SUBJECT: DISTRICT'S ADOPTED WELLNESS PROMOTION POLICY (2.035) AND WSCC MODEL

The District's *Wellness Promotion Policy* (2.035) was revised and recently adopted by the School Board on March 27, 2019. The policy revisions were made to update changes needed in order to remain compliant and fulfill the requirement under [Public Law 111-296](#) (42 U. S.C. § 1758b) and [Florida Statutes Section 1003.453](#). School districts must have a local "school wellness policy" to promote student health, safety, and the reduction of childhood obesity. The policy also promotes wellness for District employees. The District is committed to providing a school environment that enhances learning and development of lifelong wellness practices and promotes and protects the overall well-being of all students and staff.

We're ALL In Campaign

The Departments of Safe Schools and K-12 Curriculum have partnered to launch the voluntary *We're ALL In* campaign, symbolized by a logo composed of a union of multicolored hands. This logo has been made into a badge that can be worn along with District identification badges. The message behind this emblem is simple: *“People of all cultures, nationalities, orientations, and identities are safe and welcome in my office/classroom.”*

To get a supply of these badges and to learn more about the campaign badges and posters contact William (Pete) Stewart, [mailto: william.stewart@palmbeachschools.org](mailto:william.stewart@palmbeachschools.org) or Cheryl Phillips, cheryl.phillips@palmbeachschools.org in the Department of Teaching and Learning.

The 4-7-8 (or Relaxing Breath) Exercise

The 4-7-8 breathing exercise is utterly simple, takes almost no time, requires no equipment and can be done anywhere. Although you can do the exercise in any position, sit with your back straight while learning the exercise. Place the tip of your tongue against the ridge of tissue just behind your upper front teeth, and keep it there through the entire exercise. You will be exhaling through your mouth around your tongue; try pursing your lips slightly if this seems awkward.

- **Exhale completely through your mouth, making a whoosh sound.**
- **Close your mouth and inhale quietly through your nose to a mental count of four.**
- **Hold your breath for a count of seven.**
- **Exhale completely through your mouth, making a whoosh sound to a count of eight.**
- **This is one breath. Now inhale again and repeat the cycle three more times for a total of four breaths.**

The absolute time you spend on each phase is not important; [the ratio of 4:7:8 is important](#). If you have trouble holding your breath, speed the exercise up but keep to the ratio of 4:7:8 for the three phases. With practice you can slow it all down and get used to inhaling and exhaling more and more deeply. This breathing exercise is a natural tranquilizer for the nervous system. Unlike tranquilizing drugs, which are often effective when you first take them but then lose their power over time, this exercise is subtle when you first try it, but gains in power with repetition and practice. Do it at least twice a day. You cannot do it too frequently.

Once you develop this technique by practicing it every day, it will be a very useful tool that you will always have with you. Use it whenever anything upsetting happens – before you react. Use it whenever you are aware of internal tension or stress. Use it to help you fall asleep. This exercise cannot be recommended too highly. Everyone can benefit from it.

“Practicing a regular, mindful breathing exercise can be calming and energizing and can even help with stress-related health problems ranging from panic attacks to digestive disorders.”

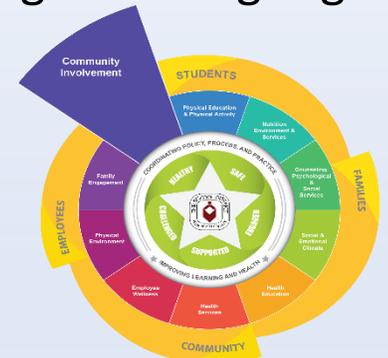

Andrew Weil, M.D.

How To Report Bullying

Bullying Report

See Something. Say Something.

Bullying Hotline: 561-434-8200

If you or someone you know is a target of bullying, abuse, mistreatment, harassment, threat or intimidation, let us know the name of your school and as many specifics of the situation as possible. Reporting is not tattling when the intention is to alert the teacher and/or administration of any harmful acts of mistreatment toward your child or others.

Bullying Report

Per the Florida Department of Education, bullying is defined as systematically and chronically inflicting physical hurt or psychological distress on one or more students that is severe or pervasive enough to create an intimidating, hostile, or offensive environment, or unreasonably interfere with the individual's school performance or participation.
