PROFILE

Stockbridge High School is a comprehensive high school located approximately twenty miles south of Atlanta, Georgia. Approximately 40% of our graduates attend a four-year college, about 9% attend a two-year college, and approximately 12% participate in the National Student Clearinghouse.

Stockbridge High School's mission is to advance the lives of students through the power of Science, Technology, Engineering, Arts, and Mathematics (STEAM) and purpose-driven actions. It is our belief that all students can learn and that students learn best in an environment that is safe, stimulating and challenging. The educational experiences must address each student's cultural, social, emotional, physical and academic needs. Activities are connected to real world experiences with an emphasis on competency in technology. Parents are important partners in assuring success for all students because their positive contributions result in greater student achievement.
