Facility Policy Manual

## FACILITY ACCESS

---

### *HOURS OF OPERATION*

The normal, weekly hours of operation for the Jerry E. McGee Center are as follows:

- Monday – Thursday: 6:00 AM – 11:00 PM
- Friday: 6:00 AM – 8:00 PM
- Saturday: 10:00 AM – 6:00 PM
- Sunday: 10:00 AM – 8:00 PM

During holidays, semester breaks, or when unforeseen circumstances necessitate, the normal hours of operation will be adjusted. The adjusted hours of operation will be communicated to patrons as quickly as possible through signage, email, social media, and/or any other medium of the Campus Recreation staff's choosing.

Other than Campus Recreation staff, Campus Services, and emergency personnel, no one has access to the McGee Center outside of operating hours without the express approval of Campus Recreation professional staff. The Campus Recreation staff reserves the right to adjust McGee Center hours of operation at any time.

---

### *MEMBERSHIP*

By virtue of their direct connection to Wingate University, the following groups automatically obtain a membership to the McGee Center that allows them entrance into the recreation facility any time during hours of operation:

- Currently Enrolled, Registered Students
- Current Faculty
- Current Staff

Students who wish to continue using the McGee Center over the summer term, but aren't currently an enrolled/registered student, employed, completing an internship, or working on a research project on campus will have the ability to purchase the "WU Summer Pass." This membership costs \$10 and provides these individuals normal access to the McGee Center though the duration of the summer term. This membership is only available to students who were enrolled/registered students during the preceding spring semester. This membership will not be prorated for any reason. Students who are not taking class over the summer term, but are employed, completing an internship, or working on a research project on campus during this period will be manually assigned a "Wingate Intern" membership for the duration of the summer term.

To gain entrance into the recreation facility, members will need to have their current Wingate University issued ID. The ID will be scanned by the patron at the card reader at the recreation desk. Assuming the patron has a valid membership, their card was scanned correctly, and the student employee at the recreation desk has verified the patron's identity, they will be granted access to the recreation facility.

Due to current infrastructure and stipulations related to operational procedures, we are unable to offer memberships to any individuals that do not fall into one of the aforementioned categories.

---

### **FORGOTTEN ID**

Each semester, members will be given two “courtesy visits” where they will still be allowed to enter the McGee Center if they forget their Wingate ID.

- In the event a patron forgets their Wingate ID, they will need to visit the recreation desk so the student employee can verify their identity and grant them access through the turnstiles.
  - Patrons are expected to know their ID numbers in this instance, and may be asked for additional identification and/or asked questions in order to verify who they are.
  - Patrons are strongly encouraged to take a picture of the front and back of their IDs on their phones to scan at the barcode readers in case they forget their physical copy. Using a picture on the phone works the same way as the physical ID and does not count as a courtesy visit.
- If a patron forgets their Wingate ID more than twice in a semester, they will not be granted access to the McGee Center until they retrieve it.
  - If the patron is there for an academic class or other approved event, they will be escorted to their class by a Campus Recreation staff member.
  - If the patron’s ID has been lost, stolen, etc. it is their responsibility to have a new one made by Residence Life before they can enter the recreation facility.

---

### **GUEST PASSES**

Each current Wingate faculty, staff, and student with a valid membership to the McGee Center is eligible to serve as a sponsor for up to four guests per day. Guest passes will only be sold with the sponsoring member accompanying the guest present, cost \$5.00 per guest, and can be redeemed for a single day use (meaning the guest can use it for entry multiple times, up until closing time of the same day they redeem it, at which point the pass expires).

The stipulations regarding McGee Center guest passes are as follows:

- No guest may solicit members to act as their sponsor in order to gain access to the recreation facility.
- Guests must be at least 18 years old and present a government issued ID with their picture, full name, and date of birth to the student employee at the recreation desk.
- If a member would like to bring in more than four guests in one day, they will need to request permission from a professional staff member of the Campus Recreation Department (or a proxy designated by one of these employees) at least one business day in advance.
- All rules and regulations pertaining to members also apply to guests while in the McGee Center.

- Guests must depart the facility the same time as their sponsoring member.
- Guests are not eligible to check out any equipment from the recreation desk. The sponsoring member must check out all equipment for themselves and their guest(s).
- Guests are eligible to participate in Group Fitness classes, assuming there are spots available.
- Guests are not eligible to participate in Intramural competition or other special events.
- If a guest is asked to leave the McGee Center for any reason, the sponsoring member must also depart with them (and vice versa).
- Sponsoring members will be held responsible for all of their guest(s)' actions while in the McGee Center, and will be charged any fees associated with repairs, damage, cleanings, replacements, etc. that result from their guest(s)' actions.
- The Campus Recreation professional staff and student employees reserve the right to, at any time, deny access or continuing use of the McGee Center to any member or guest, should they deem it necessary.
- Guests will be required to fill out the McGee Center / Wingate University Waiver.

Members participating in an intramural competition in the McGee Center are able to check out an "Intramural Spectator Pass" from the recreation desk for a guest who is there to watch the game.

- The pass is checked out to the member's account, just like a piece of equipment, and is due back to the recreation desk immediately following the conclusion of the game.
- The pass only allows the guest the opportunity to watch the intramural game taking place in the McGee Center. If this guest/spectator is found to be exercising and/or participating in any area of the facility, the member and their spectator will be asked to either purchase a guest pass from the recreation desk or leave the facility.

---

## **SUSPENSIONS**

Patrons of the McGee Center can be suspended from Campus Recreation activities, events, facilities, programs, and/or services for the following reasons:

- Allowing another individual to use their Wingate ID to gain access to the McGee Center
- Fighting
- Harassment
- Policy violation(s)
- Trespassing
- Vandalism
- Other incidents deemed to be inappropriate, dangerous, or violating Wingate University policies and guidelines by Campus Recreation staff

The terms and conditions of any suspension will be determined by the Campus Recreation professional staff, or any proxy they designate. Depending on the nature of the incident, patrons may be required to meet in person with a Campus Recreation professional staff member, a designated proxy, and/or other departments/entities that become involved.

Any student that is suspended from using the McGee Center, but has an academic class meeting in the facility will still be granted access to the building. They will be escorted to their class by a Campus Recreation staff member and are required to leave the facility immediately after the conclusion of their class.

### CHECK OUT PROCESS

All current McGee Center members are eligible to check out equipment from the recreation desk.

- The student employee at the recreation desk will scan the patron’s Wingate ID or type in their ID number to pull up the patron’s account.
- The student employee will retrieve the item(s) requested by the patron and, after inspecting them for damage, check out the specifically numbered pieces of equipment to the patron’s account.
- All pieces of indoor equipment are due by closing time the same day they are checked out. Outdoor equipment is due by closing time the following day, and camping equipment can be checked out for up to a week.
- Patrons are responsible for bringing back the same specific item(s) they were checked out, in the same condition.
  - Assuming the correct pieces of equipment are brought back in the same condition, the student employee at the recreation desk will check-in the item(s) from the patron’s account and put the item(s) back in place.

- o Should a patron return a different item than they were issued at check-out, the original item will not be taken off the account and the patron will still be responsible for ensuring it gets returned in the same condition.
- o If a patron returns an item with signs of destruction or misuse, or fails to return an item, the item will not be checked in from the patron's account, and the student employee at the recreation desk will proceed with the damaged/missing equipment process.

---

### ***DAMAGED / MISSING EQUIPMENT PROCESS***

Members that check out equipment from the recreation desk will be held accountable if the equipment goes missing or sustains damage while under their possession.

- The student employee at the recreation desk will inspect returned equipment, before checking it in from a member's account, and set it aside without checking it in if they find it to be damaged.
- The student employee who closes the recreation desk, before leaving each night, will double-check the outstanding equipment list to see if any checked out items were not returned.
  - o In either case, the student employee will submit the appropriate form on the student employee Canvas page. If it is a case of damaged equipment, they will also have the student supervisor take the item to the Assistant Director's office.
  - o Before proceeding, the Assistant Director for Facilities, or any proxy they designate, will inspect the damage themselves, read the submitted form, and/or double-check to see if the equipment has been turned in.
  - o The Assistant Director for Facilities, or any proxy they designate, has final authority in determining when an item is officially considered irreparably damaged or lost.
  - o If the Assistant Director for Facilities, or proxy they designate, finds fault on the part of the patron for either damaging or losing equipment, a replacement fee will be charged to that individual.
  - o Any appeals related to replacement fee charges will be heard by the Director of Campus Recreation. The meeting to discuss the appeal must be scheduled within a week of the patron being notified of the pending charge. The Director of Campus Recreation has final say concerning a patron being charged or not.

## **RESERVATIONS**

- Functional Training Room
- Group Fitness Studio(s)
- Lobby
- MAC Gym
- Multi-Purpose Court(s)
- Racquetball Court(s)

---

## *PROCESS AND STIPULATIONS*

If a member wishes to request a reservation of one of the above areas, they can do so by filling out a request via EMS, asking a student employee at the front desk to fill out the reservation request form for them, or by filling out the [form](#) on their own. If at all possible, these requests need to be made two weeks in advance and requestors will need to provide details such as:

- Date(s)
- Time(s)
- Space(s) Needed
- Anticipated Number of Participants
- Contact Information
- Equipment Required
- Description of Activity
- Purpose of Event

All of the above criteria, and any additional information provided, will be taken under consideration by the Campus Recreation staff when making a decision of whether to accommodate the reservation request. There are important stipulations individuals should be aware of when requesting space in the McGee Center:

- Last minute requests for special events are not likely to be approved, but can be made directly to the Director or Assistant Director(s) of Campus Recreation, or any proxy they delegate. Advanced notice for simple space requests (such as a club meeting) is expected, but Campus Recreation staff will attempt to accommodate last minute requests.
- Campus Recreation won't reserve space for individual persons or "unorganized groups" (EX: I want my intramural basketball team to practice on a court, my buddy and I want to play racquetball at this specific time), and will not reserve space for anything that doesn't align with the mission, vision, and goals of the department and university.
- Campus Recreation won't reserve the Strength Area, Cardio Decks, or Track during operational hours. Approvals will almost never happen for a request that would cause both Multi-Purpose Courts and the MAC Gym to all be reserved at the same time during operational hours.
- If a request is made for times the McGee Center is not open, and the request is approved, the requestor will be responsible for paying at least one Campus Recreation student employee to be present at a rate of \$10 per hour. Campus Recreation reserves the right to determine what is an appropriate level of staffing.

- Campus Recreation has limited amounts of supplies such as tables and chairs for requestors to utilize. Requestors may be required to contact the Coordinator for Event Operations and Conferencing, or an outside vendor, to reserve supplies Campus Recreation does not have.
- Assuming a reservation is approved, during the event requestors are responsible for reporting any unsafe incidents, destruction of property, misuse of equipment, etc. to a Campus Recreation employee as soon as possible. All attendees of an event must follow Campus Recreation's policies at all times.
- Campus Recreation professional staff, or any proxy they designate, reserve all rights in regards to interpreting what is allowed, creating stipulations pertaining to reservations, and canceling/postponing events if they deem it necessary.
- Campus Recreation will make every attempt to contact requestors within a week of a reservation request to set up a meeting and/or obtain additional information regarding the request.
- *Submitting a request does not constitute approval, so requestors should not begin advertising their event until official approval has been given.*

## LOCKER & TOWEL SERVICE

---

### LOCKER SERVICE

The McGee Center will have lockers available for patron use in six different locations:

- Single Use Locker Room 230 (6 lockers)
- Single Use Locker Room 231 (6 lockers)
- Female Student Locker Room (46 lockers)
- Male Student Locker Room (46 lockers)
- Female Faculty / Staff Locker Room (46 lockers)
- Male Faculty / Staff Locker Room (46 lockers)

Due to the relatively limited amount of lockers available compared to the number of potential members wishing to utilize them, all lockers in the Single Use Locker Rooms and Student Locker Rooms will only be available for day use.

- Members may place belongings in an available locker for the duration of their visit
- Members are restricted to the use of one locker per visit
- Any items left in these lockers at closing time each night will be logged and placed in the appropriate lost and found location, with the exception of undergarments (underwear, socks, bras, etc.), which will be immediately discarded
- The Campus Recreation staff reserves the right to open and clear out any locker due to safety or risk management concerns
- Members are responsible for any items they place in the lockers, as well as remembering which locker and combination they use

The Faculty / Staff Locker Rooms will have a mix of both day use lockers and lockers available for rent. There will be 20 lockers available for rent in both the Male and Female Faculty / Staff

Locker Rooms. The other 26 lockers in each room are for day use only, and the same conditions mentioned previously apply to these day use lockers. Stipulations regarding the rented lockers are as follows:

- Lockers may be rented by faculty and staff members on a semester basis and cost \$20.00
  - Cost will not be prorated as the semester progresses, and no refunds will be given
  - Upon payment of locker rental, a green sticker will be placed on the locker
- Members are restricted to renting out one locker, due to limited quantities available
- The Campus Recreation staff reserves the right to open and clear out any locker due to safety or risk management concerns
- Members are responsible for any items they place in the lockers, as well as remembering the combination they set
- Each semester, a “clean-out” date will be established for all rented lockers
  - This date will be communicated to customers via email at least two weeks in advance
  - Customers will either need to renew their locker rental for the next semester or remove all of their belongings from the locker by the established date
  - Any items left in rented lockers on the “clean-out” date will be bagged, labeled, and held for three months; if items are not claimed during this time they will be discarded

---

### ***TOWEL SERVICE***

Due to the propensity for them to go missing on a regular basis, and the subsequent, associated replacement costs, Campus Recreation will no longer be offering free hand towel service to all members. In conjunction with the availability of showers and locker rooms in the McGee Center, all current members will have the ability to purchase shower towel service.

- Towel service is purchased on a semester basis and cost \$20.00
  - Cost will not be prorated as the semester progresses, and no refunds will be given
- Members will be restricted to using one towel per visit
- Towels will be checked out to the member’s account, similar to equipment, so after they are finished using it members will need to return the towel to the recreation desk

Due to myriad risk management and liability concerns, as well as a lack of available direct supervision and instruction, Olympic Lifting is not permitted in the McGee Center. Although this issue was thoroughly explored, the current resources, infrastructure, and operational practices of the Campus Recreation Department and McGee Center do not allow for an environment that the professional staff feels is conducive to the safe performance of these movements for all patrons.
