2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Deep Creek Academy (DCA) is one of seven schools serving student needs in the Farmersville Unified School District. DCA opened its doors in 1999; one year after the comprehensive high school was established. It is the only alternative education school in the district that currently houses two unique schools/programs. We serve continuation high school students during the day and we serve adult students during the evening with a total population of about 100 students. Each program is meant to meet the unique needs of the community of Farmersville, CA. DCA is located in the small rural community of Farmersville in Tulare County which is located in the central San Joaquin Valley, approximately 45 miles southwest of the metropolitan area of Fresno. The length of the school year is one hundred and eighty days and both the continuation high school and adult school programs meet the state instructional minute requirements.

During the comprehensive day, in our continuation high school program, we have multiple schedules to accommodate our student's various needs, which include a main schedule of 8:00 am to 1:50 pm each weekday. Students and parents also have the option to modify their school day, depending on the level of support needed and personal circumstances for each student. Beginning in the 2023-2024 school year, DCA will have three full time teachers, a full time school counselor and a full time principal, as well as Special Education support when needed. DCA has classified staff which includes: one full time secretary, one full time campus aide, one full time community liaison, as well as an on-call health aide and one custodian. The Principal also serves as the administrator for both programs and also directs all alternative education throughout the district. In the evenings, during adult school, we have multiple pathways to meet our student's various needs, which includes a General Education (GED) pathway, a High School Diploma (HSD) pathway, an English as a Second Language (ESL) pathway and we offer a Career Technical Education (CTE) pathway in the Building Trades and Construction industry sector. For DCA we have an annual School Plan for Student Achievement to provide services in a more equitable manner to benefit all students. In our adult education program, we have classified staff which includes one part time secretary/clerk, a part time adult education navigator and three credentialed instructors. The Principal serves as the School Counselor for the adult education program as well.

2023-24 School Description and Mission Statement

The current student population mirrors the community as a whole. Approximately 90% of the students are Hispanic and 91% fall under the low socioeconomic area. We have a small migrant population and generally, students come to DCA as transfers from the comprehensive site (Farmersville High School). Students are referred and transferred for a variety of reasons, primarily for credit deficiency. This deficiency may be the result of poor attendance, behavioral issues, social anxieties, parenthood, or late entry into the school program.

All courses at DCA are through APEX Learning which is an online curriculum. APEX Learning is CDE approved with A-G courses, AP courses, and some remediation courses as options. Each student is assigned courses based on needed requirements and interests. Students complete courses at their pace with the assistance of instructors and our instructional support staff. Students are provided one-on-one instruction and can be set in groups to address specific academic needs. Guest speakers, presenters, and workshops provide students with CTE and college exposure.

Both the continuation high school program and the adult school program are WASC accredited. We provide students with quality education that fits their academic goals, at their pace, with a customized schedule to fit their unique needs. We strive to ensure that their specific goals are being met. Examples of these goals include credit recovery and transferring back to the comprehensive site, graduating early and entering a community college, going directly to a 4-year university, completing a career/technical program to enter the workforce skilled and prepared, or serving our county in the military.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	24.3
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on August 24, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August 24, 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

At Deep Creek Academy, APEX Learning serves as the school's curriculum and is online. The courses included coursework that is A-G approved (which is on our UC Doorways approved list) and foundations courses to assist with credit recovery. Within APEX Learning, there is digital text where students can access full novels and text related to the content area they are working on. Textbooks are used in the classroom to enhance education and reference when needed.

School Facility Conditions and Planned Improvements

Deep Creek Academy's facilities were built in 2012. The campus consists of one permanent classroom, three portable classrooms, a staff room, and an eating area.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. Any items that would be noted in the table would have been corrected or are in the process of remediation at the time of the SARC posting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	0	0	11	13	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

At Deep Creek Academy (DCA), staff is implementing Career Technical Education (CTE) programs for students and keeping in alignment with the programs offered at our district's comprehensive high school. The programs planned for implementation include: a) Building and Construction Trades Pathway.

DCA staff is in the recruitment phase of our implementation plan and are looking to expand in spring of 2022. Our program for the Building and Construction Trades Pathway will be offered at Farmersville High School (FHS, which is the comprehensive high school) with concurrently enrolled students who attend DCA during the first half of their day and then they will be transported to FHS for the remainder of the day to participate in the hands on/lab portion of the course/program.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and guardians are informed of school activities through Parent Square, phone calls, emails and text messages. We also use the school web site and our school social media page (Instagram) to communicate with parents and families. Letters and notes are also sent home regarding specific events from the school site and the parent/student handbook is given to each family and student. A thorough intake is also conducted by the principal before every new enrollment to ensure clear communication.

Parents are invited to participate in Parent-Teacher-Student Conferences, Student Study Team Meetings, School Attendance Review Team (SART) meetings, Graduation Status meetings, Individual Academic Plan (IEP) Meetings, Student Intervention/Progress Monitoring meetings, School Site Council Meetings, English Language Advisory Committee (ELAC) Meetings, Family Orientation, Back to School Night and Open House events. Parents are also continuously included in any meeting requested by the teachers or administration regarding academics, social/emotional, behavior/discipline and attendance. Teachers and the administration contact parents through personal phone calls, parent square all calls and/or text and emails.

For more information regarding organized opportunities for parental involvement, please contact the Principal or Secretary in the main office at (559) 747-6205.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

Safety of students and staff is a primary concern for Deep Creek Academy. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state emergency standards. The School Site Safety plan is reviewed and updated every spring by the School Safety Committee. All revisions are communicated to both the classified and certificated staff. COVID-19 mitigation and safety procedures are also embedded within the school safety plan, as per our district nurse.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. A procedure to allow public agencies, including, but not limited to the American Red Cross, etc. to use school buildings, grounds and equipment for mass care and welfare shelters during disasters or other emergencies have been established. Lock-down drills are held as needed. Students are supervised before school, during lunch and after school by administration, campus aide, community liaison and counseling staff. There is a designated area for student drop off and pick up at the front of the school. We also have a secure campus with one access point of entry for all students, staff and visitors. All visitors must sign in at the front office and go through the Raptor system.

DCA is also contracted with the Farmersville PD for police services and has School Resource Officers (SRO) available.

The students at Deep Creek Academy benefit from many other research-proven interventions that are designed to address the individual needs of all of our students. The following bullets are a list of examples:

- DCA supports the Positive Behavior Interventions and Supports (PBIS) model to promote a supportive culture that addresses behavior modification in a productive positive manner.
- Small group instruction for students who require additional educational support.
- One on one sessions with the school counselor to support social emotional needs as well as academic support.
- Regular staff PLCs to discuss student learning and overall student success.
- A community liaison is available full-time to communicate with students and families and to create a connection to the school setting.
- A school leadership council was created to promote student voice and for students to have input on student recognition days and field trips.
- CTE offerings at the comprehensive high school to enhance student career options.

Professional Development

As part of the professional development growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers three staff development days annually where staff members are offered professional growth opportunities in curriculum, teaching strategies and methodologies. Classified staff are offered professional growth in the areas of emergency response.

Professional Learning Communities (PLC) are held weekly at DCA and FAS. Teachers and administrators work together regularly to review data, student progress, interventions, and address any academic/behavioral concerns.

Our district admin team is also attending the CAPS network training with Solutions Tree to solidify our work with PLCs.

Site principal is currently attending ACSA.

This table displays the number of school days dedicated to staff development and continuous improvement.
