July 2024

Dear FCPS Families,

On behalf of Frederick County Public Schools, I welcome you and your children to the 2024–25 school year! I am confident this year will be filled with learning, achievement and success for every student. At FCPS, maintaining a learning environment that fosters such growth and ensures the well-being of every student is our top priority.

FCPS expects a high standard of student conduct to ensure that education is provided in an atmosphere conducive to learning, free of disruption and threat to person or property and supportive of individual rights. The School Board has adopted the *Code of Student Conduct* to establish rules and expectations for student behavior while on school property and at school activities/events. The *Code of Student Conduct* describes prohibited behavior and the discipline process throughout the school division.

This redesigned *Code of Student Conduct* outlines behavioral and disciplinary interventions, the importance of due process when dealing with disciplinary matters and the use of the SBAR (student behavior with resulting administrative response) framework to guide administrative decisions. As a result, responses to behavior will be more consistent throughout the school division. The *Code of Student Conduct* will be reviewed annually and updated as necessary.

Partnering with FCPS families is key to our students' success, and I strongly encourage you to review this *Code of Student Conduct Handbook* with your children. We appreciate your assistance at home in reinforcing our efforts to promote a safe learning environment for all students.

As we embark on a new school year, I want to reassure you that Frederick County Public Schools is unwavering in our commitment to providing a caring and inclusive climate and culture. We strive to create an environment where all students are welcomed, respected, valued and supported. If at any time you have any concerns or questions about your child's academic, social, or emotional well-being at school, please do not hesitate to contact your child's school.

Together, we can ensure all students learn and grow.

Sincerely,

Dr. George C. Hummer

Superintendent of Schools

PURPOSE

The Frederick County School Board (School Board) expects a high standard of student conduct in an effort to ensure that education is provided in an atmosphere conducive to learning, free of disruption and threat to person or property, and supportive of individual rights. The School Board has adopted the *Code of Student Conduct* to establish rules and expectations for student behavior while on school property and at school activities/events. The *Code of Student Conduct* describes prohibited behavior and the discipline process throughout the school division.

SCHOOL JURISDICTION

Students are subject to the jurisdiction of the school board and its agents while in school, while at school-sponsored events, while going to and from school, and while at other places or locations, whether on or off school property, when engaged in conduct in some substantial way connected with school or affecting school-related interests.

School is defined as any location or property at which instruction is being conducted or may be made available to students. Locations or properties may include, but are not limited to, any property or facilities owned or operated by or under the control of the school board or on its behalf or by its agent, regional facilities jointly operated by or on behalf of two or more school divisions or under the control of their agent, and classrooms or instructional settings provided by colleges or universities in connection with instruction to students.

STUDENT RIGHTS AND RESPONSIBILITIES

A student has all rights expressed and guaranteed by the United States Constitution and by federal, state, and local laws. These rights do not permit a student to disrupt the education process, break school rules, present a health or safety hazard, or disregard the directions of those in authority. Individual rights do not include infringing upon the rights of others in the school community.

To the extent permitted by applicable law, students have the right to the following:

1. A public education;
2. An orderly school and classroom environment that allows optimum learning, emphasizing the values of responsibility, kindness, fairness, and safety; and
3. Freedom of expression in speech, writing, or symbols consistent with their constitutional rights and the policies of the School Board.

Students have the primary responsibility to maintain a school atmosphere of mutual respect and trust in order that the dignity of the individual may be protected and the pursuit of opportunities for each student is realized. Students are responsible for the following:

1. Knowing and complying with any rules or regulations of the School Board, as well as local, state, and federal laws;
2. Attending school regularly, equipped with the materials needed to attend class and complete class assignments and/or requirements; and
3. Contributing to a school atmosphere of mutual respect for all within each school so that the hopes and ambitions of all individuals may be realized.

PARENT ROLES AND RESPONSIBILITIES

Every parent/legal guardian has the duty to assist the school in enforcing the *Code of Student Conduct* and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption, threat to persons or property, and supportive of individual rights. A copy of the *Code of Student Conduct* is provided to every parent/legal guardian at the beginning of each school year and it is every parent's/legal guardian's responsibility to review the *Code of Student Conduct*, sign the statement acknowledging receipt of the *Code of Student Conduct*, and reviewing the *Code of Student Conduct* with their student.

Any school principal may request a student's parent/legal guardian to meet with the principal or his designee to review the *Code of Student Conduct* and the parent's/legal guardian's responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with the *Code of Student Conduct* and compulsory school attendance law, and to discuss improvement of the child's behavior and educational progress.

PRINCIPAL/SCHOOL-BASED ADMINISTRATION ROLES AND RESPONSIBILITIES

The principals of the schools and those to whom they delegate the authority are responsible for the consistent and uniform application of all school board policies and regulations, and rules of the individual school, which together set forth the standards for student conduct. The principal or principal's designee shall determine the appropriate disciplinary measures for each case of misconduct by a student, except where consequences are predetermined by a specific school board policy or by law. Determinations of disciplinary measures shall include consideration of the relative impact of a violation on the entire student body as well as the individual, school and county-wide school regulations and rules, the student's cumulative discipline record, and the student's individual needs.

The school principal or principal's designee shall notify the parents of any student who violates a School Board policy, the standards of student conduct, or the compulsory school attendance requirements when such violation is likely to result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with the juvenile and domestic relations district court may be filed under certain circumstances to declare the student a child in need of supervision or a child in need of services.

The principal or principal's designee shall inform, consult with, and/or refer to the central office administration any discipline matters that involve situations of extreme danger, acts of violence, threats to the school, and any discipline matters that involve unusual circumstances or need special handling. The principal or principal's designee shall notify the parent of each suspension and may request a parent conference prior to readmission. Disciplinary measures may include, but need not be limited to, the following: warning, counseling, detention, special assignments, in-school detention, in-school assistance, removal from class, suspension from extra-curricular activities, school probation, referral to law enforcement, suspension, and expulsion from school. The principal may refer a student to the Superintendent or the Superintendent's designee or the school board for consideration of additional penalties, which include long-term suspension, assignment to an alternative education program, or expulsion. All disciplinary actions shall be taken in accordance with due-process requirements.

PROFESSIONAL TEACHING STAFF RESPONSIBILITIES

Teachers are responsible for stimulating maximum learning by their students by providing a good environment and by guiding sound curriculum experiences and activities in the classroom, school, and community.

Teachers have a lasting influence upon the lives of our students, and teachers are obligated to set a standard of professional conduct that will promote respect from students. Teachers' relationship with students, demand of respect, correct use of grammar and expressions, dress, and moral habit will aid in promoting better student-teacher relationships. It is, therefore, important that teachers subscribe to a code of ethics reflecting the highest degree of professional and moral standards.

Teachers are responsible for the order and progress of their classes under the authority, direction, and supervision of the principal. If a student is not meeting behavioral expectations the teacher has implemented in the classroom or pursuant to the FCPS *Code of Conduct*, a teacher may refer the student to administration for discipline.

LAW ENFORCEMENT

Frederick County Public Schools and the Frederick County Sheriff’s Office have partnered together and entered into a Memorandum of Understanding to establish a mutually beneficial partnership, the School-Law Enforcement Partnership (SLEP), to ensure the safety of students and school facilities. Through this partnership, a School Resource Officer (SRO) is assigned to every school building within the school division. Each SRO is a sworn law enforcement officer and under the direction of the Frederick County Sheriff. Each SRO serves as a visible law enforcement presence at every school building and works with administrators and staff to maintain the security and safety of students, staff, and the building.

Every SRO works with the administrators in their assigned school to assist in certain discipline matters and to handle law enforcement related issues. As required by Virginia Code § 22.1-279.3:1, there are instances when principals must immediately notify law enforcement of a student’s involvement in any of the following activities:

1. Any incident involving the use, possession, or distribution of marijuana, alcohol, a controlled substance, an imitation controlled substance, or an anabolic steroid on a school bus, on school property, or at a school-sponsored activity, including the theft or attempted theft of student prescription medication.
2. Any incident involving the sexual assault, death, shooting, stabbing, cutting, or wounding of any person, abduction of any person as described in Virginia Code § 18.2-47 or 18.2-48, or stalking of any person as described in Virginia Code § 18.2-60.3, on a school bus, on school property, or at a school-sponsored activity.
3. Any written threats against school personnel while on a school bus, on school property, or at a school-sponsored activity.
4. The illegal carrying of a firearm, as defined in Virginia Code § 22.1-277.07, onto school property.
5. Any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Virginia Code § 18.2-85, or explosive or incendiary devices, as defined in Virginia Code § 18.2-433.1, or chemical bombs, as described in Virginia Code § 18.2-87.1, on a school bus, on school property, or at a school-sponsored activity.

At times, SROs will also assist school administrators in the facilitation of a school search. SROs are not authorized to conduct a search of any student on behalf of the school and must remain under the continuing control and direction of a school administrator while assisting in the facilitation of a school search. However, SROs may, under circumstances authorized by law, conduct their own independent search. Please see FCPS 439P—Student Search and Seizure for more information.

STUDENT BEHAVIOR AND ADMINISTRATIVE RESPONSE (SBAR)

SBAR stands for “student behavior, administrative response.” The SBAR codes were developed by the Virginia Board of Education and are incorporated in its *Model Guidance for Positive and Preventive Code of Student Conduct Policy* and *Alternatives to Suspension* with which public school divisions must comply. The behavior categories are designed to recognize the impact student behavior has on the school environment and on learning. They encourage awareness for administrators, teachers, parents, and counselors of students’ social-emotional development and emphasize the importance of helping students achieve academically and develop social emotional learning competencies.

Categories of Behaviors

The following behavior categories were designed to recognize the impact student behavior has on the school environment and form the framework for identifying behaviors that may negatively impact that environment. They encourage awareness of students’ social-emotional development, emphasize the importance of helping everyone understand the effect of behavior, and point the way for developing a plan for improving. When an administrator receives an office managed behavior referral, the administrator should ask, “What harm was

caused by the behavior?” in order to assign the behavior to one of the following categories.

Behaviors that Impede Academic Progress (BAP). These behaviors impede academic progress of the student or of other students. They are typically indicative of the student’s lack of self-management or self-awareness. Sometimes, the student may need help in understanding how the behavior impacts others so training in social awareness may also be indicated. For elementary students, level one responses are recommended for these behaviors. For secondary students, level one or level two responses are recommended. These behaviors should not involve or be reported to law enforcement.

Examples of Behaviors that Impede Academic Progress

- Interfering with learning in the classroom (talking, excessive noise, off-task, out of seat, possessing items that distract)
- Interfering with learning outside of the classroom (excessive noise, interrupting a class, etc.)
- Scholastic dishonesty (cheating, plagiarism)
- Unexcused tardiness to class
- Unexcused tardiness to school

Behaviors Related to School Operations (BSO). These behaviors interfere with the daily operation of school procedures. Students exhibiting these behaviors may need to develop self-management, self-awareness, or social awareness skills. Recommended responses to these behaviors for elementary and secondary students range from level one to level three. These behaviors do not require a report to law enforcement.

Examples of behaviors that interfere with school operations:

- Altering an official document or record
- Giving false information to staff, misrepresentation
- Refusal to comply with requests of staff in a way that interferes with the operation of school
- Failure to be in one’s assigned place on school grounds
- Failure to attend assigned disciplinary setting
- Bringing unauthorized persons to school or allowing unauthorized persons to enter the school building
- Dress Code Violation
- Gambling
- Possessing items that are inappropriate for school
- Possession of stolen items
- Unauthorized use of school electronic or other equipment
- Violation of the Acceptable Use of Technology/internet policy
- Violation of school board policy regarding the possession or use of portable communication devices
- Vandalism, graffiti, or other damage to school or personal property

Relationship Behaviors (RB). These behaviors create a negative relationship between two or more people that does not result in physical harm. Relationship behaviors affect the whole school community in that the school climate is often a reflection of how people treat one another. Students who exhibit difficulty with relationship behaviors may also have difficulty with the other social-emotional competencies. For elementary and secondary students, recommended responses to these behaviors range from level one to level three. These behaviors do not require a report to law enforcement.

Examples of Relationship Behaviors

- Bullying with no physical injury
- Cyberbullying

- Posting, distributing, displaying, or sharing material or literature that is libelous, including using electronic means to post such material
- Saying or writing either directly or through electronic communication sexually suggestive comments, innuendos, propositions, or other remarks of a sexual nature
- Stealing money or property without physical force
- Speaking to another in an uncivil, discourteous manner
- Teasing, taunting, engaging in a verbal confrontation, verbally inciting a fight
- Using profane or vulgar language or gestures (swearing, cursing, hate speech, gang signs or gestures)
- Using slurs based upon the actual or perceived race, ethnicity, color, national origin, citizenship/immigration status, weight, gender, gender identity, gender expression, sexual orientation, or disability
- Failure to respond to questions or requests by staff
- Unwanted or inappropriate physical contact

Behaviors that Present a Safety Concern (BSC). These behaviors create unsafe conditions for students, staff, and/or visitors to the school. The underlying reasons for this type of behavior may lie in any of the social-emotional competencies so the administrator should investigate the underlying motivation for the student's behavior. Training in social awareness and decision-making are usually indicated in any behavior that creates a safety concern. The recommended responses for elementary and secondary students should be based on age and development of the student and the harm caused by the behavior. Behaviors that are felony offenses require a report to law enforcement.

Examples of Behaviors that Present a Safety Concern:

- Alcohol: Possessing or using alcohol
- Alcohol: Distributing alcohol to other students
- Drugs: Possessing drug paraphernalia
- Drugs: Violating school board non-prescription (over the counter) medication policy
- Tobacco: Possessing/Using tobacco products, electronic cigarettes, vaping equipment
- Bullying Behavior without physical injury that continues after intervention
- Cyberbullying that continues after intervention. Cyberbullying that relates a threat to the safety of students and staff should be treated with a higher level of intervention and consequences.
- Bus: Distracting the bus driver
- Bus: Endangering the safety of others on the bus
- Harassment: Repeatedly annoying or attacking a student or group of students or personnel creating an intimidating or hostile educational or work environment
- Fire alarm: Falsely activating a or other disaster alarm
- Fire Related: Possessing items that could be used to set or cause a fire or produce large amounts of smoke
- Engaging in reckless behavior that creates a risk of injury to self or others
- Fighting that results in no injury as determined by the school administration
- Inciting or causing a substantial disturbance to the operation of school or the safety of staff and/or students
- Throwing an object that has the potential to cause a disturbance, injury, or property damage
- Shoving, pushing, striking a student with no visible injury
- Exposing body parts, lewd or indecent public behavior
- Physical contact of a sexual nature—patting body parts, pinching, tugging clothing
- Stalking
- Stealing money or property using physical force (no weapon involved)
- Leaving school grounds without permission

- Trespassing
- Weapons: Possessing any weapon (other than a firearm)

Behaviors that Endanger Self or Others (BESO). These behaviors endanger the health, safety, or welfare of either the student or others in the school community. Behaviors that rise to this level of severity are often complex. While they are indicative of poor decision-making skills, students who exhibit these behaviors may also have developmental needs in the other social-emotional competencies. Recommended responses for all students range from level one to level five depending upon the age and development of the student and the danger caused by the behavior. Behaviors that are felony offenses require a report to law enforcement.

Examples of Behaviors that Endanger Self or Others

- Assault: Intending to cause physical injury to another person
- Assault and Battery: Causing physical injury to another person
- Bomb threat: Making a bomb threat
- Drugs: Possessing controlled substances, illegal drugs or synthetic hallucinogens or unauthorized prescription medications
- Drugs: Being under the influence of controlled substances, illegal drugs, or synthetic hallucinogens or unauthorized prescription medications
- Drugs: Using controlled substances or using illegal drugs or synthetic hallucinogens or unauthorized prescription medications
- Fighting: The use of physical violence between students or on another person where there is no injury as determined by the school administration
- Fire: Attempting to set, aiding in setting, or setting a fire
- Gang-Related Behavior: Engaging in threatening or dangerous behavior that is gang-related as defined in Virginia Code § 18.2-46.1. (Level 1 to 4)
- Hazing: as defined in Virginia Code § 18.2-56, and noted in Virginia Code § 22.1-279.6.
- Striking Staff: The use of force against a staff member when no injury is caused
- Threatening or instigating violence, injury, or harm to a staff member
- Threatening or instigating violence, injury, or harm to another student
- Using an object not generally considered to be a weapon to threaten or attempt to injure school personnel
- Using an object not generally considered to be a weapon to threaten or attempt to injure a student(s) or others

Persistently Dangerous Behaviors (PDB). These behaviors are used in calculations to identify a school as persistently dangerous as required for each state receiving funds under the federal *No Child Left Behind Act of 2001* and to establish and implement a statewide policy requiring that a student attending a persistently dangerous school be allowed to attend a safe school. While they are used as measures for determining persistently dangerous public schools, these behaviors are also indicators that the student is in need of interventions and supports. These behaviors merit a report to the Superintendent’s office and to law enforcement and should be addressed in the manner consistent with a level 5 response.

Examples of Persistently Dangerous Behaviors

- Homicide with a firearm or other weapon includes any death resulting from causes other than natural, accidental, or suicide
- Sexual assault offenses are defined as sexual penetration without consent and includes statutory rape and carnal knowledge of a minor
- Use of bomb includes any explosive device

- Assault with a firearm or other weapon includes the intentional causing of bodily harm to an individual
- Malicious wounding without a weapon includes intentionally causing another person bodily injury, with the intent to maim, disfigure, disable, or kill

- **Lunch Detention**—A student will be directed to eat lunch in a separate setting as identified by school staff.
- **After-school Detention**—A student may be detained for a reasonable period of time before or after scheduled classes and may be required during this time to engage in such activities that may reasonably contribute to better behavior. The parent of the student to be detained shall be notified by the school. The student who has been assigned detention time shall promptly inform his/her parents. The parent will be responsible for transporting the student. Except in certain circumstances, a student shall be given at least one day's notice if he/she has been assigned detention time.
- **Special Assignments**—A student may be given special assignments as a corrective measure. This may include, but not be limited to, reasonable assignments for general assistance at the school facility.
- **Class Restriction**—A student may be removed from his/her regular schedule of classes and assigned to another location.
- **Suspension from Extracurricular Activities**—A student's privilege to participate in all or certain extracurricular activities may be suspended for a fixed period of time or until certain specified conditions have been fulfilled. Suspension from extracurricular activities may be imposed in conjunction with other penalties. Students who have been charged with a criminal offense may be suspended from participation for a period of time or until certain conditions have been fulfilled. Any and all sanctions are at the discretion of the school principal.
- **School Probation**—Being placed on probation is notification that a student's behavior has been unacceptable and must be improved. A student may be placed on probation for a period not to exceed 45 school days by the principal following a conference with the student's parent in which the terms and conditions of the probation are explained. The principal shall also notify the parent in writing when a probation is imposed, including the reasons for the probation and its date of termination.
- **In-school Assistance**—In-school assistance is a disciplinary measure that assigns students to a restrictive and highly controlled school-based setting other than the regular classroom where students are isolated and must complete all assigned work. This disciplinary action is also known as In-School Suspension.
- **Short-term Suspension**—(10 days or less) A student may be suspended from school for violations of this regulation. Suspension is the temporary exclusion of a student from regular school attendance and activities by the principal, or designee for a period of time not to exceed 10 days. While the suspension is in effect the student is denied attendance at any and all programs of the Frederick County Public Schools. Except as provided in Virginia Code §§ 22.1-277(B), 22.1-277.07, or 22.1-277.08, no student in preschool through grade three may be suspended for more than three school days, unless 1) the offense involves

physical harm or credible threat of physical harm to others or 2) the School Board or the superintendent or superintendent’s designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education.

- **Referral to Law-Enforcement Officials**—Violations of law will be handled by referring the case to law-enforcement officers in addition to the use of other disciplinary measures.
- **Removal from Class**—A disruptive student may be removed from class according to the requirements of the Section 22.1-276.2 of the Code of Virginia, Frederick County School Board Policy 431P.

A principal may refer a student to the Hearing Officer (the Superintendent’s designee for disciplinary matters) for consideration of one or more of the following disciplinary actions:

- **School Probation**—Being placed on probation is notification that a student’s behavior has been unacceptable and must be improved. A student may be placed up to one school year by the superintendent or designee following a conference with the student’s parent(s) or legal guardian(s) in which the terms and conditions of the probation are explained. The superintendent or designee shall also notify the parent(s) or legal guardian(s) in writing when a probation is imposed, including the reasons for the probation and its date of termination.
- **Long-term Suspension**—Long-term suspension is the exclusion of a student from regular school attendance and activities by the superintendent or his/her designee for a period of 11–45 school days. While the suspension is in effect the student is denied attendance at any and all programs of the Frederick County Public Schools. A student on long-term suspension may be readmitted to school on a conditional entry basis (as per regulations) following the completion of the suspension.

A long-term suspension may extend beyond a 45-school-day period but shall not exceed 364 calendar days if 1) the offense is one described in Va. Code §§ 22.1-277.07 or 22.1-277.08 or involves serious bodily injury or 2) a committee of the School Board or the division superintendent or superintendent’s designee finds that aggravating circumstances exist, as defined by the Virginia Department of Education. For the purposes of Virginia Code §§ 22.1-277 and 22.1-277.05, the Virginia Department of Education has defined “aggravating circumstances” to mean:

1. That a student engaged in misconduct which caused serious harm (including but not limited to physical, emotional, and psychological harm) to another person(s) or posed a credible threat of serious harm to another person(s), as determined by a threat assessment; or
2. That a student’s presence in the school poses an ongoing and unreasonable risk to the safety of the school, its students, staff, or others in the school; or
3. That a student engaged in a serious offense that is:
 - a) persistent (repeated similar behaviors are documented on the student’s disciplinary record), and
 - b) unresponsive to targeted interventions as documented through an established intervention process.

LEVELED ADMINISTRATIVE RESPONSES TO STUDENT BEHAVIOR

Administrative responses and interventions are designed to address student behavior, reinforce school and classroom expectations for appropriate behavior, and prevent further behavioral issues. The following lists of leveled administrative responses to student behavior are provided as an example of a leveled system of discipline responses and is not exhaustive. Please note, multiple offenses under a lower level may justify administering disciplinary sanctions from a higher level.

LEVEL ONE RESPONSES	
Level One responses are intended to prevent further behavioral issues while keeping the student in school.	
Behavioral Interventions	Disciplinary Sanctions
<ul style="list-style-type: none"> • Re-teaching or modeling of desired behavior • Recognize/Reward appropriate behavior • Administrator/Student conference and/or Administrator/Student/Teacher conference • Written reflection or letter of apology • Peer mediation or conflict resolution • Behavior progress chart • Community service (appropriate to correct the behavior) • Administrator/Teacher/Parent/Legal Guardian conference • Restitution • Seat change • Confiscation of items by the administration 	<ul style="list-style-type: none"> • Loss of school privileges • Lunch Restriction • Class Removal • Detention (before school, at lunch, after school) • In-school suspension of one to two days with behavioral instruction and academic support

LEVEL TWO RESPONSES

Administrative responses and interventions at this level are designed to prevent further behavior issues and keep the student in school. Depending upon the severity of the behavior, short-term removal of the student from the classroom may be appropriate.

LEVEL FOUR RESPONSES

Some Level Four behaviors require a report to the superintendent or superintendent’s designee as outlined in the [Virginia Code § 22.1-279.3:1.A](#). Local school board policy may require additional reporting. A referral to the Superintendent or Superintendent’s designee does not automatically result in a long-term suspension, change of placement or expulsion. After a review of the incident in context, the Superintendent or Superintendent’s designee may return students to the comprehensive setting with additional supports and/or responses to be implemented.

For preschool to grade three students, any suspension beyond three days must be referred to the Superintendent. For grades four through twelve, any suspension beyond ten days must be referred to the Superintendent. A referral to the Superintendent or Superintendent’s designee may not automatically result in an expulsion, alternative placement, school reassignment, or long-term suspension as other corrective actions may be utilized instead.

TRANSPORTATION BEHAVIOR EXPECTATIONS

Bus Conduct—Safe transportation requires the cooperation of students, bus drivers, parents, school officials, and the motoring public. The greatest care should be exercised at all times in transporting children; therefore, specific regulations, designed to ensure safety and benefit from bus service for everyone, must be enforced.

Riding a school bus is a privilege, not a right. Good behavior by students riding school buses is essential to safe and efficient school bus operation. The driver should report misconduct to the principal or the principal's designee, who will follow the procedures provided under Disciplinary Procedures for Misconduct. However, principals or the principal's designee may utilize other disciplinary actions described in the Student Code of Conduct when necessary.

Meeting the Bus

Students must:

- Be at their assigned bus stop 10 minutes prior to the scheduled bus arrival time.
- Students are expected to be orderly while waiting for and riding the bus.
- Not stand on the traveled portion of the roadway while waiting for the bus.
- Not engage in play or other activities that will endanger themselves or their companions while waiting beside the road.
- Not run alongside a moving bus, but wait until it has stopped, then walk to the entrance door.
- Not use, possess or distribute any form of tobacco, nicotine vapor products, alcohol, or drugs.

Conduct on the Bus

Students must recognize that the bus driver has the responsibility and immediate authority for the operation of the bus. Students must obey the bus driver and be courteous to fellow students. Any of the following acts of misconduct is a sufficient reason for denying the student the privilege of riding the bus:

- Use of profane or vulgar language.
- Throwing any objects in or from the bus. Any student guilty of throwing objects from the bus that strike a vehicle or a person or in any other way damage property or create a safety hazard will be removed from the bus until the student and parents appear before the division superintendent or his/her designee, who will decide whether the student may return to the bus.
- Extending arms, legs, or head out of the bus.
- Disobedience or disrespect for authority.
- Fighting on the bus.
- Persistently talking loudly or displaying rowdy behavior.
- Willfully destroying any part of the bus.

- Any other unacceptable behavior that poses a safety risk to others.

- Students may be assigned to a specific seat by the driver or school administrator and shall not be permitted to move from the assigned seat except with permission.
- No student is permitted to interfere with another student or with the property of another student.
- Students must ride the bus assigned. They are not allowed to ride another bus or get off at another stop other than their own, unless they have a note from their parent(s) that has been approved by the school administration. Once students are on the bus they are expected to remain there until they arrive at their assigned stop.
- Students will be allowed to exit the bus only in instances when it has been determined to be an emergency. It is expected that the student will be under the supervision of a responsible adult.
- No student is permitted to eat, chew gum, or drink while on the bus.
- Unauthorized personnel are not allowed on a school bus and are in violation of school board policy. Drivers are instructed to contact the director of transportation or his/her designee for further action.

Disciplinary Procedures for Misconduct

The following procedures may be used whenever a student is involved in misconduct on a bus:

- First Offense: The student may be warned by a letter from the principal.
- Second Offense: May result in a three-day suspension from riding the bus.
- Third Offense: May result in a five-day suspension from riding the bus.

Additional Offenses: May result in additional days of suspension from riding the bus. The student and parent/legal guardian may be required to participate in a discipline conference with the superintendent or his/her designee before bus riding privileges are reinstated.

- The parent or legal guardian is to be notified by the principal whenever a student is suspended from a bus. The notification should include the reason for suspension and the length of suspension.
- Whenever students are transported to school by a school bus, they must be returned home on the bus even if suspended from riding the bus that day. The suspension period will begin the next school day, or as soon as parents have been notified.

- A student suspended from riding the bus for discipline reasons is also prohibited from riding a school bus for field trips and extracurricular activities.
- Any student who does not complete his/her bus suspension at the end of the school year may serve the remainder of the suspension at the beginning of the following year.
- Students who are waiting at a school for a bus to another school are under the authority of the school while waiting, and the principal may suspend them from riding the bus if they do not conduct themselves properly while there. Incidents that occur before or after school at a bus stop or prior to arrival home may be judged as if they were incidents at the school site.

Emergency Suspension

Any student whose presence poses a continuing danger to persons or property or an ongoing threat of disruption may be summarily removed from riding the school bus immediately, and the notice, explanation of facts, and opportunity to present his or her version required above under Suspension for Ten Days or Less shall be given as soon as practicable thereafter.

A student with disabilities may only be suspended from riding the bus after the procedures described in Disciplining Students with Disabilities have been followed.

The suspension will remain in effect during the appeal process. Such appeal must be in writing and must be filed with the superintendent within seven calendar days of the suspension decision. Failure to file a written appeal within the specified time will constitute a waiver of the right to an appeal. Appeal Procedures Bus Suspension for Ten Days or Less

5. At the appeal hearing, the Committee will either confirm or disapprove the Hearing Officer’s decision.
6. The decision of the Committee, if unanimous, is final.
7. If the Committee’s decision is not unanimous, the student or the student’s parent(s) or legal guardian(s) may appeal the Committee’s decision to the School Board. If a parent(s) or legal guardian(s) wishes to appeal such a decision, a request for an appeal must be submitted in writing to the Superintendent

within seven calendar days from the Committee’s decision. A failure to file a written request for an appeal within the specified time will constitute a waiver of the right to an appeal.

8. Upon receipt of a written request for an appeal, the Superintendent will forward a copy of the record to the School Board for review. No additional statements, witnesses, or evidence may be presented at this appeal unless specifically requested by the Chairman of the School Board. The School Board will notify the student’s parent(s) or legal guardian(s) of its decision to affirm, modify, or annul the imposition of an expulsion within 30 days of receiving the request by the parent(s) or legal guardian(s) to appeal the Committee’s non-unanimous decision.
9. This appeal process does not apply when the hearing officer refers a student to the School Board for expulsion. Instead, the process outlined in the following section Expulsion will be followed.

C. Expulsion

Generally:

1. “Expulsion” means any disciplinary action imposed by a school board or a committee thereof, as provided in school board policy, whereby a student is not permitted to attend school within the school division and is ineligible for readmission for 365 calendar days after the date of the expulsion.
2. Recommendations for expulsion must consider the following factors:
 - The nature and seriousness of the violation;
 - The degree of danger to the school community;
 - The student’s disciplinary history, including the seriousness and number of previous infractions;
 - The appropriateness and availability of an alternative education placement or program;
 - The student’s age and grade level;
 - The results of any mental health, substance abuse, or special education assessments;
 - The student’s attendance and academic records; and
 - Such other matters as deemed appropriate.

However, pursuant to Virginia Code § 22.1-277.06, no decision to expel a student shall be reversed on the grounds that such factors were not considered.

Expulsion Process:

1. A student may be expelled from attendance at school after the hearing officer, who is the superintendent’s designee for disciplinary matters, sends a written notice to the student and their parent(s)/legal guardian(s) and includes the recommendation for expulsion, the reasons for the expulsion, and that a hearing will be scheduled before the committee of the School Board within 30 days.
2. The School Board Student Conduct and Support Committee (“Committee”) will conduct the hearing. The hearing will be held in closed session and will adhere to the following process:
 - Opening Statements: The Committee will hear opening statements from the hearing officer and the student or their parent(s) or legal guardian(s) or their representative (e.g. legal counsel).
 - Evidence: The hearing officer has the ultimate burden of proof and will present evidence first. The student will present evidence second. Witnesses may be questioned by the Committee members, the parties, or the parties’ representatives.
3. The Committee may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination; take the testimony of student witnesses outside the presence of the student, his/her parent(s) or legal guardian(s), and their representative if the school board determines, in its discretion, that such action is necessary to protect the student witnesses. The Committee shall be the judge of the relevancy and materiality of the evidence presented.

4. Exhibits offered by the parties may be received in evidence by the Committee and, when so received, shall be marked and made part of the record.
 - Closing Statements: The Committee will hear closing statements from the hearing officer and the student or their parent(s) or legal guardian(s) (or their representative (e.g., legal counsel).
 - Deliberations: After the presentation of evidence by the parties, the Committee will deliberate. Only Committee members, the superintendent or superintendent's representative, and the School Board's attorney, if requested by the Committee, may remain present during deliberations. During deliberations, the Committee may recall any witness for further questioning, during which the parties and representatives will be readmitted to the hearing.
 - Decision of the Committee: The Committee may, by majority vote, uphold, reject, or alter the recommendation. The Committee's decision will be confirmed in writing to the student and their parent(s) or legal guardian(s). The written notice shall include the following information:
 - The length of the suspension or expulsion;
 - Information concerning the availability of community-based educational, alternative education, or intervention programs during the suspension or expulsion;
 - A statement whether or not the student is eligible to return to school, to attend an appropriate alternative education program, or an adult education program upon the expiration of the suspension or expulsion;
 - If the student is ineligible to return to school or to attend an alternative education program or an adult educational program during the expulsion, a statement will be included to advise the parent(s) or legal guardian(s) that the student may petition the School Board for readmission one calendar year (365 days) from the date of the expulsion, and of the conditions, if any, under which readmission may be granted.
 - A statement that the costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension or expulsion shall be the responsibility of the student's parent(s) or legal guardian(s).

The decision of the Committee will be implemented immediately.

If the Committee's decision is unanimous, the Committee's decision is final.

Appeal Procedures:

Only a Committee decision that was not unanimous may be appealed to the full School Board. If a parent(s), legal guardian(s), or adult student wishes to appeal such a decision, a request for an appeal must be submitted in writing to the Superintendent within seven calendar days from the Committee's decision. A failure to file a written request for an appeal within the specified time will constitute a waiver of the right to an appeal.

Upon receipt of a written request for an appeal, the Superintendent will forward a copy of the record to the School Board for review. No additional statements, witnesses, or evidence may be presented at this appeal unless specifically requested by the Chairman of the School Board. The School Board will notify the student's parent(s) or legal guardian(s) of its decision to affirm, modify, or annul the imposition of an expulsion within 30 days of receiving the request by the parent(s) or legal guardian(s) to appeal the Committee's non-unanimous decision.

DISCIPLING STUDENTS WITH DISABILITIES

Students with disabilities, who violate the code of student conduct, or engage in conduct for which they may be disciplined, will be disciplined in accordance with this policy. Additionally, the regular disciplinary procedures must be followed.

Long-term Suspensions, Expulsions or Short-term Suspensions Which Constitute a Pattern are Long-term Removals and Considered a Disciplinary Change in Placement

For the purpose of removing students with disabilities from their current educational placements, a disciplinary change in placement occurs when:

- the removal is for more than 10 consecutive school days at a time; or
- Pattern analysis: there is a series of short-term removals during the school year, each of which is for 10 days or less and they cumulate to more than 10 days in a school year and constitute a pattern because of:
 - the length of each removal,
 - the proximity of the removals to each other,
 - the total time the student is removed, and
 - the child’s behavior is substantially similar to the child’s behavior in the series of removals for previous incidents in the school year.
 - Prior to any additional short-term removal, the pattern analysis determination is made and documented by school staff consulted during the pattern analysis.

If the disciplinary action will result in a long-term removal, the student’s parents must be sent notice of the recommendation of discipline the same day as the decision is made for the disciplinary change in placement and must be provided with a copy of the procedural safeguards. The procedures outlined in Section IV must also be followed.

For any disciplinary change in placement, a Manifestation Determination Review (MDR) must be held and the Individualized Education Program (IEP) team must meet to determine the educational services to be provided during the long-term removal.

Short-term Suspensions

A short-term suspension is a suspension of 10 consecutive days or less at a time.

School authorities may remove a student with a disability from the student’s current educational setting for 10 school days cumulative in a school year to the extent that such removals would be applied to students without disabilities and for additional short-term suspensions during the school year provided no pattern exists. Short-term suspensions which constitute a pattern will be handled through long-term removal procedures.

No MDR or IEP meeting is required for a short-term removal, although an IEP meeting may be held if needed. Educational services are provided for each day of removal after the first 10 days of removal in a school year. Students shall be allowed to access and complete graded work during and after the suspension.

Functional Behavior Assessments and Behavior Intervention Plans

If the MDR team members determine that a manifestation exists, the IEP team must:

- conduct a Functional Behavioral Assessment (FBA) and implement a Behavioral Intervention Plan (BIP), if no FBA was conducted previously; or,
- if the student already has an FBA and a BIP in place, review and modify the BIP, as necessary to address the behavior.

If a manifestation is found, the student must return to the placement from which the student was removed. However, the school and the parent may agree to a change of placement through the IEP process. Nothing in this section limits the authority of the school division for the first 10 days of removal in a school year or for applicable interim alternative educational settings for weapons, drugs, and infliction of serious bodily injury.

If the MDR team members determine that there is no manifestation, then the IEP team should decide whether there is a need to conduct or review an FBA and BIP.

Educational Services While Disciplined

For the first 10 days of removal in a school year, the School Board is not required to provide educational services to the student with a disability if services are not provided to students without disabilities who have been similarly removed.

After the first 10 days of removal in a school year, the School Board shall provide educational services to the student during the period of removal. The services must enable the student to:

- Continue to progress in the general curriculum, although in another setting, and
- Make progress toward meeting the goals set out in the student’s IEP.

The determination of the educational services is made by the IEP team if the discipline constitutes a change in placement. For a short-term removal which is not a change in placement, the determination of the education services is made by school personnel in consultation with the student’s special education teacher.

Manifestation Determination Review

When a disciplinary action is proposed that will result in a disciplinary change of placement, an MDR shall be conducted within 10 school days after the date on which the decision to take disciplinary action is made. This review shall be conducted by the Manifestation Team which consists of a local educational agency representative, the parent(s) and relevant members of the IEP team.

The Manifestation Team may determine that the behavior of the student was not a manifestation of such child’s disability only if the Team:

- Considers all relevant information in the student’s file, including the student’s IEP, any teacher observations, and any relevant information supplied by the parents; and
- Determines that:
 - the conduct in question was not caused by, or did not have a direct and substantial relationship to, the student’s disability; and
 - the conduct in question was not the direct result of the school division’s failure to implement the IEP.

Disciplinary Action Following an MDR Determination that there is No Manifestation

If the behavior is not a manifestation of the student’s disability, the disciplinary procedures will be applied in the same manner as applied to students without disabilities. The student must continue to receive the educational services necessary to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student’s IEP. In addition, the special education and disciplinary records of the student must be made available to the person who makes the final decision regarding the imposition of discipline.

A parent may request an expedited due process hearing if the parent disagrees with the determination that the behavior was not a manifestation of the student’s disability or if the parent disagrees with any decision regarding the placement of the student while disciplined. During any appeal, the student will remain in the interim alternative education setting unless reversed by decision of the hearing officer; provided, however, the student may still serve the balance of any applicable 45 school day removal. The placement may also be changed through the IEP process with the consent of the parent.

Disciplinary Action Following MDR Determination That There is a Manifestation

A student with a disability whose behavior is determined to be a manifestation of the student’s disability may not be disciplined except to the extent a removal is otherwise permitted by law. The student may be removed to a more restrictive placement by following change in placement procedures through the IEP process. The IEP team must conduct or review an FBA and/or BIP as provided in Section III.

Interim Alternative Educational Settings for Weapons, Drugs and Infliction of Serious Bodily Injury

A student with disabilities may be removed from school, without parental consent, and assigned to an interim alternative education program for not more than 45 days when the student commits one of the following violations:

- carries or possesses a weapon at school, or on school premises, or at a school function under the jurisdiction of a state or local educational agency;
- knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; or
- inflicts serious bodily injury upon another person at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency.

The student may be assigned to an interim alternative education program even if a manifestation exists. If no manifestation is found, the student may be disciplined to the extent a student without disabilities would be disciplined.

Weapons, controlled substance and serious bodily injury have the meaning given under state regulations in 8 VAC 20-81-10.

Any interim alternative educational setting shall be selected, by the IEP team, so as to enable the student to continue to progress in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student must also receive, as appropriate, an FBA, behavioral intervention services and modifications designed to address the behavior so it does not recur.

For the purpose of the 45 day removal, a weapon is defined as a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than three inches in length.

For the purpose of the 45 day removal, illegal drugs and controlled substances shall be defined as follows:

- Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in §202(c) of the Controlled Substances Act at 21 U.S.C. § 812(c).
- Illegal drug means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.

Placement During Appeals

During the course of any appeals, the student's placement shall be in accordance with the provisions of state and federal law unless the parent and the school division agree otherwise. Students with disabilities are also entitled to the due process rights available to a non-disabled student who is subject to discipline. In addition, students with disabilities are entitled to the due process procedures available under the Individuals with Disabilities Education Act, as amended, and any state procedures.

Students Not Yet Identified as Disabled

Students for whom the parents assert there is a disability but who have not yet been identified as disabled may be subjected to the same measures applied to students without disabilities if the school division did not have knowledge of the disability before the behavior that precipitated the disciplinary action occurred. A school division will be found to have knowledge of the student's disability if, before the behavior that precipitated the disciplinary action occurred, one of the following occurred:

- The parent expressed concern in writing to supervisory or administrative personnel of the school division, or to a teacher of the student, that the student is in need of special education and related services; or
- The parent requested an evaluation of the student for special education eligibility; or

- The student’s teacher or other school personnel expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education or to other supervisory personnel of the school division that suggests the presence of a disability.

A school division would not be found to have knowledge of a student’s disability if:

- The parents refused to allow an evaluation of the student or refused special education services; or
- The student was evaluated and found not eligible for special education services.

If a request for an initial evaluation is made during the period a student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. If the student is found eligible as a child with a disability, taking into consideration information from the evaluation conducted by the school division and information provided by the parents, then the student must be provided special education and related services, although in another setting. Pending the results of the evaluation, the student shall remain in the educational placement determined by the school authorities which placement can include suspension or expulsion without services.

Disciplining Certain Section 504 Students Who Violate Alcohol and Drug Policies

Students who are identified as disabled solely under Section 504 of the Rehabilitation Act, and who are currently engaging in the illegal use of drugs or alcohol, may be disciplined for violating the division’s alcohol and drug policies to the same extent as non-disabled students. The student is not entitled to a due process hearing under special education procedures in this circumstance but does retain the protections afforded to regular education students.

Reporting of Crimes

Nothing in these procedures prevents the reporting of a crime to appropriate authorities or prevents state law enforcement and judicial authorities from exercising their responsibilities.

Disciplining Students with Disabilities for Infliction of Serious Bodily Harm

A student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than 45 school days when the student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. If no manifestation is found, the student may be disciplined to the extent that a student without disabilities would be disciplined.

In addition, the applicable procedures of Regulation 402R-A, Students—Code of Student Conduct and Regulation 402R-B, Students—Disciplining Students with Disabilities will be followed.

The term serious bodily injury has the same meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of section 1365 of title 18 of the United States Code.

TEACHER REMOVAL OF STUDENTS FROM CLASS

Teachers have the initial authority to remove students from class for disruptive behavior. Disruptive behavior means a violation of School Board policies or regulations issued by the Superintendent governing student conduct that interrupts or obstructs the learning environment.

Please see Frederick County Public Schools Policy 431P—Teacher Removal of Students from Class for details regarding these procedures.
