African American Student Achievement Initiative

WHAT IS AASAI?

The African American Student Achievement Initiative is a Hayward Unified School District (HUSD) initiative focused on making teaching and learning more inclusive and impactful. It's dedicated to supporting the academic, social, and emotional needs of our African American and Black students, as well as the families and communities that uplift them, while fostering an environment where everyone feels valued and included. The success of this initiative is deeply rooted in the active involvement of parents, who play a crucial role in nurturing and advocating for their children's education and well-being. Parental engagement ensures that the voices of our families are heard, making AASAI a truly collaborative effort that benefits the entire community.
