8:40 am	Information Item: Principal's Update:	Ms. Lemerond
	Construction went well. The amount of work done was extensive. Some	
	of the updates made to the building included new water heaters, AC	
	units, power units, generators, new classroom floors and a new	
	communication system.	
	Contractors cleaned up over thing including stuff on the walls. We are	
	Contractors cleaned up everything including stuff on the walls. We are	
	in the process of working with the district to see if there can be	
	anything that can be reimbursed as the missing stuff is in thousands of	
	dollars.	
	As a district, enrollment is down in most Fulton County Schools. At this	
	point, we are 7 students short in kindergarten, 7 students short in	
	fourth grade, and 4 students short in 5 th grade to keep existing classes.	
	We are waiting for more clarification from the district so we can	
	proceed forward with what needs to be done.	

We will be working on drafting and approving the new Strategic plan. Our goal is to have concentrated plans based on the balanced score card and align with the district.
