

Sun Prairie Area School District

Futures depend on us...every child, every day.

Field Trip Parent/Guardian Permission

The Sun Prairie Area School District regularly incorporates field trips into a student's learning throughout the school year.

The following permission allows teachers to more flexibly and efficiently manage field trips without having to create and collect a permission slip for each separate event. Your response(s) below are applicable for all single day field trips for the school year. **Please note that you will receive specific information about each field trip from your child's teacher before the event.** If, for any reason, you do not want your child to participate in a specific field trip, please notify your child's teacher. Unless the teacher is notified of your wish to opt out of an event, staff will understand that the student has your consent to participate.

All emergency communications for parents/guardians use contact data obtained from Infinite Campus. Student health and medication information is also obtained from Infinite Campus. It is the parent/guardian's responsibility to keep this information up-to-date. **Please maintain accurate information throughout the year in your Infinite Campus Parent Portal account.** Any changes to your child's health status or medications during the school year should be communicated directly to the school nurse. If you need assistance with your Parent Portal, please email enroll@sunprairieschools.org.

This statement only pertains to field trips that are within the state of Wisconsin and occur in one day. It does not include overnight or out-of-state trips. Those permissions will be handled separately by the teacher.

Student's Name (print) _____

Yes No I give permission for my child to participate in field trips via district transportation or via walking if within walking distance of their school.

Student's School _____

Student's Teacher _____

Guardian's signature _____

Date _____
