

# Building Number Sense

Print these [flashcards](#). Show your child the card for no more than 2 seconds, then flip the card over. Have your child tell you how many dots were on the card.

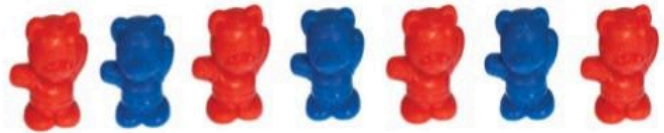

## Build Fact Fluency with Visual Flash Cards

How are the two pictures the same?  
How are they different?

Same or Different?

## Patterns

Guess the pattern rule. What comes next?

## Mystery Number

My number is more than 2. My number is less than 10. My number is more than 5. My number is less than 7. What is my number?

Which one doesn't belong? Why?
