## About Me

Hello! This will be my first year at Gavilan Peak! I have previous experience with tutoring Writing, Time Management, and Art for students from different backgrounds, such as English as a second language and those with learning disabilities (ADHD, Dyslexia, etc).

I was born in New York, but I grew up in the Bay Area. I moved to Anthem last year. I've always loved art and to create stories, whether that was for books, animation, or other illustration/art media.

I believe your students will excel in my instruction, because unlike other art classes, I am a trained illustrator who loves to teach. My goal is to give a deeper understanding to what it means to create art within each project. I want every student to have the confidence to work on something they might struggle with while still creating what they love.

Thank you and I look forward to this school year!
