GCSE

A HOST OF STUNNING GRADES, SMASHING EXPECTATIONS!

In true BGS style, terrific grades come from every academic department, demonstrating the breadth and depth of a BGS education.

In the following departments, the majority of grades are 9-7s (A**-A):

Sciences - Biology, Chemistry, Physics and Mathematics
Languages - English Literature and Italian
Humanities - Geography, History and RS
Creatives - Art, Drama and Music.

One in three grades was a stellar 9 or 8 (A**-A*) and half of all grades are stunning 9-7s (A**-A).

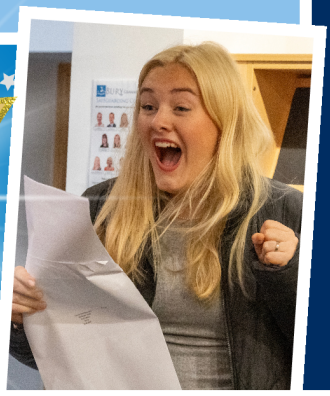

Grades are sensational at the top end. A grand total of seventy BGS pupils have more grades at 9-7s (A**-A) than any other level.

Twenty-seven pupils have 'straight As' (all 9-7s) and twelve of these have 'straight A*s' (all 9-8s).

While most pupils studied nine GCSE subjects, four pupils have an exceptional set of ten grades at 9-7 (A**-A).

And perfection has been reached by two pupils who each have a dazzlingly perfect score of nine grade 9s (A**).

48.7% GRADES 9-7 (A**-A)

"These results are just phenomenal - so many grades in all areas of the curriculum have smashed expectations. We are delighted for our pupils and very very proud of them! That so many of our young people reached high academic standards while also excelling on the sports field, in music, on the stage, supporting others as prefects and mentors, and perhaps also overcoming considerable challenges along the way, is testimony to their commitment, generosity of spirit and balanced approach to life. It has been a privilege to see our pupils grow over the last five years and we are very excited to be welcoming them into Sixth Form. I would also like to congratulate my wonderful colleagues and our super parents on their excellent teamwork during this journey and to thank them all for the part they played."

A GOLDEN YEAR OF A LEVEL RESULTS FOR BGS STUDENTS

CLASS OF 2024

The Class of 2024 is one of Bury Grammar School's strongest sets of A Level results outside of the Covid era with a perfect **100% pass mark**, nearly four in ten grades at **A*-A** and three quarters of A Level grades at the 'gold standard' of **A*-B**. BGS has a strong reputation for adding value to students' grades, but this year has smashed records, with students exceeding all expectations and achieving the best 'value added' in the School in a decade.

With **111 A*-A** grades in total this is certainly an impressive year group and a cause for celebration!

"What a fantastic set of A Level results! I am delighted to be able to congratulate the class of 2024 for their wonderful individual academic achievements this year. It has been a pleasure to share your journeys over the last two years and I would like to wish you all the very best for the future."

Mrs Holly Simmons, Head of Sixth Form

HOW DO BGS COMPARE?

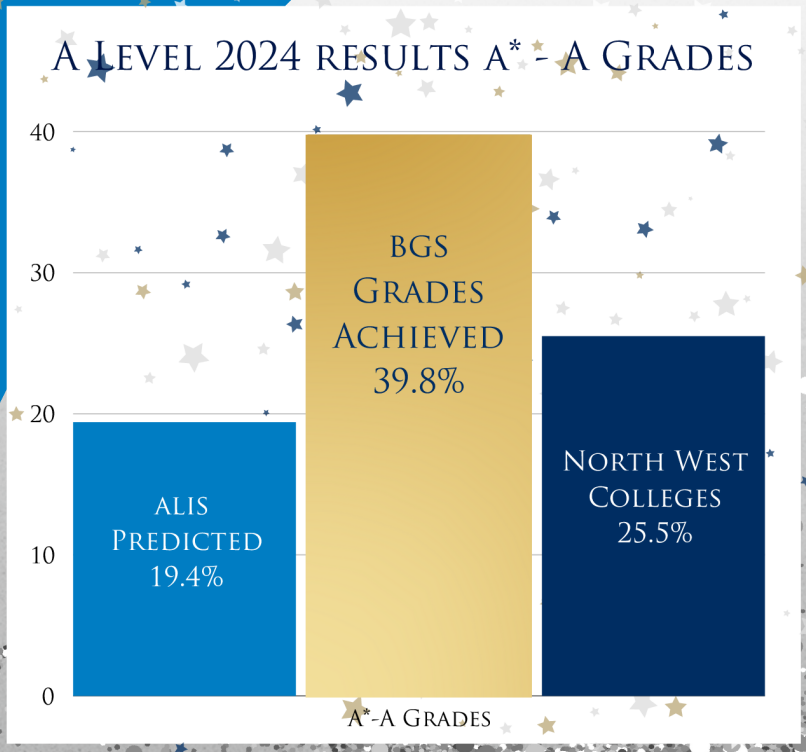

Our pupils emphatically outperformed their own expectations by achieving A Level and GCSE results way ahead of the levels indicated through tests of their 'innate' ability (predicted grades).

BGS students have continually achieved well above the national and regional averages; these graphs show the difference between performance at BGS compared with the North West.
