Registration Checklist

Want to compete in NCAA sports? Register with the Eligibility Center at **eligibilitycenter.org** before the ninth grade (year nine of secondary school).

Which account type is right for you?

1. **Profile Page Account:** If you're a younger student or are not being recruited, are unsure in which division you want to compete, or are a **domestic student** who plans to compete at a **Division III school**, register for a free Profile Page account. **Transition** your account to a **certification account** once you start being **actively recruited** by an NCAA school.

2. **Academic and Amateurism Certification Account:** You must receive academic and amateurism certifications from the Eligibility Center to compete at a Division I or II school. You must complete the Academic and Amateurism Certification account registration (including payment or **fee waiver**) before you go on Division I official visits, sign an **NLI**, receive an athletics scholarship or compete at a Division I or II school.

3. **Amateurism-Only Certification Account:** If you're an **international student-athlete** (first-year enrollees and transfers) enrolling at a Division III school, you must register with an Amateurism-Only Certification account (or use an existing Academic and Amateurism Certification account, if you already have one) and receive your final amateurism certification before you can compete.

   This account may also be right for students transferring from a non-NCAA college or university to a Division I or II school who do not require an Eligibility Center academic certification. These students should check with the compliance office at the NCAA school they may attend to determine their required account type.

ELIGIBILITY CENTER REGISTRATION ESSENTIALS

Below are some items you should have with you when creating an account at **eligibilitycenter.org**:

☐ **Valid Email**
To register, you need a valid email address that you check regularly and will have access to ***after*** high school. The Eligibility Center uses email to update you about your account throughout the process. ***Note:*** If you have a sibling who previously registered, you will need to use a different email address than the one in your sibling's account.

☐ **Basic Student Personal Information**
This includes information such as your name, gender, date of birth, primary and secondary contact information, address and mobile number.

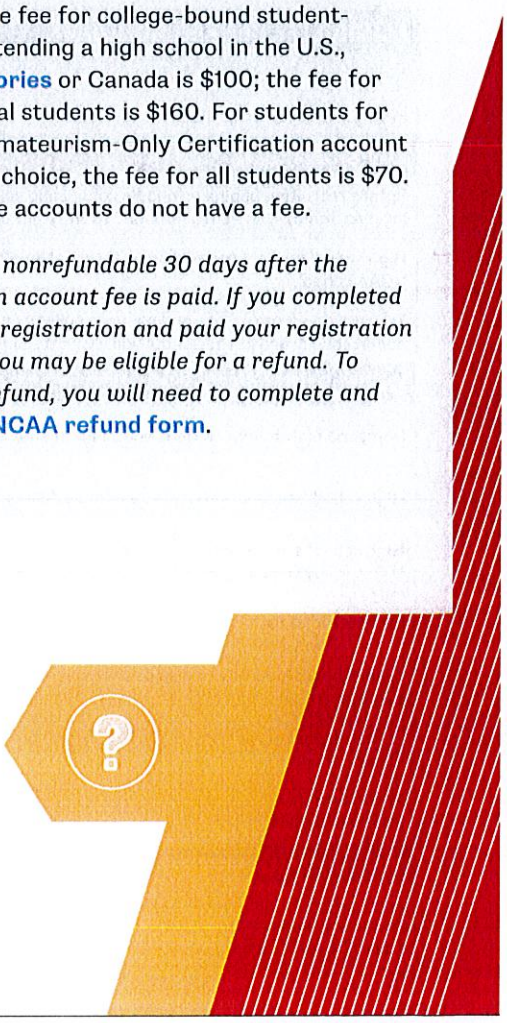

☐ **Basic Student Education History**
When registering, you will be required to provide details about all secondary and high schools and additional programs you attended in the U.S. and internationally. All schools, regardless of whether you received grades or credits must be included. If you attended ninth grade at a junior high school located in the same school system in which you later attended high school, the ninth-grade school should not be listed.

☐ **Student Sports Participation History**
Select each sport you plan to participate in at an NCAA school. For **certification accounts**, you will be required to provide details on any expenses or awards you received, any teams you have practiced or played with or certain events in which you participated. You will also list any individuals who have advised you or marketed your skills in a particular sport. This information helps the Eligibility Center certify your amateur status once you **request your final amateurism certification**.

☐ **Payment (Certification Accounts Only)**
Registration for a certification account is complete only after your registration fee is paid (or upon requesting a **fee waiver**, if eligible). You may pay online by debit, credit card or echeck. For an Academic and Amateurism Certification account, the fee for college-bound student-athletes attending a high school in the U.S., **U.S. territories** or Canada is $100; the fee for international students is $160. For students for which an Amateurism-Only Certification account is the right choice, the fee for all students is $70. Profile Page accounts do not have a fee.

All fees are nonrefundable 30 days after the certification account fee is paid. If you completed a duplicate registration and paid your registration fee twice, you may be eligible for a refund. To receive a refund, you will need to complete and submit an **NCAA refund form**.

Unsure if you've already created an account? Contact customer service at 877-262-1492, Monday-Friday from 9 a.m. to 5 p.m. Eastern time, before creating a new account to avoid duplicate account issues during recruiting.

Division III Amateurism Standards

International college-bound student-athletes (first-year enrollees and transfers) who initially enroll full time at an NCAA **Division III** school on or after Aug. 1, 2023, must have their **amateur status** certified by the NCAA Eligibility Center. (Academic documents may be requested to establish your official graduation timeline for amateurism certification purposes.)

NCAA DIVISION III
DISCOVER | DEVELOP | DEDICATE

ADDITIONAL INFORMATION

You must be on a Division III school's **institutional request list** before your certification will be started.

Three Easy Steps

1 Create Your Account

International student-athletes (first-year enrollees and transfers) planning to study and compete at a Division III school are required to complete an **Amateurism-Only Certification account** with the **Eligibility Center**.

2 Enter Your Information

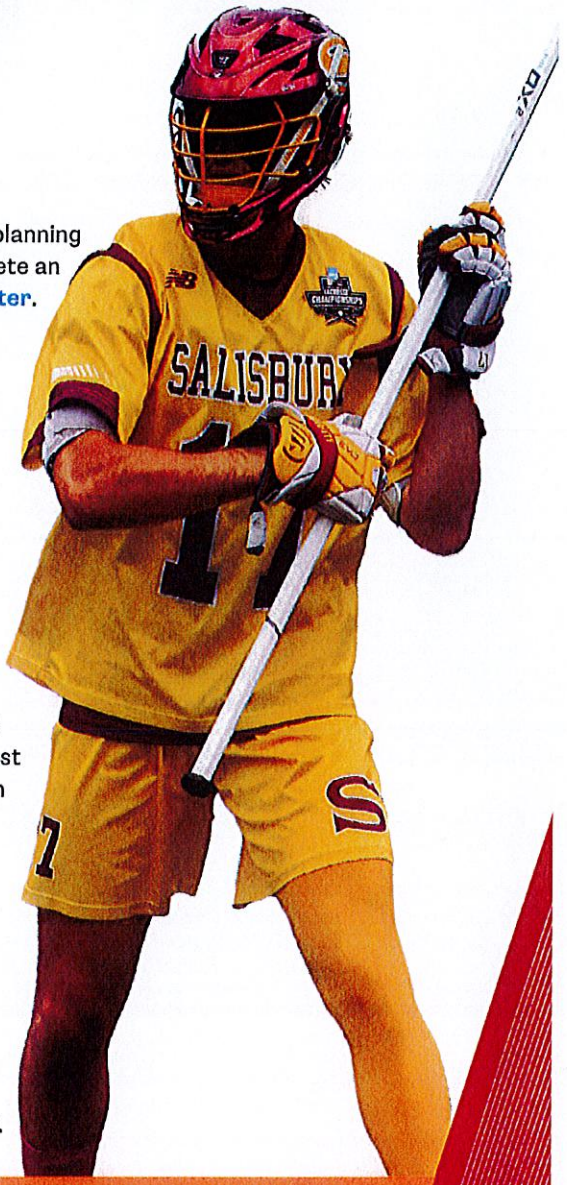

When you register for an Amateurism-Only Certification account with the Eligibility Center, you will be asked a series of questions about your **sports participation** to determine your amateur status. In some instances, the Eligibility Center may need to gather additional information to evaluate your amateur status.

3 Request Your Final Amateurism Certification

You must **request your final amateurism certification** through your Eligibility Center account; the Eligibility Center cannot finalize your amateurism certification without your request. You can request your final amateurism certification even if other tasks are still open in your account. When you can request your final amateurism certification depends on when you are initially enrolling full time at a Division III school:

Fall Enrollment: If you are initially enrolling at a Division III school in the fall semester, you may request a final amateurism certification on or after April 1 prior to enrollment.

Winter/Spring Enrollment: If you are initially enrolling at a Division III school in the spring semester, you may request a final amateurism certification on or after Oct. 1 prior to enrollment.

ELIGIBILITY CENTER

HOW TO REQUEST FINAL AMATEURISM CERTIFICATION

A college-bound student-athlete must request final amateurism certification before the NCAA Eligibility Center can process the student's final certification decision.

» ***Enrolling for the first time at an NCAA Division I or II school in the fall semester?*** Request your final amateurism certification on or after April 1 before that semester.

» ***Enrolling for the first time at an NCAA Division I or II school in the winter/spring semester?*** Request your final amateurism certification on or after October 1 before that semester.

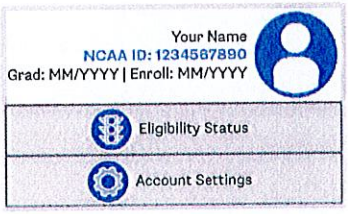

» ***Are you an international student-athlete enrolling for the first time at a Division III school?*** Request your final amateurism certification on or after April 1 (fall enrollment) or October 1 (winter/spring enrollment).

Remember: Only certification accounts can request final amateurism certification.

If you are being actively recruited by an NCAA school and have a Profile Page account, transition it to the required certification account.

Steps to Request Your Final Amateurism Certification

1. Log in at eligibilitycenter.org to view your dashboard.
   » ***On your laptop/tablet?*** Select Dashboard from the menu on the left-hand side of the screen.
   » ***On your phone?*** Scroll to the bottom and click Return to Dashboard.
2. Check your progress on your Dashboard. The first Account Creation circle must be complete prior to requesting your final amateurism certification.
3. Ensure all sports-participation questions are up-to-date and answered, your NCAA enrollment period accurately reflects your first full-time enrollment at any NCAA school, and all amateurism-related tasks are completed.

» You may have tasks open in the second Send Transcripts circle and still request your final amateurism certification.

» Your enrollment period can be updated at any time. To update this field, select Account Settings from the menu and continue to the Basic Information screen, where high school graduation and college enrollment dates are editable on the second page.

4. In the third box on your Dashboard, select the green "Submit Request Now" button.
5. Select each sport for which you want to request your final amateurism certification.
6. You may request your final amateurism certification even if you are not being recruited by an NCAA school. However, the Eligibility Center may wait to begin your certification until after an NCAA school adds you to their institutional request list. Please provide the school(s) recruiting you with your NCAA ID.

Tip: If you changed your enrollment period after requesting final certification, you will need to return to your Dashboard and re-request your final amateurism certification for each sport in the third box. If you have not requested final amateurism certification in the past, follow the steps above.
