

These activities are a fantastic way to explore, learn, and have fun together. To ensure everyone stays safe and enjoys the experience, please keep the following in mind:

1. **Adult Supervision:** Some activities may require the use of tools or materials that need adult supervision. Parents, please stay close and lend a helping hand when needed.
2. **Safety First:** Always prioritize safety. Use protective gear such as gloves, goggles, or aprons when necessary. Follow all instructions carefully and avoid any shortcuts.
3. **Read Instructions Thoroughly:** Before starting any activity, read through all the instructions. Make sure you understand each step and have all the necessary materials ready.
4. **Be Mindful of Allergies and Sensitivities:** Some experiments may involve materials that can cause allergic reactions or sensitivities. Check the ingredient list and make any necessary substitutions.
5. **Clean Up:** Science can be messy! Keep your workspace tidy and clean up thoroughly after each activity to avoid accidents or contamination.
6. **Ask for Help:** If you encounter any difficulties or uncertainties, don't hesitate to ask for help from an adult or refer to additional resources.
7. **Have Fun and Be Curious:** STEM is all about exploring and discovering. Don't be afraid to ask questions, make mistakes, and learn from them. Enjoy the journey!

By participating in these activities, you acknowledge that you are responsible for ensuring a safe and appropriate environment. We are not liable for any injuries or damages that may occur during these activities.

Happy experimenting and enjoy your STEM adventures!

Warm regards,

Mrs. Gary
