Welcome to Schultz Elementary!

I am excited to serve as the principal at Schultz Elementary! I come from a family of educators who instilled in me the importance of education from a very young age. I attended Baylor University as a piano performance major, but I graduated from U of H Clear Lake with a B.S. in Interdisciplinary Studies and earned a Master of Education degree from Prairie View University in School Administration. I've worked in Klein ISD since 1994 as an elementary teacher, assistant principal, and principal.

My husband, Derek, and I live in Klein with our Boston Terrier dog, Charlie. Our son, Jordan, lives in Tennessee and works for an IT Software company.

In my free time, I volunteer at our church and am a member of The Delta Kappa Gamma Society International, a professional women's service organization. I enjoy working with our Schultz community, faculty, and staff as we navigate ways to help each of our students reach his/her potential. Go Eagles! Together we SOAR!

Schultz Eagles are saying...

My son loves coming to school. When we walk in, I can tell how happy he is to be here. There's something special about the Schultz family. I can tell the teachers really care.

PARENT

Schultz is my second family and I'm so blessed to work with a loving faculty who does whatever it takes to help kids succeed.

TEACHER

I love Schultz. All the teachers are so caring and loving. I love all the school events that we've had - those are what makes coming to school so fun!

5TH GRADER

CHARACTER EDUCATION

In Klein ISD, we focus on the whole student so that every student will "level up" and engage in rigorous learning and build excellent character.

The TEKS and our Klein ISD Profile of a Learner guiding document together provide the support needed for Whole Student Character Development.

Each elementary school has a guidance counselor to assist students and families with educational, personal, and career development aspects of the students' growth.

PROGRAM HIGHLIGHT

Schultz Elementary teachers focus on high-quality instruction through the use of personalized pathways, peer collaboration, and extension lessons when academic content has been mastered. We focus on knowing students by name, strength, and need and tailor learning opportunities to meet each individual student where they are in their learning journey.
