WE'RE HERE FOR YOUR CHILD & FAMILY

THE STEPPING STONES GROUP
Transforming Lives Together

Our school-based behavioral and mental health services are designed to positively impact a student's ability to successfully function in the academic environment, as well as interactions with family and friends. This will help reduce barriers to receiving service and addresses behaviors where they occur, with collaborative and flexible service delivery options designed to meet both school district and student needs.

We're here to help if your child may have:

- Concentration difficulties
- Peer relationships or interaction difficulties
- Family dynamics counseling
- Communication difficulties
- Feelings of sadness
- Grief and loss of loved ones or pets

Benefits of our mental health services:

- No cost or co-pays for the family
- Counseling delivery options include: individual, group, or family
- Face-to-face or virtual services
- Coordinate with home and school teams
- Evidence-based practices with progressive data collection
- All counseling is during school hours
- Offered during school breaks and summer

Data and Statistics on Children's Mental Health | CDC
