ATTENDANCE in the early grades

IT MATTERS!!!

If children don't show up for school regularly, they miss out on fundamental reading and math skills and the chance to build a habit of good attendance that will carry them into college and careers.

DID YOU KNOW....

- Missing just **2 days** a month means a student misses **10%** of the school year
- Students in kindergarten and 1st grade who miss 10% of the school year are **far less likely to read** proficiently in 3rd grade
- Students who attend school regularly are **more likely** to build **positive relationships** with their peers

WHAT CAN YOU DO?

- Create a predictable bedtime routine that allows for adequate amount of sleep
- Talk about & model the importance of attendance at home
- Help your child be on time for school everyday

We understand that sickness happens! **CLICK HERE** for more information on sickness & district protocol.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in early on so they learn right away that going to school on time, every day is important!
