Credit will be denied if a student has 2 unexcused class absences (cuts) in a course meeting every other day. Physical Education meets every other day.

In the event of an excused absence, the opportunity to make-up class work is afforded so that a student will not be penalized academically due to excused absences. Make up work is the student's responsibility. It is the prerequisite of the teacher to assign whatever work is necessary to equate the work that was missed due to absence. Classes must be made up within 2 weeks of return to school. Teachers bear no responsibility to provide students with an opportunity to make up work if the student's absence is unexcused or if he/she is unprepared. Accordingly, students who have a combination of excused absences not attended to and unexcused absences that in total exceed

the minimum attendance requirements for a quarter shall result in no course credit or an F for that quarter. Parent/guardians will be required to excuse their child's absence(s) within 5 days (excluding weekends). Absences may not be excused after this time period.

Any student coming to class after the activity has begun without a pass will be marked late and unprepared. Students late with a pass will stay with the class or the sideline but will not receive preparation points for that period. Students who cut physical education class will not earn any points. For any assessment given, the student will receive a zero. If a student is unprepared, they can still participate. However, they will not earn preparation points for that day.
