

GRADUATION EXERCISES

3.301

Students who meet all high school graduation requirements as specified in the district Student Progression Plan may participate in any graduation activities. Graduation activities shall be considered school functions and shall be conducted under the school principal's direction.

- I. The principal is authorized to exclude prior to or during graduation activities any student for misconduct or for refusing to follow established rules or procedures for graduation activities.
- II. School administrators may plan, schedule, and conduct appropriate graduation activities with the School Board's approval.
