

2024-25 BUS ROUTE INFORMATION

New Stops and Special Pricing

To make bus ridership even more appealing, we are adding two super convenient new bus stops just off the 101 on either side of campus (@ Las Virgenes and @ DeSoto), and we are rolling out special pricing for ALL pick-up and drop-off locations in Calabasas, Hidden Hills, and Woodland Hills!

Viewpoint has an extensive network of morning, afternoon, and evening bus routes purposefully designed to serve the many communities in which our families live. Riding the bus is fun and socially rewarding for your child. It is a convenient alternative to the daily drive for you and offers an environmentally friendly way to save money on gas while avoiding contributing to the congestion that can be encountered during morning drop off and afternoon pick up. We encourage everyone to consider using the bus to get to and from school!

Some morning routes have a target arrival time of about 7:35am and others have a target arrival time of about 8:20am. Afternoon routes leave 10-15 minutes after the end of school and late buses are available for middle and upper school students who have athletics practices, games, rehearsals, or other after school activities. The bus stops we anticipate using are described in the attached schedule. Finalized routes, stops, and timetables will be made available in July.

Annual Passes and Per Ride Tickets

Regular riders will typically save money with a 1-way or round-trip annual pass. Families receiving tuition financial assistance at Viewpoint automatically receive a discount on bus service, and families with multiple children receive an additional 25% off on all but their first bus-riding child.

Signing Up

Rider registration is now open and will continue until Friday, August 11th. A reminder will be sent in July when finalized route and bus stop information is released. Space will be assigned on a first come - first serve basis, service may be limited by bus capacity, and rider registrations will be accepted only so long as space is available.

Transportation Service Providers

Viewpoint contracts with reputable transportation service providers as well as driving vehicles of our own. In the coming year we anticipate using First Student, American, Excellence, and Brooks Transportation to drive routes for us.
