Administrator Board Reports

Technology Update
09/11/24

Jeffrey Ryan - Director of Information Technology

IT Completed Summer Projects...

- Google backup solution
  - Up and successfully backing up all of DASD's Google infrastructure
- Copying/printing project
  - New system configured to allow secure and efficient use of copiers
  - Copiers moved to appropriate locations and locked down with badge release
  - Most printers removed (a few remain in locations that are a significant distance from copiers for small jobs)
- New forms created plus electronic onboarding packets implemented
  - The athletic pass form, Chromebook insurance, and 24-25 AP payment online forms implemented (250+ transactions processed)
  - Multiple new forms created within SCView
  - HR onboarding electronic packets implemented by Jonathan Adams using SCView
- New teacher Chromebooks
  - For the first time, Chromebooks have been distributed with teachers in the Primary School and Middle School. We are working with them to get transitioned over from their old Windows laptops and to get them comfortable with these new systems.
- piSignage
  - New signage system fully implemented with many new signage monitors installed throughout the district
- Misc. Summer Work
  - New firewall installed and configured
  - 2 new switches installed and configured
  - 100+ new Access Points installed and configured
  - 600 new Chromebooks configured and distributed
  - Multiple new cameras installed
  - Existing chromebooks physically cleaned, data cleaned, and upgraded
  - Many new wire runs for multiple projects
  - All systems and appliances upgraded and checked
  - Data systems synced with the 24-25 school year in Sapphire and multiple other systems
  - Classroom hookups and preparation
  - Many other small projects while continuing to support people who work in the summer

IT Performance

- Network (Aug 2024)
  - LAN uptime at 99.969% - 668,946 polls with 205 lost (based on 100 monitored critical devices monitored 24/7). Up slightly from last month. Internet uptime was very good this month with no outages.
  - .Average LAN latency (speed) at .540 milliseconds (based on 100 device average). Slightly slower than last month. Internet latency is significantly (15%) better than prior to the firewall upgrade and is excellent overall.
  - Average daily use (school hours only) of the Internet at 972.76GB. Up 59.44% from last August.
  - Wireless - 3595 unique clients with an average of 850 clients per day (clients averaging 2.70GB of usage).
- Website (Aug 2024)
  - 63,744 views (550,000+ since launch in August 2023) and 10,096 total users - Up significantly from last month and consistent with last year (anything over 10,000 per month for a small school is good).
  - 36.44% bounce rate (rate at which people immediately leave upon entering the site - anything under 40% is good).
  - 3 minute 53 second average session duration (2-4 minutes is considered very good).
  - 50.5% of traffic this month is cell phones and the top source is Google search (4,904 search clicks).
  - Most popular pages and search terms this month are calendar, supply list, and handbook.
  - Translations - To date we've had 14,840 words on our site translated to Spanish and 4,655 to Chinese (We offer 5 languages).
- Printing (Aug 2024)
  - 365.071 pages printed/copied - Down significantly compared to last August (432,275 - 15.5% less)
  - Print 133,122 and Copy 231,949
- Help desk calls (Aug 2024)
  - 484 calls entered in last 30 days. 473 documented calls completed in last 30 days (1.98 days average completion time).
  - There are a large number of undocumented tickets during this time of year.
