School Plan for Shared Student Achievement

What is it? This is a plan that describes how South Jackson Elementary will provide opportunities to improve parent engagement to support student learning. South Jackson values the contributions and engagement of parents to establish equal partnership for the common goal of improving student achievement. This plan describes the different ways that South Jackson Elementary will support parent engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it developed? South Jackson Elementary School welcomes parent input and comments at any time regarding the plan. The plan is presented at the Annual Title I Meeting and feedback is encouraged. Copies of the plan are available at the school and online. Parents can give feedback at any time through the SJES Family Engagement Specialist. All suggestions are discussed by school and teacher leaders to revise the plan for the upcoming school year.

Who is it for? All students participating in the Title I, Part A program, and their families, are encouraged and invited to fully participate in the opportunities described in this plan. South Jackson Elementary will provide full opportunity for the participation of parents with limited English, parents with disabilities and parents of migratory children.

Where is it available? At the first of the year, the plan is available during Parent- Teacher conferences as well as the annual Title I Meeting. As a reminder, we will post the plan on our website and send out a flyer to invite parents to come and give their feedback. Final copies of the plan are sent home in Tuesday Folders.

What is Title 1?

All Title I schools must jointly develop with all parents a written parental engagement policy.
