

### Strategic Plan at a Glance

## STRATEGIC AREAS OF FOCUS

Our strategic plan, “Envision Shoreline: Engage. Inspire. Empower.” is built around three areas of focus that create an integrated framework designed to ensure that students are prepared to thrive academically, socially, and emotionally.

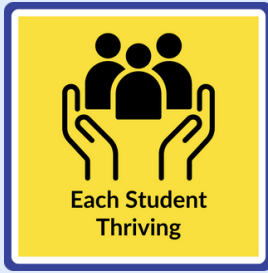

The foundation is the district-wide, inclusive Multi-Tiered System of Supports (MTSS)

Building on a foundation of MTSS, the first pillar is the goal of ensuring that all of our students are successful by emphasizing literacy.

This approach helps develop resilient, adaptable, and well-rounded global citizens who are equipped to confidently navigate both academic challenges and the broader demands of life, ultimately leading to personal and professional success.

The second pillar is the goal of ensuring students are successful by emphasizing and providing support for students' behavioral, social, and emotional needs.

## STRATEGIC PLAN TARGETS

To track our progress, we have set three ambitious targets that include all students, with particular attention to LatinX, Native American/Indigenous, Black and African American students, Multilingual Learner students, students who receive free and reduced price lunch, and students with disabilities.

By Spring of 2029:

- 85% of Shoreline 5th and 8th graders will read at grade level
- 95% of Shoreline students will report feeling safe and welcome in school
- 95% of Shoreline students will graduate on time
