Environmental

September 5, 2024

Dear Ms. Gibson,

As your asbestos inspector, RainCrow Environmental has completed the 3-year inspection. Please file this report with the other asbestos 3-year inspection reports. I have attached your annual notification letter as well. You may paste the notification letter on your school web site which is acceptable as a means of notifying staff, students, and parents.

For more information about AHERA regulations, and what the federal requirements are for the control of asbestos in Alabama schools, please visit the EPA website, and look for "The ABCs of Asbestos in Schools."

Sincerely,

Stan Eller
