8.270*

- I. All applicable laws and School Board policies shall be observed in all construction bid procedures. All construction or capital improvement bids shall be accompanied by evidence that the bidder holds an appropriate certificate or license or that the prime contractor has a current valid license.
 - A. Prequalification of Contractors. The Board shall prequalify contractors on an annual basis or for a specific project. This section is applicable to bids, construction management, design build, and any other construction services application
 - B. Selection Process. Those contractors desiring to bid on Board projects must be prequalified. The Board may reject any application that contains inaccurate information.
 - C. Application. Each contractor, firm or person requesting pre-qualification shall submit an application. The application shall include the following:
 1. Detailed information setting forth the applicant's competence, past performance, experience, financial resources, and capability, including a Public Entity Crime statement and references.
 2. Audited financial information current within the past 12 months, such as a balance sheet and statement of operations, and bonding capacity. The requirement for financial information may be satisfied by the contractor providing written verification of the contractor's bonding capacity.
 3. General information about the contractor company, its principals, and its history, including state and date of incorporation, regardless of whether the contractor is a resident or non-resident of the geographic area served by the Board.
 4. Every contractor and subcontractor desiring to enter into a contract with the school district shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. Contractors entering into contracts with a subcontractor, must have an affidavit from the subcontractor stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.

- a. Contractor must provide evidence of compliance with Florida Statute Section 448.095. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
 - b. Contractors entering into contracts with a subcontractor, must have an affidavit from the subcontractor stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.
 - c. Contractor shall provide a copy of sub-contractor affidavit to the School Board upon receipt and shall maintain a copy for the duration of the Agreement.
 - d. Failure to comply with this provision is a material breach of an Agreement, and School Board may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with School Board securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary).
5. Contractor trade categories and information regarding the state and local licenses and license numbers held by the applicant.
 6. A list of projects completed within the last five (5) years, including dates, client approximate dollar value, size and reference name for each project.
 7. Certificates of insurance confirming current workers' compensation, public liability and property damage insurance as required by law.
 8. A list of all pending litigation and all litigation within the past five (5) years, including an explanation of each. Litigation initiated by the contractor to protect the contractor's legal rights shall not be used as a basis for rejecting prequalification.
 9. The completed application and financial information shall be attested to and signed by an authorized officer of the company, the owner, or sole proprietor, as appropriate, and the signature shall be notarized.

Upon completion of the construction, the final payment shall be made only on the School Board's approval after proper inspection of the facilities.
- IX. The specifications for construction bids may not be written to limit any purchase of systems or materials to a specific brand or a single source of supply, unless the School Board, after consideration of all available alternative materials and systems, determines that the specifications of a sole material or system is justifiable, based upon its cost interchangeability.
- X. All bid requests shall include a notification to bidders that failure to file a bid protest within the time and in the manner prescribed by School Board rule shall constitute a waiver of any further right to protest such bid award.
