

LCAP Year 2017–18 2018–19 2019–20

Local Control Accountability Plan and Annual Update (LCAP) Template

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#): Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

LEA Name	North County Joint Union School District		
Contact Name and Title	Jennifer Bernosky Superintendent/Principal	Email and Phone	jbernosky@sbcoe.org (831) 637-5574 ext. 200

2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

The North County Joint Union School District is a one school district in San Benito County. It lies in the outskirts of Hollister and is home to many families who have been apart of the school since it opened in 1975. Spring Grove School is home to 750 students in grades TK-8th. The current population includes the following: 342 low income students 45%, 172 English Learners 23% and currently zero foster youth for a total of 342 unduplicated students 45%. Spring Grove also has 71 students (9%) who receive Special Education Services. The majority of the students are Hispanic 52% and White 48%. The North County Joint Union School District prides itself on high academic achievement goals for all students along with rich traditions for the students and community, sports, and enrichment activities for all students to participate. Spring Grove ensures that all students move from Spring Grove at the end of 8th grade. If a student is not eligible to attend high school, he is transferred to the Alternative Education School in San Benito County. Spring Grove School is a TK-8th grade school therefore the following metrics are not used to determine academic success of students: AP exams, EAP, high school graduation rate or drop out rate. Students do not graduate from 8th grade, they are promoted, therefore this is not counted as a metrics and is not addressed in the LCAP. Spring Grove School was named a California Distinguished School in 2010 after moving out of Program Improvement status Year 5+. The North County Joint Union School District currently has 5 goals which have been adopted by the Board of Trustees: Goal 1- Academic Accountability All students will receive increased quality and/or quantity of education of CCSS in ELA and math. Goal 2- Communication To ensure that all stake holders are informed as it relates to academics, attendance, and students events. Goal 3 - Technology To ensure that students will have access to technology to support college and career readiness as determined by the CCSS. Goal 4- Safety To maintain a safe, clean, orderly campus. Goal 5 - Finances To ensure fiscal solvency. The District goals and objectives align with the LCAP goals, actions and services to improve student academics for all students.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The focus of the LCAP for the 2017-2018 school year is to provide actions/services which will address the academic needs of all students. The District has put its resources into providing curriculum, staff, training, and technology into the classroom to improve student academics. The District believes that students need a safe, clean environment with up to date technology to help them be successful both in the classroom and in the future with college and careers. This year's LCAP is focused on both pre and post tests of the actions/services to show academic growth. The data is vital to determine if the actions/services are meeting the goals in the LCAP.

The LCAP goals are as follows:

Goal #1: To ensure that all stakeholders are informed as it relates to academics, attendance, and student events. All students will be provided with a quality education that will include highly qualified teachers, appropriate instructional materials, and clean, safe facilities.

Goal #2: All students will receive increased quality and/or quantity of education of CCSS in ELA and Math.

Goal #3: All students will have access to technology to support college and career readiness as determined by the CCSS and the CAASPP tests given to all 3rd-8th grade students.

Goal #4: Students will be provided the opportunity to participate in extra-curricular activities during the regular school day and outside of the regular school day.

Goal #5: To ensure that all stakeholders are informed as it relates to academics, attendance, and student events.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Based on the state indicators and local performance indicators, the District is most proud of the academic progress for the school district as a whole. The entire school made increased progress on the CAASPP test from 2015 to 2016. The District has also made growth in redesignating over 30% of the English Learners to fluent in the English language. The District will continue to provide supports to staff through professional development, students who have not met standards as measured by the CAASPP by adding additional intervention supports during the school day, and continued focus on redesignating students. The District is also very proud of the increased attention to student safety and the drop in suspensions for the 2016-2017 school year.

GREATEST PROGRESS

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

State Indicators:

Based on the state indicator for priority 4, students with disabilities are in the orange performance category for ELA and the red performance category for math in grades 3rd-8th. These students have the greatest needed academically.

Although the Hispanic, English Learners, and Socially Economically Disadvantaged students have made growth based on the academic performance indicators, they are below level 3.

The District is currently looking at the schedules of the students with disabilities to ensure that they are receiving instruction in the general education class and then additional support with the Resource Teacher. The District is also working on providing Interim Blocks as a form of measurement to determine mastery of standards and areas to focus.

GREATEST NEEDS

The District will focus on providing increased interventions to students who are Hispanic, English Learners, and Socially Economically Disadvantaged to ensure that there are interventions in place and after school supports with both instructors and technology access.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

Based on the results from the LCFF Evaluation Rubrics, the students with disabilities performed two or more performance levels below the all student performance in both ELA and math. The gaps for these students are found in the CAASPP test results in both ELA and math. They are also found in the teacher assessments provided throughout the school year. The District is looking at the curriculum provided for the students with disabilities to ensure that it is aligned with the CCSS. The District is also working with the Resource Teachers to ensure that the students are receiving interventions needed and access to technology.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

The District is currently working on an Intervention program to address the academic needs for students who are not at grade level in both ELA and math. Low-income students, English learners, and foster youth will benefit from these increased services both during the school day and after school. The academic progress will be monitored with data throughout the school year. Students from low income families are provided additional access to technology, tutoring, and library books through services provided in the LCAP. Spring Grove does not currently have an foster students. However, if they did, they would be provided the same services as the low income families, as well as the supports provided by the County of San Benito.,

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION

AMOUNT

Total General Fund Budget Expenditures for LCAP Year

\$7,040,196

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

\$580,435.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

78% of the total funds budgeted are spent on certificated, classified, and confidential management who provide the services to all students. this includes salaries budgeted in the LCAP as actions and services. The budget also accounts for materials, supplies, transportation, and maintenance to the campus.

\$6,023,723

Total Projected LCFF Revenues for LCAP Year

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

1. All students will be provided with a quality education that will include highly qualified teachers, appropriate instructional materials, and clean, safe facilities.

State and/or Local Priorities Addressed by this goal:

ANNUAL MEASURABLE OUTCOMES

EXPECTED

100% Highly qualified teachers with no teacher misassignments. Eureka Math curriculum and Springboard curriculum in each classroom to support of implementation of CCSS for all students and increase student scores in the CAASPP by increasing the number of students scoring a 3 or 4 by 5% from 2016-2017.. The expected suspension rate goal is less than 20. The expulsion rate goal is zero. Money is to be set aside each year for the purchase of a new school bus. The cost of a school bus is approximately \$170,000. Wonder Woofs contract will maintain zero suspensions due to drugs on campus. The effectiveness of the CCSS math curriculum will be based on the CAASPP assessment given in April and May and the interim blocks given during the year. The Williams Quarterly report and the safety surveys (October and March) will reflect in a safe and clean campus. Attendance rate to be at 96.5% for the school year.

Purchased Springboard math for 6th-8th grade 4000-4999: Books And Supplies LCFF \$28,803</p>

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions/services for Goal 1 were completed for the most part. The importance of the goal is to provide students with highly qualified teachers, curriculum, and a safe, clean campus. Every action/service was completed with the exception of the funds for Induction for newly credentialed teachers. The school currently has every teacher with a Clear Credential unless they are working under an intern credential or a STSP (Short Term Staff Permit.) Therefore, the District did not use funds to provide Induction to assist teachers in clearing their credential.

Four classrooms were completely recarpeted with high quality carpet tiles. This is part of an ongoing, yearly project to get the entire school recarpeted. The current carpet is 14 years old. The carpet replacement project is now 77% completed.

With the implementation of the CCSS, teachers have needs for supplemental materials and manipulatives to support mastery for the students. The funds set aside in Goal 1 allow for the District to fund these requests outside of the regular classroom supply budgets each teacher is provided annually. The supplemental materials will be used yearly by classroom teachers.

The goal of the District is to provide a safe campus. Many people use the grounds on the weekend and evening. Wonder Woofs visited the campus 4 times to search the perimeter of the campus, playground area, and landscaped areas for drugs and alcohol. This contract ensures a safe campus around the grounds.

The school maintains a fleet of 5 school buses. 3 bus routes are run 3 times each day over a large area. 3 of the buses in the fleet are between 12-18 years old and require continual maintenance. The District has now set aside \$75,000 over the past 3 years towards a new school bus. The cost of a new school bus is approximately \$190,000. The students and parents rely on the bus transportation to get their children to and from school. In the past, the District has had to contract with the local high school when buses are not in operation due to repairs.

With the implementation of the CCSS, the District has adopted new math programs which are showing growth in the mastery of the new math standards. The curriculum requires purchasing consumables yearly in order to implement the program to fidelity. Teachers are using the curriculum to fidelity and are seeing progress in the students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Based on the data provided above, the measureable outcomes are favorable and moving in the direction of providing an academic program that supports learning for all in a safe, clean environment.

The District is fortunate to have 100% highly qualified teachers in each classroom. This is the first year, in many years, where teachers have not needed Induction to clear their credentials.

The goal of the District is to increase the number of students who met(3) or exceed (4) mastery on the CAASPP test in Math by 5% each year. The purchase of the Eureka Math (TK-5th) and Springboard (6th-8th) and the purchase of supplemental materials has helped the District to reach this goal for the 2015-2016 school year. The CAASPP will be given in April and May of 2017. The District expects to continue to move an additional 5% in mastery as measured by the CAASPP school wide. Teachers in grades 3-8 will continue to give CAASPP Interim Blocks in math to ensure that students are exposed to the standards in a formative manner.

Suspensions in the past 2 years have decreased. Expulsions are at zero. Administration works closely with teachers and parents when student behavior is a concern. The District will continue to monitor this progress.

Wonder Woofs has been successful in not finding evidence of alcohol and drugs on the school campus.

The District has not had any Williams complaints. The District takes safety and access to curriculum for all students seriously. Administration monitors both safety and curriculum ongoing.

High student attendance is a District goal. This is monitored by the Superintendent/Principal monthly. Letters are sent out to parents when students have 3 or more unexcused absences or more than 10% of the absences called in as ill without a doctor's note. The Superintendent/Principal also sits on the County School Attendance Reporting Board. Administration meets with parents to avoid a SARB hearing. The District also has monthly attendance contests for both classes and families. Attendance is made a priority for all and is articulated in the Tiger Talks, awards assemblies, and on the school marquee. The District has been able to maintain 97% ADA. This year the District was hit with floods which affected over 40 students. The District will work with CDE so that the school is not penalized due to the natural disaster that prevented students from getting to school.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

For the most part, as seen above, estimated actual expenditures match the budgeted expenditures for all services with the exception of the budgeted expenditures for BTSA/Induction for preliminary teachers. For the 2016-2017 school year, Spring Grove School did not have any teachers with preliminary teachers. The District anticipates having preliminary teachers in coming years who will need support through the BTSA/Induction program.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on the goal, expected outcomes, metrics, actions, and services listed above, changes were not made. The expected measurable outcomes were all met for the 2016-2017 school year.

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 2

2. All students will receive increased quality and/or quantity of education of CCSS in ELA and Math.

	BUDGETED Allow for students who are not meeting grade level expectations academically and behaviorally to attend the alternative education program 7000-7439: Other Outgo Supplemental \$16,000	ESTIMATED ACTUAL One student who was not meeting grade level expectations academically and behaviorally attended the Alternative Education School for 1/2 of the school year. 7000-7439: Other Outgo Supplemental \$12,289

Action **6**

Actions/Services	PLANNED Provide Interventions/Tier 2 and 3 curriculum for ELA/ELD (TK-8th grade)	ACTUAL Tier 2 and Tier 3 interventions curriculum for ELA/ELD (TK-8th grade) have been provided to support current and new programs.
	BUDGETED Purchase Read 180 materials and Research based materials 4000-4999: Books And Supplies Supplemental \$4,496 Purchase technology to support Read 180 4000-4999: Books And Supplies Supplemental \$500.00 Contract with SBCOE for Reading app (Footsteps to Brilliance for TK-3rd grade) 5000-5999: Services And Other Operating Expenditures Supplemental \$3,000	ESTIMATED ACTUAL Read 180 materials and license purchased (Researched based) 4000-4999: Books And Supplies Supplemental \$2,950 Technology to support Read 180 was purchased 4000-4999: Books And Supplies Supplemental \$70.00 Contract with SBCOE for reading app- Footsteps to Brilliance for TK-3rd grade was purchased and used 5000-5999: Services And Other Operating Expenditures Supplemental \$3,000

Action **7**

Actions/Services	PLANNED Provide extended day intervention services for 1st-3rd grade (2 sessions x 8 weeks) to support mastery of ELA and Math standards to students not at grade level.	ACTUAL After school extended day intervention services for 1st-3rd graders (2 session x 8 weeks x 3 days per week) were provided. The focus was on mastery of grade level standards in ELA and math. A pre and post test were provided to show data and growth.
	BUDGETED Provide after school ELA and math intervention 3 teachers x 4 hours x 16 weeks 1000-1999: Certificated Personnel Salaries Supplemental \$8,448 Employee Benefits 3000-3999: Employee Benefits Supplemental \$1,436 Books and Supplies 4000-4999: Books And Supplies Supplemental \$300	ESTIMATED ACTUAL Provide after school ELA and math intervention 3 teachers x 4 hours x 16 weeks 1000-1999: Certificated Personnel Salaries Supplemental \$8,545 Employee benefits 3000-3999: Employee Benefits Supplemental \$1,367 Books and supplies 4000-4999: Books And Supplies Supplemental \$0

Action **8**

Actions/Services	PLANNED Provide evening math tutoring and use of technology in the library. 2 staff members x 12 weeks for 2 nights per week/1 hour	ACTUAL Evening tutoring for 4th-8th grade students. They will receive math tutoring and the use of technology in the library. 2 staff members x 12 weeks for 2 nights per week (1 hour)
------------------	-----------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Expenditures	<p>BUDGETED Hire 2 staff members to oversee program x 2 hours x 12 weeks. 1000-1999: Certificated Personnel Salaries Supplemental \$4,000 Employee Benefits 3000-3999: Employee Benefits Supplemental \$680</p>	<p>ESTIMATED ACTUAL 2 staff members oversee the program x 2 hours x 12 weeks 1000-1999: Certificated Personnel Salaries Supplemental \$4,000 Employee benefits 3000-3999: Employee Benefits Supplemental \$640</p>
Action	<h1 style="font-size: 2em; margin: 0;">9</h1>	
Actions/Services	<p>PLANNED Provide 2 full days of Professional Development for certificated staff members to support District Goals and Objectives</p>	<p>ACTUAL One 4 hour professional development was offered for certificated staff members to support District Goals and Objectives during the school year. One full day offered in June 2017.</p>
Expenditures	<p>BUDGETED Daily rate of pay per teacher x 2 days 1000-1999: Certificated Personnel Salaries Supplemental \$26,444 Employee Benefits 3000-3999: Employee Benefits Supplemental \$4,500</p>	<p>ESTIMATED ACTUAL Extra hourly rate of pay per teacher x 1.5 days 1000-1999: Certificated Personnel Salaries Supplemental \$24,475 Employee benefits 3000-3999: Employee Benefits Supplemental \$3,916</p>

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The goal is for all students to receive an increased quality of education. Based on the information provided above, growth in the quality and/or quantity of education was met or progress was made in all areas. The full time ELD teacher has been maintained and the percentage of students being redesignated continues to show evidence of achieving the goal. The Intervention Support Specialists are in every Tk-5th grade classroom everyday to provide additional support to students. The 2nd benchmark of the reading results/ BPST for TK-2nd grade are showing progress towards mastery in reading. After school tutoring for 4th-8th grade and the extended day intervention classes for 1st-3rd are implemented and focused on mastery of basic skills at each grade level (phonics, sight words, fluency, reading comprehension, mastery of addition, subtraction, multiplication and division)
 All teachers were offered 4 hours to review data and select interim blocks (benchmarks) to be administered. Teachers need this time to focus on what students need to meet the academic goal.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Based on the data provided above, the actions/services are showing to be effective for all students. All students are continuing to make academic progress as measured by the CAASPP tests from 2015-2016. The school has put additional actions/services in place to ensure student academic growth. The results of the ELA and math intervention programs provided after school for students showed growth in all but 4 students. All students in Tk-2nd grade have made growth based on the BPST/results administered 3 times during the year. Having a dedicated ELD teacher with ELD instruction daily for all English Learners has proven to be effective based on the number of students who have been redesignated during the 2016-2017 school year.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The difference between the budgeted expenditures and estimated actual expenditures is due to the fact that a 1.0 FTE curriculum coach was not hired for the 2016-2017 school year. The District also chose not to purchase ELA and math benchmarks. The administration and certificated staff opted to use the CAASPP interim blocks which are free and provide better alignment to the CAASPP tests and CCSS standards. The District budgeted for two students to attend the Alternative Education School for the 2016-2017 school year, based on prior data. Fortunately, the District has only sent one student for half of the school year. The District has been able to provide services to all other students.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The changes or lack of actions/services to this goal have been noted above. No other changes have been made at this time. It is planned that certificated staff will be able to benefit from at least one more professional development day at the end of the school year in June.

Action	5	
Actions/Services	PLANNED Additional technology support time to accommodate increased technology on campus	ACTUAL Technology support time was increased due to increased technology on campus
Expenditures	BUDGETED Contract with SBCOE for additional technology support 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$15,000	ESTIMATED ACTUAL Contract signed with SBCOE for additional technology support 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$15,000

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Based on the goal of one to one technology access for all students, the actions/services presented have been achieved. Students are provided with technology access during the day as well as after school. Some chromebooks have needed repair and replacement due to the fact that some are 3 years old and are used on a daily basis. The after school tutoring has been in place since November and will end in April. All students are encouraged to use this time after school. The bandwidth was increased in February and now allows all technology to be used at the same time. Students and staff are not prevented from getting onto the internet because of lack of bandwidth. With the increase of the technology support from SBCOE, troubleshooting and technology issues are remedied in a timely fashion.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	With the increase of the bandwidth and additional technology support from SBCOE, the District has been able to provide a very effective technology program. All students in 3rd-8th grade have access to one to one technology in all ELA, math, social studies, and science classes. All students have access to technology after school twice a week as well both after school and in the evening. Students and staff able to use the District’s technology with very few interruptions.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The estimated actual expenditures have increased from the estimated actual expenses due to the increased cost of the additional bandwidth. This was necessary to be able to operate the amount of technology on campus at one time. The cost of the security system has not be implemented at this time. That is noted in the expenditures above. Due to the increased need for students to become fluent in the use of computers. Chromebooks and mobile carts were purchased for all 2nd grade students.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on the measurable rubrics listed above, all have been met. The District did increase the amount of time (weeks) dedicated to after school tutoring, noted above, based on the needs of the students. The needs of the students were based on the students who were academically ineligible due to low grades. These students were invited to attend after school tutoring. As a result, there were less students ineligible during the next grading period. The District will continue to monitor the use of technology in future years and add technology to classes that need it. The District will increase access to technology after school if needed.

<p>Actions/Services</p>	<p>PLANNED Offer Girls Inc. class for middle school girls to support girls academic and social well being. After school program.</p>	<p>ACTUAL Girls Inc. was not able to provide a program this year due to lack of staffing.</p>
<p>Expenditures</p>	<p>BUDGETED Contract with Girls Inc. 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$7,000 Books and Supplies 4000-4999: Books And Supplies Supplemental \$100</p>	<p>ESTIMATED ACTUAL Contract 5800: Professional/Consulting Services And Operating Expenditures Supplemental \$0 Books and supplies 4000-4999: Books And Supplies Supplemental 0</p>

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Extra curricular activities provided after school have been a huge success based on the results from parent/student surveys and the number of students who have participated. Unfortunately the band/choir program and Girls Inc. were not implemented due to lack of resources during the school year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have proven to be very effective. Students have been exposed to art, music, science, and technology (through Footsteps to Brilliance Tk-3rd grade)) during the after school programs. Because of the high demand for after school programs, the District opened up more sections of the classes so that all students would have an opportunity to participate. The feedback from parent/student surveys and the student attendance were all positive. It is anticipated that summer school will run a full program with art, technology, reading, and math for all TK-7th grade students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The estimated actual expenditures for the after school enrichment programs exceeded the budgeted expenses based on the increased demand for classes. The budgeted expenses for band/choir and Girls Inc. were not used based on the lack of resources this year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The changes made to this goal are reflected above due to the lack of resources for programs that were planned. The increased changes made in the after school enrichment programs were made due to the increased need. Based on the data above in the measurable outcomes, all were met and successful for students. The District will work to provide Girls Inc. and a band/choir next year. The District will continue to increase after school services based on the need and the demand next year.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Parent education was implemented throughout the year. Parents were provided training in the CCSS math program and strategies, technology support with Footsteps to Brilliance. In addition, parents attend Back To School Night, PTO meetings, Open House, 7th and 8th grade planning meetings, and high school registration. Parent involvement for student academics is strong. Parents sit on School Site Council, Migrant Council, and ELAC as well. The actions/services provided keep parents informed in regards to academics.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The parent math nights were well attended based on the attendance sheets. Providing translation and child care makes the training accessible to parents with young children. Based on the measures above, all were met. The District would like to get more parents in attendance to support their child's learning.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The budgeted expenditures and the estimated actual expenditures are very close in terms of dollars.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There were no changes made. The District plans to continue the actions and services next year.

Stakeholder Engagement

LCAP Year

2017-18 2018-19 2019-20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The LCAP was an agenda item on the monthly Board of Trustee meetings for the 2016-2017 school year. The LCAP was shared at the School Site Council Meetings, certificated and classified staff meeting, migrant parent meeting, and English Learner Advisory Committee. Parents provided feedback on the services and additional services that would benefit students. The District invited staff and the public to attend two meetings to discuss the progress, goals, and actions of the LCAP. The District meets with the Certificated Union through a monthly Consult. At these meetings, the Union President and Vice President bring up additional ideas or areas to be supported. This year, they asked that language to recruit and retain teachers be added to the LCAP. A public hearing was held on May 31, 2017 during the Board of Trustee meeting. The Board of Trustee approved the LCAP at their board meeting on June 21, 2017.

Annual update 2016-2017

Based on the data provided for the goals, actions, and services, students are progressing toward mastery of the CCSS. The District has increased its measurement of student progress in the intervention programs as well as after school programs. Parent surveys from the enrichment classes were very favorable. The results of the District Writing Assessments, CAASPP scores from 2016, BPST/reading results TK-2nd grade, CAASPP Interim blocks, and CELDT results were all shared during Board of Trustee meetings. Due to the need for students to be proficient on computers, chromebooks and storage carts were purchased for all 2nd grade students. The one to one access is now 2nd grade through 8th grade. The need for more intervention in 4th-8th grade was brought up by the Superintendent, Board of Trustees and staff. This has been added to the 2017-2018 LCAP. Additional support for students with disabilities has also been addressed in the LCAP due to the results from the CAASPP and school dashboard.

Validated the accomplishments and success of the 2015-2016 LCAP. Provided data to support student academic improvement. Writing sample data was provided for all grades in November, February, and May at both board meetings and certificated staff meetings. Parents provided feedback through a survey on the enrichment classes. All were positive and parents want more enrichment classes. The results of the BPST/Reading Results for TK-2nd grade were provided at the Board Meetings in March and May. Data from the 2016 CAASPP tests will be provided once it has been received. The CELDT results were shared at the December Board meeting and the December certificated staff meeting. Determined additional needs for students: additional enrichment classes and after school tutoring, additional technology support due to the increased 1 to 1 technology on campus, curriculum to support the CCSS and NGSS, and support for reading at the TK-3rd grade level, after school support for middle school girls to encourage academics and positive role models, and research based reading programs to increase reading fluency by 3rd grade.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

The information shared by the stakeholders during the 2016-2017 school year has an impact on the changes made to the 2017-2020 LCAP. Students, parents, and staff all would like to see more enrichment and after school tutoring provided to support all students. This was based on a parent/student survey. This is reflected in the plan for the coming years.

As data is reviewed from both interventions and the CAASPP results, the stakeholders have made suggestions to improve student academic achievement which is also reflected in the current LCAP. These include addition of curriculum and professional development, technology support, and parent involvement. These areas of need were addressed and added to the LCAP. Stakeholder meetings were held during the 2016-2017 school year on the following date: Feb 6th: Community/staff, February 28th: School Site Council, March 2nd Staff and middle school students. April: English Learner Advisory Committee and Migrant Parent Committee

The progress made towards all students improving their academic progress has been monitored and measured through the LCAP. Stakeholders agree that the focus needs to include a more purposeful approach to interventions for students who are not making enough progress based on the results from the 2016-2017 data. This has been addressed in the LCAP goals, actions, and services. Included in the interventions is support for students with disabilities.

The stakeholders are satisfied with the progress made by all students as measured in the LCAP. Stakeholders agree that there needs to be more intervention to address the needs of students not meeting grade level standards. Therefore the change in the additional staff person is reflected in the current LCAP.

Goals, Actions, & Services

Identified Need

Needs: English Learner students are not progressing based on the CELDT report from 2014-2015 as fast as grade level peers. English Learners need to be redesignated as Fluent in English within 5 years of attending Spring Grove School. Students below grade level need Tier 2 support in core academic subjects to reach proficiency. Teachers need support in strategies for teaching CCSS in ELA, NGSS, and Math. Data needs to be gathered and analyzed to determine needs of students and progress made on CCSS.

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Anual CELDT scores, classroom grades, District writing assessments	20% redesignated	Redesignate 10% of the number of English Learners based on metrics (1st-8th)	Redesignate 10% of the of English Learners based on metrics (1st-8th)	Redesignate 10% of the of English Learners based on metrics (1st-8th)
BPST results/Reading results, CAASPP scores, classroom grades	BPST reading results for 1st and 2nd grade 25% below grade level. CAASPP scores for 3rd -8th grade 41% scored a 1-2 which is below grade level.	Increased intervention tier 2 support. 10% decrease in students scoring below grade level as measured by benchmark assessments and Tier 2 assessments (Tk-8th) Review data from 3rd grade. New
 Modified
 Unchanged

Goal 3

3. All students will have access to technology to support college and career readiness as determined by the CCSS and the CAASPP tests given to all 3rd-8th grade students..

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL

Identified Need

Needs: Students need access to computers on a regular basis to master the CCSS in math, ELA, science, and social studies.
 Metric: Computer/library schedule, lesson plans, State testing results, student products

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Number of students with one to one devices.	One to One technology in all 6th-8th grade classrooms.	One- to one technology in all 2nd-8th grade classrooms, including classes for students with disabilities	Maintain one to one technology for all 2nd -8th grade classroom, including classes for students with disabilities	Maintain one to one technology for all 2nd -8th grade classroom,including classes for student with disabilities
Library schedule (master)	30 minutes per student per week	TK-2nd grade up to 1 hour of computer time weekly.	TK-2nd grade up to 1 hour of computer time weekly.	TK-2nd grade up to 1 hour of computer time weekly.
CAASPP results, classroom observations	100% use of technology for CAASPP testing. 6th-8th grade use Google classroom, docs, forms, and slides	All 3rd-8th grade students use of technology for CAASPP testing, use of Google classroom, docs, forms, and slides.	All 3rd-8th grade students use of technology for CAASPP testing, use of Google classroom, docs, forms, and slides.	All 3rd-8th grade students use of technology for CAASPP testing, use of Google classroom, docs, forms, and slides.
Number of students graduating	100%	8th grade graduation rate at 100%	8th grade graduation rate at 100%	8th grade graduation rate at 100%
Suspensions reported in Calpads	15 suspensions	Suspension rate at less than 18 students for the year.	Suspension rate at less than 18 students for the year.	Suspension rate at less than 18 students for the year.

Expulsions reported in Calpads	1 expulsion	Expulsion rate at zero	Expulsion rate at zero	Expulsion rate at zero
Annual attendance report P-2, SARB letters	97%	Maintain attendance rate at 97%	Maintain attendance rate at 97%	Maintain attendance rate at 97%

Needs: Students need to have access to courses not offered during the regular school day to expose them to options that will allow them to be college and career ready.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$486,978

Percentage to Increase or Improve Services: 9.00%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The LCAP funds provide services for all students. The services for all students include 100% highly qualified teachers, a clean safe campus, one to one technology for all 2nd-8th grade students, access to new CCSS curriculum in Math, Intervention Support Specialists in the classrooms, benchmarks for assessments, after school enrichment classes, summer school, an after school band program, and parent education. In addition the following is being offered to low income students, foster youth, and English Learners: Full time ELD teacher, Tier 2 and 3 interventions for ELA, extended day intervention services, Language development intervention services, after school library services, after school enrichment programs, and Parent information nights with Spanish translators. These services were offered during the 2016-2017 school year and were successful based on high attendance both during the school day, after school, and the evening services and the data to support the results. It is important to provide students who do not have technology or academic support at home with these opportunities at the school. They will be continued for the 2017-2018 school year with increased services to ensure that all students are serviced to increase students success academically. Teachers will be provided additional professional development opportunities in student engagement, Math, and technology, as well as an instructional coach who will provide support both in the classrooms and support with programs and services to assist our unduplicated pupils. These services provide equity for students who do not have access or support at home. The North County Joint Union School District strives to provide a comprehension academic program that provides equity for all students to close the academic achievement gap and prepare all students for college and career.

The services for low income students, English Learners, and Foster Youth have been increased for the 2017-2018 year. The services have been increased in the LCAP due to the needs of the students. Additional support has been provided in the classroom with additional Tier 2 and 3 supports and curriculum, technology support, CCSS consumable curriculum, an Intervention Teacher, and enrichment classes. The District has also added evening tutoring in the library and additional after school tutoring to support students who do not have access to technology, internet, or academic support outside of the school day, as well as added after school extended day. Additional professional development for teachers has also be increased. The District is committed to closing the academic achievement gap for all English Learners, Foster Youth, and low income students, as well as students with disabilities. The administration will continue to monitor the students' success through the data gathered from the CAASPP testing, benchmark tests, as well as the graduation rates. Parent involvement in educational nights will continue to be monitored and the administration will look for ways to increase parent participation.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

[Annual Update](#)

[Stakeholder Engagement](#)

[Goals, Actions, and Services](#)

[Planned Actions/Services](#)

[Demonstration of Increased or Improved Services for Unduplicated Students](#)

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

LCAP Expenditure Summary

Total Expenditures by Funding Source						
Funding Source	2016-17 Annual Update Budgeted	2016-17 Annual Update Actual	2017-18	2018-19	2019-20	2017-18 through 2019-20 Total
All Funding Sources	490,082.00	459,005.00	580,435.00	611,362.00	617,579.00	1,809,376.00
LCFF	35,100.00	44,657.00	43,000.00	59,000.00	49,000.00	151,000.00
Supplemental	407,313.00	362,263.00	486,978.00	500,162.00	515,807.00	1,502,947.00
Title I	47,669.00	52,085.00	50,457.00	52,200.00	52,772.00	155,429.00

* Totals based on expenditure amounts in goal and annual update sections.

Total Expenditures by Object Type						
Object Type	2016-17 Annual Update Budgeted	2016-17 Annual Update Actual	2017-18	2018-19	2019-20	2017-18 through 2019-20 Total
All Expenditure Types	490,082.00	459,005.00	580,435.00	611,362.00	617,579.00	1,809,376.00
1000-1999: Certificated Personnel Salaries	213,478.00	139,294.00	231,499.00	235,397.00	238,604.00	705,500.00
2000-2999: Classified Personnel Salaries	51,452.00	55,808.00	55,058.00	56,097.00	57,208.00	168,363.00
3000-3999: Employee Benefits	74,551.00	60,563.00	90,078.00	96,068.00	100,767.00	286,913.00
4000-4999: Books And Supplies	53,596.00	123,379.00	70,300.00	90,300.00	87,300.00	247,900.00
