TO: Board of Directors

FROM: Ruth Floyd, Executive Director of Business Services

SUBJECT: Bus Purchase Authorization

DATE: July 2, 2024

TYPE: Action Required

Angie O'Connor, Director of Transportation, recommends purchasing three buses: two small, type A buses from Northwest Bus Sales and one big type D bus from Bryson Sales and Service of Washington. As part of the Northwest Bus Sales transaction, we recommend surplusing via trade-in two buses from the current fleet, lowering the net cost of the purchase.

The State of Washington provides reimbursement for most of the purchase cost in the form of annual depreciation payments. Below is a summary of the attached quotes (total $440,316):

> 2 new 18 passenger Magellan buses plus wheelchair, cost $253,710.00, less $4,000.00 trade-in of two buses, for a total of $249,710.00, not including sales tax or licensing.
>
> 1 new 78 passenger, Bluebird Type D rear-engine diesel buses, cost $190,606.00, not including sales tax or licensing.

All "yellow" school buses will be purchased with Transportation Vehicle Fund resources that are restricted for this purpose. The cost for school buses is set through a statewide bidding process supervised by OSPI. Two fully depreciated buses from the current fleet will be surplused when the new vehicles arrive.

The estimated delivery date is approximately 6-9 months from the order date.

Recommendation: It is recommended that the board approve the purchase of two Type A buses from Northwest Bus Sales ($249,710) and one Type D bus from Bryson Sales ($190,606) for a total estimated cost of $440,316, not including sales tax or licensing.
