SCHOOL DISTRICT
4801 9TH AVE.
PORT ARTHUR, TX 77642
(409) 989-6100

**PORT ARTHUR ISD
SCHOOL HEALTH ADVISORY COUNCIL
"SHAC"**

WHAT IS SHAC?

A SHAC is a school district created advisory group. Members of the SHAC come from different areas of the community and school district. Texas law (Texas Education Code, Title 2, Chapter 28, §28.004) requires the establishment of a SHAC for every school district. The job of the SHAC is to make sure that the school district's school health programs reflect local community values.

Purpose

The Port Arthur Independent School District has established an advisory council to advise the school board and assist the district in ensuring that local community values are reflected in the district's health education plan. The advisory council will advise and support the school's effort to assess their needs to become healthy, productive citizens.

Responsibility for the physical, emotional, social, mental, and intellectual health of our youth belongs to their families and the entire community. Effective coordinated school health programs can contribute to helping young people avoid health risks by increasing their skills to make responsible choices about behaviors that can affect their health.

Membership

SHAC consists of individuals appointed by campus leadership to represent the campus and individuals who volunteer to serve. Community representation is also solicited via invitation.

2024 -2025 Meetings

Texas SHACs are required to meet at least four times each school year (TEC, Title 2, Chapter 28, §28.004).

Sep 16 — Nov 18 — Feb 17 — May 12

Mission

The mission of the Port Arthur ISD SHAC shall be to promote school health that ensures all children will graduate with the knowledge and skills to maintain a healthy lifestyle.
