignment to a detention must comply with building detention policy and procedure.

2. Suspension from transportation

If a student does not conduct themselves properly on a bus, the bus driver is expected to bring such misconduct to the individual's district administrator or the district administrator's designee for dealing with bus behavior. Students who become a serious disciplinary problem may have their riding privileges suspended by the district. In such cases, the student's parent will become responsible for seeing that his/her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the Building Principal or the Principal's designee to discuss the conduct and the penalty involved.

3. Suspension from athletic participation, extra-curricular activities and other privileges.

A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges will follow the sending district's policy, if it applies to the district's activity or privilege. If it does not, then the decision to suspend a student from athletic participation, extra-curricular activities and other privileges will be a shared decision between the staff or faculty involved in the activity, and the Building Principal.

4. In-school suspension

OHM BOCES recognizes that it must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the Board of Cooperative Educational Services authorizes Building Principals and the District Superintendent to place students who would otherwise be suspended from school as the result of a Code of Conduct violation in "in-school suspension." The in-school suspension staff will be supervised by a certified teacher.

CODE OF CONDUCT

A student subjected to an in-school suspension is not entitled to full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the OHM BOCES administrator imposing the in-school suspension to discuss the conduct and the penalty involved.

5. Teacher removal of disruptive students

- a. A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances, the classroom teacher can and should make every effort to control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. When these techniques fail a teacher may direct a student to briefly leave the classroom to give the student an opportunity to regain his/her composure and self-control in an alternative setting. Short-term time out will be in a designated area.
- b. The teacher who removes a student from the classroom is responsible to see that equal instructional time that the student was removed is made up.
- c. On occasion, a student's behavior may become disruptive. In order to initiate a removal of a student from the classroom, the teacher must first determine that a student is disruptive. For purposes of this Code of Conduct, a disruptive student is a student who substantially disrupts the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules. Behaviors which do not rise to the level defined as disruptive shall be subject to traditional disciplinary strategies, in accordance with this policy.
- d. If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why they are being removed and an opportunity to explain their version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.
- e. If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why they were removed

POLICY

COMMUNITY RELATIONS

1005

CODE OF CONDUCT

from the classroom and give the student a chance to present his/her version of the relevant events within 24-hours.

- f. The teacher must complete a BOCES-established disciplinary removal form and meet with the Principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the Principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the Principal or designee prior to the beginning of classes on the next school day.
- g. Within 24 hours after the student's removal, the Principal or another District administrator designated by the Building Principal must notify the student's parent, in writing, that the student has been removed from class and why. The notice must also inform the parent that they have the right, upon request, to meet informally with the Building Principal or the Building Principal's designee to discuss the reasons for the removal.
- h. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal at the last known address for the parent. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.
- i. The principal may require the teacher who ordered the removal to attend the informal conference if it is held within the teacher's regular school day.
- j. If at the informal meeting the student denies the charges, the Building Principal or the Building Principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and Building Principal.
- k. The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:
 - 1. The charges against the student are not supported by substantial evidence.
 - 2. The student's removal is otherwise in violation of law.

POLICY

COMMUNITY RELATIONS

1005

CODE OF CONDUCT

3. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.
1. The Building Principal or their designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48 hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires whichever is less.
- m. Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until they are permitted to return to the classroom.
- n. Each program or site will establish their own procedures for handling record keeping and notification. These must meet the SAVE Legislation requirement.
- o. Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until they have verified with the Principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.
6. Suspension from school

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of self and/or others.

The Board of Cooperative Educational Services retains its authority to suspend students, but places primary responsibility for the suspension of students with the District Superintendent and the building principals.

Any staff member may recommend to the District Superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or District Superintendent for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the

CODE OF CONDUCT

suspension. The District Superintendent or principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

a. Short-term (5 days or less) suspension from school

When the District Superintendent or principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct of five days or less pursuant to Education Law §3214 (3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student is being suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24-hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of the complaining witnesses under such procedures as the Building Principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the principal shall promptly advise the parents in writing of their decision.

b. Long-term (more than 5 days) suspension from school

When the District Superintendent or Principal determines that a

CODE OF CONDUCT

suspension for more than five (5) days may be warranted, they will generally refer the student to their home district for disciplinary proceedings. In these circumstances, the student's home district shall be responsible for parent notification and holding the disciplinary hearing in accordance with the Education Law. To facilitate the administration of such disciplinary matters by the home district, the District Superintendent or Building Principal will provide relevant and appropriate documentation to the appropriate school administrator at the student's home district.

The District Superintendent may impose long-term suspensions in accordance with Section 3214 of the Education Law. Should the District Superintendent choose to impose the long-term suspension, rather than referring the student to their home District, then he or she shall give reasonable written notice to the student and the student's parents of their right to a fair hearing and of the charges against the student, pursuant to Section 3214 of the Education Law.

At the hearing, the student shall have the right to be represented by counsel, the right to question witnesses against them, the right to present witnesses and other evidence on his or her behalf, the right to make any statement on their behalf concerning the alleged incident, and the right to refrain from testifying at said hearing, since the testimony may be used against them.

The District Superintendent shall personally hear and determine the proceeding or may, at their discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths, and to issue subpoenas in conjunction with the proceeding before them. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations, as to the appropriate measure of discipline to the District Superintendent. The report of the hearing officer shall be advisory only, and the District Superintendent may accept all or any part thereof.

An appeal of the decision of the District Superintendent may be made to the Board of Cooperative Educational Services that will make its decision based solely upon the record before it. All appeals to the Board of Cooperative Educational Services must be in writing and submitted to the District Clerk within thirty (30) calendar days of the date of the Superintendent's decision. The Board may adopt in whole or in part the decision of the Superintendent. Final decisions of the Board of Cooperative Educational Services may be appealed to the

CODE OF CONDUCT

Commissioner of Education within thirty (30) days of the decision.

c. Permanent suspension

Permanent suspension is reserved for extraordinary circumstances such as when a student's conduct poses a life-threatening danger to the safety and well-being of other students, OHM BOCES personnel, themselves, or any other person lawfully on school property or attending a school function.

D. Minimum Periods of Suspension

1. Students who bring a weapon to school:

In accordance with the Gun-Free Schools Law (20 U.S.C.A. Section 3351), the Gun-Free Schools Act of 1994 (20 U.S.C.A. Section 8921), New York State Education Law Section 3214(3), and this Board Policy, the punishment for violation of Section VII Subsection D (3), (4), (5) shall be suspension from attendance upon instruction for a period of not less than one (1) calendar year. The District Superintendent has the authority to modify the one-year suspension on a case-by-case basis.

In deciding whether to modify the penalty, the District Superintendent may consider the following:

- a. The student's age.
- b. The student's grade in school.
- c. The student's prior disciplinary record.
- d. The District Superintendent's belief that other forms of discipline may be more effective.
- e. Input from parents, teachers and/or others.
- f. Other extenuating circumstances

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school (Refer to violent student under Section II of this policy):

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five (5) days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension.

CODE OF CONDUCT

If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The District Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the District Superintendent may consider the same factor considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or who repeatedly substantially interfere with the teacher's authority over the classroom:

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for at least five (5) days. For purposes of this Code of Conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s), pursuant of Education Law §3214(3-a) and this code, on four (4) or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The District Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the District Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

E. Smoking/Tobacco/Nicotine, E-Cigarette Use Prohibited

The possession, use, sale, or consumption of any form of tobacco, any substance containing nicotine (except prescribed medications), any e-cigarette or oil or vaping product intended for use in an e-cigarette, and any associated paraphernalia is prohibited. Consequences have been determined by OHM BOCES. They are as follows:

1st Offense The student will be suspended for one full day of in-school suspension, with a letter and a phone call to parents notifying them of the disciplinary process. The student may be given an additional assignment and or task, as deemed appropriate, to educate the student to the harmful effects of product usage.

CODE OF CONDUCT

2nd Offense The student will be suspended for an increased amount of time in in-school suspension. A letter will be sent, followed by a phone call to parents, notifying them of the second offense and requesting a conference. The student may be given an additional assignment and or task, as deemed appropriate, to educate the student to the harmful effects of product usage.

3rd Offense The student will be suspended out-of-school for a minimum of one day, followed by a letter and a phone call to parents notifying them of the third offense. Additionally, this letter will be followed by a phone call to the parents to establish the date and time of a conference. The student may be given an additional assignment and or task, as deemed appropriate, to educate the student to the harmful effects of product usage.

Subsequent Offenses The student will be suspended out-of-school up to a maximum of five (5) days. Parents will be notified by a letter and a phone call regarding these continued offenses and a re-entry meeting with parents will be arranged.

F. Referrals

1. Referrals to Counseling and Appropriate Humans Services Agencies

The School counselor/Social Worker Office shall handle all referrals of students to counseling. When any student need is beyond the scope of the BOCES' resources, a referral to appropriate human services agencies will be made. All administrators, faculty, pupil services personnel, and other support staff will be responsible for communicating the need for such referrals to the principal or their designee.

2. PINS Petitions

The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by Part One of Article 65 of the Education Law.
- b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school.
- c. Violating Penal Law §230.00. A single violation of §230.00 will be sufficient basis for filing a PINS petition.

3. Juvenile Delinquents and Juvenile Offenders

The District Superintendent is required to refer the following students

CODE OF CONDUCT

to the County Attorney for a juvenile delinquency proceeding before the Family Court.

- a. Any student under the age of 16 who is found to have brought a weapon to school, or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20(42).

The District Superintendent is required to refer students, age 16 and older or any student 14 or 15 years old, who qualifies for juvenile offender status to the appropriate law enforcement authorities.

X. Alternative Instruction

When a student of any age is removed from class by a teacher, or a student of compulsory attendance age is suspended from school pursuant of Education Law §3214, OHM BOCES will take immediate steps (in conjunction with the provisions under Section IX., B., 5. of this document) to ensure the provision of continued educational programming and activities for such students, which shall include alternative educational programs appropriate to individual student needs.

XI. Discipline of Students with Disabilities

The Board of Cooperative Educational Services recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board of Cooperative Educational Services also recognizes that students with disabilities are afforded certain procedural protections whenever school authorities intend to impose discipline upon them. Procedures followed for suspending, removing or otherwise disciplining students with disabilities shall be consistent with the procedural safeguards required by applicable laws and regulations relating to students with disabilities, including but not limited to the Individuals with Disabilities Act (IDEA), Chapter 33 of Title 20 of the United States Code, Part 300 of the Regulations of the Offices of the Department of Education, Education Law Section 3214, and Part 201 of the Regulations of the Commissioner of Education.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law regulations.

Students that are enrolled in an OHM BOCES Special Education Program located at a school district site are required to follow the Code of Conduct of the district and of OHM BOCES.

CODE OF CONDUCT**XII. Corporal Punishment**

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of a student by any OHM BOCES employee is strictly forbidden.

No BOCES employees, contractors, or volunteers will use an aversive intervention, including mechanical restraints, as an intervention intended to induce pain or discomfort for the purpose of eliminating or reducing maladaptive behaviors.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be employed, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

OHM BOCES will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

XIII. Student Searches and Interrogations

The Board of Cooperative Educational Services is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school administrator authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or OHM BOCES Code of Conduct. Students are not entitled to any sort of "Miranda"-type warning before being questioned by school administrators, nor are school administrators required to contact a student's parent before questioning the student. However, school administrators will tell all students why they are being questioned.

The Board of Cooperative Educational Services authorized the District Superintendent, building principals, the school nurse, school counselor/social worker, district security administrators and designated staff to conduct searches of students and their belongings if the authorized school administrator has reasonable suspicion to believe that the search will result in evidence that the student violated the law or OHM BOCES' Code of Conduct. Searches can only be conducted in the presence of another designee.

In addition, the Board of Cooperative Educational Services authorizes the District Superintendent, building principals, the school nurse, school counselor/social worker, district security officials and designated staff to use metal detector technology as a screening tool to protect the school community from the possibility of the possession of

CODE OF CONDUCT

weapons by students. Such metal detector searches will be conducted in accordance with applicable OHM BOCES Board policies.

An authorized school administrator may conduct a search of a student's belongings without reasonable suspicion that is minimally intrusive, such as touching the outside of a book bag. The school administrator should have legitimate reason for a very limited search. An authorized school administrator may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than OHM BOCES employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. OHM BOCES employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school administrator should attempt to get the student to admit that they possess physical evidence that violates the law or OHM BOCES Code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices or other designated private area and students will be present when their possessions are being searched.

A. Student Lockers, Desks and other School Storage Places

The rules in this Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places. Students have no reasonable expectations of privacy with respect to these places and school administrators retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school administrators, without prior notice to students and without their consent. Students are expected, however, to assume full responsibility for the security of their lockers, and the OHM BOCES is not responsible for stolen items. A list of the locker or lock combinations to all student lockers shall be kept in the office of the Building Principal.

B. Strip Searches

A strip search is a search that requires a student to remove any or all of their clothing, other than an outer coat or jacket. Strip searches by any school employees are expressly prohibited.

C. Documentation of Searches

CODE OF CONDUCT

The Building Principal will keep a confidential record of each reported search. The authorized school administrators conducting the search shall be responsible for promptly recording the following information about each search:

1. Name, age and grade of student searched.
2. Reasons for the search.
3. Name of any informant(s) must be confidential unless required for a hearing.
4. Purpose of search (this is, what items(s) were being sought).
5. Type and scope of search.
6. Person conducting search and his/her title and position.
7. Witnesses to the search.
8. Time and location of search.
9. Results of search (that is, what items(s) were found).
10. Disposition of items found.
11. Time, manner and results of parental notification.

The Building Principal or the Principal's designee shall be responsible for the custody, control and disposition of any illegal or dangerous item taken from a student. The Principal or their designee shall clearly label each item taken from the student and retain control of the item(s), until the item(s) is turned over to the police. The Principal or their designee shall be responsible for personally delivering dangerous or illegal items to police authorities.

D. Cooperation with Law Enforcement Officials

OHM BOCES administrators are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. When BOCES administrators have called the police to investigate a crime on school premises, school administrators should yield to police leadership on the conduct of the investigation. The investigation should be conducted in a manner that minimizes the disruption of the school environment.

Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. If law enforcement seeks to interrogate or remove a student, the BOCES is required to immediately contact the student's parents or legal guardians to arrange for their presence, if possible, or obtain their consent unless they:

1. Have a warrant for the arrest of the student; or
2. Have a court order authorizing the removal or interrogation of the student; or
3. Are investigating a possible crime and law enforcement determines either:
 - a. Exigent circumstances exist;
 - b. There is an immediate threat of serious physical harm; or

CODE OF CONDUCT

- c. There is an emergency and immediate need for assistance.

School administrators will defer to the police on these issues and their determinations.

Before police officials are permitted to question or search any student, the building principal or their designee shall first try to notify the student's parents to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search will not be conducted, unless the student is 16 years of age or older. The Principal or designee will also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

E. Child Protective Services Investigations

Consistent with the OHM BOCES' commitment to keep students safe from harm and the obligation of school administrators to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, OHM BOCES will provide data and assistance to local child protective services workers, or members of a multi-disciplinary team accompanying such workers, who are responding to allegations of suspected child abuse, and/or neglect, or custody investigations. Such data and assistance include access to records relevant to the investigation, as well as interviews with any child named as a victim in a report, or a sibling of that child, or a child residing in the same home as the victim.

All requests by child protective services to interview a student on school property shall be made directly to the Building Principal or their designee. Child protective service workers and any associated multi-disciplinary team members must comply with the District's procedures for visitors, provide identification, and identify the child(ren) to be interviewed. The Principal or designee shall decide if it is necessary and appropriate for a school staff member, including but not limited to an administrator or school nurse, to observe the interview either from inside or outside the interview room.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if not they were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be

CODE OF CONDUCT

subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

XIV. Visitors to the Schools

The Board of Cooperative Educational Services encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. Clearly displayed signs must be posted at all entrances informing visitors to report to the main office or designated areas. The Building Principal or their designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to the school must report to the office of the Principal or other designated area upon arrival at the school. They will be required to sign the visitor's register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the principal's office before leaving the building. A visitor may be required to provide identification.
3. Visitors attending school functions that are open to the public, such as parent - teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s), so that class disruption is kept to a minimum. The teacher should notify the Principal.
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal or their designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in this Code of Conduct.

XV. Public Conduct on School Property

OHM BOCES is committed to providing an orderly, safe, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers and OHM BOCES personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. OHM BOCES

CODE OF CONDUCT

recognizes that free inquiry and free expression are indispensable to the objectives of OHM BOCES. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired (refer to Dress Code, Section VI) for the purpose they are on school property.

A. Prohibited Conduct

No person, either alone or with others, shall:

1. Injure any person intentionally or threaten to do so.
2. Damage, destroy, or steal school district property or the personal property of a teacher, administrator, other OHM BOCES employee, student, or any person lawfully on school property, (including graffiti or arson).
3. Disrupt the orderly conduct of classes, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, are gang related, obstruct the rights of others, or are disruptive to the school program.
5. Verbal or physical intimidation, including threatening to cause physical injury to any other person; acts that constitute harassment, as defined in Section II of the Code of Conduct, labeled "Definitions".
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles;
9. Possess, consume, sell, distribute or exchange alcoholic beverages or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the District Superintendent.
11. Loiter on or about school property.
12. Gamble on school property or at school functions.
13. Refuse to comply with any reasonable order of identifiable OHM BOCES administrators performing their duties.
14. Incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance or board policy while on school property or while at a school function.

Training Contract
June 12, 2024

MEMORANDUM

To: Cooperative Board

From: Patricia N. Kilburn, Ed.D. 
District Superintendent and Chief Executive Officer

Date: June 6, 2024

Subject: Approval of Daneli Partners Training Contract

Prepared by: Scott Morris

Background:

The supervisors for the Support Services Division and Instructional Programs and Professional Learning will meet on July 11 and 12, 2024 for organizational updates and leadership development. Daneli Partners will work with the administrative team to further understand their strengths and use this knowledge to maximize the organization in terms of meeting their mission and goals. This holistic approach will ignite all the leaders to forge a greater understanding of themselves and their colleagues. All stakeholders will understand their role in activating positive change while keeping the best attributes of Oneida-Herkimer-Madison BOCES in place. They utilize *CliftonStrengths* as a catalyst to form strong teams among the different roles, supervisors, and support team. The *AgileBrain* assessment will quickly identify areas of success in the group culture as well as identify areas in need of improvement. This will lead to frank discussions and work toward solutions to bring each segment of the district to a higher level of success.

Discussion:

Daneli Partners will present the science behind Gallup Strengths-based Psychology and how it can be understood and used for success in achievement, teamwork, and leadership. The research presented emphasizes that everyone

has natural talents and when these talents are deliberately utilized and understood by members of the team, job performance and satisfaction are maximized! The three parts of the presentation will involve “naming” your strengths to understand the science, “claiming” your strengths by how they helped in the past, and “aiming” your strengths into new circumstances and challenges. Two training sessions will be presented (July 11 & 12, 2024). The cost of this training is \$95 per supervisors with a minimum of \$1,500 per session. Each session should cost approximately \$3040.
