**Explain "Yes" Answers Here**

**COVID-19**

**Y N**

- 1) Was your child hospitalized as a result for complications of COVID-19?
- 2) Has your child had any long-term complications from COVID-19?
- 3) Did your child have any special tests ordered for their heart or lungs or were referred to a heart specialist (cardiologist) to be cleared to return to sports?

**Explain "Yes" Answers Here**

## Patient Health Questionnaire Version 4 (PHQ-4)

Over the last two weeks, how often have you been bothered by any of the following problems? (circle responses)

	Not At All	Several Days	Over Half The Days	Nearly Every Day
Feeling nervous, anxious, or on edge	0	1	2	3
Not being able to stop or control worrying	0	1	2	3
Little interest or pleasure in doing things	0	1	2	3
Feeling down, depressed, or hopeless	0	1	2	3

(A sum of  $\geq 3$  is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

If you score a sum of 3 or greater on either questions 1 and 2, or 3 and 4, you may have anxiety or depression that is affecting you more than normal. In this case, it is recommended that you talk to a trusted health care provider such as your primary care physician, your athletic trainer at school, or a counselor at school. If there is not someone you feel comfortable talking to or you are interested in learning more to help yourself or a friend, please use the resources provided below.
