

# Mini Mantas Programme of Inquiry

## WHO WE ARE

### I am part of a community

- The important people in my life (connection)
- The ways we express ourselves (form)
- Recognizing similarities and difference between myself and others (perspective)
- How my relationship with the community changes as I grow (change/responsibility)

## SHARING THE PLANET

### We are connected with nature

- The connection between ourselves and living things (connection)
- What nature is like (form)
- The ways we care for living things (responsibility)

## HOW WE EXPRESS OURSELVES

### Celebrations bring people together

- Different ways people celebrate (form)
- Why people celebrate (causation)
- How we prepare for celebrations (function)

## HOW THE WORLD WORKS

### Movement helps us to explore the world and ourselves

- Things that move (form)
- How things move (function)
- What happens when things move (causation)
