Purpose of Trip - Mount Olympus builds leaders for life by taking a balanced approach of learning and doing. Delegates will learn specific skills and have the opportunity to practice and apply them in a safe setting. We strengthen leaders as individuals, but also demonstrate the values of team-building through extensive use of the challenge course. While there is an emphasis on ideas (e.g., ethics, servant leadership, etc.), we build our foundation on practical applications of these concepts (decision-making, communication, negotiation, etc). Delegates meet and connect with leaders from around the state but also have daily time with their school group to focus on issues unique to their community.
