Shared Leadership: We work as a team. Each member provides essential leadership in support of our common goals.

Social Responsibility: We ensure that we are good partners within our community and that our students and employees support local individuals and organizations. We demonstrate wise stewardship of public resources and ensure that our graduates are ready to shoulder their civic responsibilities.

Evidence-Based Decision Making: We make decisions after careful consideration of the most compelling research and data analysis.

Accountability: Each person affiliated with the STM system, including students, employees, parents/family members, and community stakeholders share accountability for our performance results and for providing personal best effort in support of our goals.

Results Focus: We have processes in place to ‘inspect what we expect’ as we strive to continually improve.

STATEMENT OF ATTENDANCE POLICY

A student's attendance is essential to learning. Learning includes factual subject matter and also social responsibility reinforced through attendance habits, work habits, attitudes and ideals. Every absence whether excused or not, interrupts the student's understanding of the material being presented and weakens his/her interest in the continuing program. Extensive research shows that educational achievement is directly related to attendance.

Students may be excused from school attendance for the following valid reasons:

- Illness verified by parent/guardian
- Illness verified by note from Physician
- Death in the Family
- Maternity
- Required Religious Observance (students will not be excused for religious services held during school if such services are held at other times of the day.)
- Quarantine
- Military Connected Families (e.g. absences related to deployment and return)
- Exposure to Contagious Disease
- Any absences for reason other than those stated above must have prior approval by the principal or assistant principals.

LIMITS ON ABSENCES

Students are allowed seven (7) excused absences a semester. After a student has missed their seventh day, absences will be considered unexcused, unless documentation can be provided. Special circumstances can be reviewed by administration and the attendance office prior to the absences.

HABITUAL OR CHRONIC ABSENTEEISM

IC 20-20-8-8 defines chronic absenteeism as students absent from school 10% or more of the school year for any reason.

IC 20-33-2-25 states that a "Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court or the department of child services."

IC 20-33-2-28 states that it is unlawful for a parent to fail; neglect; or refuse to send the child to a school for the full term as required by law unless the child is being provided with instruction equivalent to that given in public schools. IC 20-33-2-18 states that if a parent of a student does not send the student to school because of the student's illness or mental or physical incapacity, it is unlawful for the parent to fail or refuse to produce a certificate of the illness or incapacity signed by an Indiana physician for an attendance officer not later than six days after the certificate is demanded. The Certificate of Incapacity is more elaborate than a usual note from a physician and has detailed information for students experiencing an extraordinary number of absences for health reasons. This note will be required to be updated every 45 days.

ABSENCE PROCEDURE

When a student is going to be absent, the PARENT must call the main office by 9:00 A.M. on each day of the absence. If the parent explains on the student's first day of absence that the student will be gone for an extended time (hospital stay, long illness, etc.), then the parent need not call back every day.

If the student is returning to school from a verified absence, he or she must bring documentation verifying the absence excuse to the main office within 5 school days from the day they return. If the documentation is a note from a professional, it should contain the student's name, date(s) of absence, reason for absence, and a signature and be on the office stationary.

For an early dismissal, the parent will send a note stating the time and reason for the early dismissal. A parent or guardian is required to sign a student out of school. If the student returns to school that day, he/she will report to the office before going to class.

MAKE-UP WORK

Make-up-work is a student's responsibility. When a student returns to school, he/she will make up the work within the same number of days as the absence. For example, if a student is absent two days, he/she has two days in which to make up the material. Any time extensions are at each teacher's discretion.

If a student is suspended from school, he/she will be allowed to make up the class work for credit. If a test is given during a suspension, students will take the test the day of return to school or shortly thereafter at the teacher's discretion.

If a student is absent for 3 days or more, a parent may contact the guidance office (middle school) or main office (elementary schools) to request books and assignments that a parent can arrange to pick up.

TRUANCY

Truancy is an unauthorized/unexcused absence. A student is truant if he/she does not show up to school and a parent does not confirm the absence.

Regular attendance at school is required by Indiana state law. Frequent absences of pupils from classroom learning experiences disrupt the continuity of the instructional process. Students whose families insist on regular attendance reinforce the idea that school is an important part of their lives. Parents are urged to make certain that their children are in school each day as the students' health permits. Please remember that student attendance significantly impacts our compliance with The No Child Left Behind legislation.

TARDINESS

Students who have not reported to their classroom by the tardy bell are considered tardy. **Parents must accompany tardy students to the office** to check in to school before students report to class. Habitual tardiness has a negative impact on the beginning of the day for your child as well as their classmates. Every effort should be made to assist children in learning the responsibility of reporting to the classroom on time each day.

Tardy consequences at the elementary schools are as follows:

- After 7 tardies - a letter will be sent home with the child
- More than 7 tardies in a semester may require a parent conference or referral to DCS

BICYCLES

When a rider arrives at school property, he/she must dismount and walk his/her bicycle directly to the bicycle rack. The bicycle must be securely locked in the bicycle rack.

DRESS GUIDELINES

Students will be expected to be appropriately dressed. Elementary students should be dressed for indoor comfort and be prepared for outdoor play.

1. Garments that have pictures and/or writing that is vulgar, suggestive, indecent, or otherwise offensive are not permitted. Garments with pictures and/or allusions to drugs, alcoholic drinks, and/or threatening weapons are not allowed.
2. Clothing that permits display of the midriff, navel, or undergarments of any type is not permitted. This includes but is not limited to cut-off T-shirts, halters, and tube tops.
3. Eccentric apparel or grooming that could cause distraction or interference with school purposes is not permitted.
4. Clothing should not be flimsy or transparent. Strapless or spaghetti strap blouses are inappropriate. Clothing should not be split up the sides, or be excessively short or tight.
5. Hats and head coverings such as berets and bandanas are not to be worn in the building. (exception – when preparing to leave for recess or dismissal.)
6. Shoes such as flip flops and crocs have proven to be unsafe both in the school and on the playground. Students may be eliminated from certain activities if the shoes pose a safety hazard.

FIELD TRIPS

Field trips are regarded as part of the educational program of the school. These trips ordinarily require bus transportation. Such trips require the permission of the parent or guardian. School rules are in effect during all school related activities, and as such all negative behavior may be referred to the principal.

All field trips are under the supervision of the regular classroom teacher. Parent volunteers are utilized on many trips which require additional supervision. These volunteers must follow the various rules and regulations guiding each trip and may be required to submit to a background check. *(also see Volunteer Parents).

These trips are an extension of the instructional program. Students are expected to participate. If for some reason a child cannot attend, that child is required to report to school that day(s). Schoolwork will be provided.

FINANCIAL ASSISTANCE

Families may qualify for assistance in obtaining school lunches and school books.. All information remains confidential and is based on the National School Lunch financial guidelines. All students have a bar coded ID card to use at lunch which allows computers to know automatically if students receive assistance therefore keeping information private. To apply, complete an application and return it to the school or directly to the Food Service Director. You will be notified of the results by mail. ONLY ONE application per household is needed. Please list all students and household members. The application must be signed in two places and fully completed to be processed. Details concerning guidelines and application procedures should be directed to the Food Service Office located at Munster High School.

FILMING

Students may not use any device to photograph or record the activities (audio or video) of other students or district personnel while on school property or a school-sponsored activity unless expressly authorized in advance by the building principal or designee and with the consent of the individual(s) being recorded. Students may not clandestinely photograph or record anyone or distribute captured content that violates school policies and/or causes harm. Students who violate this policy will face appropriate disciplinary consequences, including suspension and expulsion.

HARASSMENT/BULLYING

It is the policy of the School Town of Munster to maintain a learning and working environment that is free from harassment based on age, race, color, religion, handicapping conditions or national origin. Students who harass and/or bully other students, with the intent to harass, ridicule, humiliate, or harm the other student or staff may be subject to suspension and/or expulsion. (a) Bullying is prohibited by schools within the School Town of Munster. Students who commit any acts of bullying are subject to discipline including but not limited to suspension, expulsion, arrest, and/or prosecution.

(b) Definition: "Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student, creating for the targeted student an objectively hostile school environment that:

- 1) places the targeted student in reasonable fear of harm to his or her person or property;
- 2) has a substantially detrimental effect on the targeted student's physical or mental health;
- 3) has the effect of substantially interfering with the targeted student's academic performance; or
- 4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the school.

Bullying does not include, and should not be interpreted to impose any burden or sanction on, the following:

- participating in a religious event;
- acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
- participating in an activity consisting of the exercise of a student's freedom of speech rights;
- participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
- participating in an activity undertaken at the prior written direction of the student's parent;
- engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

(c) Applicability: The School Town of Munster prohibits bullying in all forms. This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the school district and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment. Munster Schools prohibit bullying through the use of data or computer software that is accessed through any computer, computer system, or computer network.

(d) Education: The elementary schools will provide training and/or instruction on anti-bullying prevention and policy to all students in grades Kindergarten through 5, as well as staff, in accordance with Indiana law.

(e) Reporting: Anyone who believes that a student has possibly been or is the victim of bullying is encouraged to immediately report the situation to an appropriate staff member such as a teacher, school counselor, or administrator (including the school district lead administrator). All staff, volunteers, and contracted service providers who observe or receive a report of suspected bullying shall notify a designated school administrator in charge of receiving reports of suspected bullying within the same day. If a staff member does not know who to make a report to, he or she should report directly to the building principal or school district lead administrator. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law, such as when a staff member believes that a student is the victim of abuse or neglect. Any person who makes a report of bullying and requests to remain anonymous will not be personally identified as the reporter or complainant to extent permitted by law. The School Town of Munster will act appropriately to discipline staff members, volunteers, or contracted service providers who receive a report of bullying and fail to initiate or conduct an investigation of a bullying incident and for persons who falsely report an incident of bullying. The school district will act appropriately to discipline students, staff members, visitors, or volunteers who make false reports of bullying.

(f) Investigation: Once a report of suspected bullying is received by the designated school administrator, an expedited investigation shall follow. The investigation should be facilitated by the designated school administrator or other appropriate school staff. Information relating to the investigation will be gathered using means including, but not limited to: witness interviews, request for written witness statements, record identification and review, and an assessment of whether bullying occurred. The investigation will be initiated within two (2) school day of the report to the designated school administrator and will ordinarily be completed within fifteen (15) school days.

(g) Intervention/Responses: If a report of suspected bullying is substantiated through an investigation, then the school district shall take appropriate intervention and responses as consistent with policy and procedure. The school will take prompt and effective steps reasonably calculated to stop the bullying, remedy the bullying, and prevent the bullying from recurring. Interventions and responses include, but are not limited to: separating the bully and the target; follow-up school counseling for the target; bullying education for the bully; and prompt disciplinary action against the bully. These steps should not penalize the target of the bullying. Disciplinary actions against the bully may include, but are not limited to suspension and expulsion. Also, if the acts of bullying rise to the level of serious criminal offense, the matter may be referred to law enforcement. The school shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

(h) Parental Involvement: Parents are encouraged to be involved in the process of minimizing bullying. Parents should report suspected acts of bullying to an appropriate school official. In addition, parents of students suspected of bullying will be notified with a phone call or through other appropriate means of communication. Conversely, parents of students suspected of being the target of acts of bullying will also be notified with a phone call or through other means of appropriate communication. Parent notifications will occur in an expedited manner within two (2) school days after the designated school administrator receives the report of suspected bullying. Parents of students who are disciplined for acts of bullying will be involved in the disciplinary process consistent with the law and school district policy.

(i) Reporting to IDOE: Each school within the school district will record and report to the district lead administrator or his or her designee the frequency of bullying incidents in the following categories: verbal bullying, physical bullying, social/relational bullying, and electronic/written communication bullying (or a combination of two or more of the above categories). The corporation lead administrator or his or her designee shall report the number of bullying incidents by category for each school and the entire corporation for each school term to the Indiana Department of Education by July 1.

KINDERGARTEN REGISTRATION

Each year in the spring, kindergarten registration is conducted in the elementary schools. At the time of registration, parents must present the child's original birth certificate. Please refer to the School Town of Munster website for more information.

Students must be five years old on or before August 1 in order to begin kindergarten classes in the fall of that year.

LEAVING SCHOOL DURING THE SCHOOL DAY

If a student must leave school during the school day, the parent should send a note to the school explaining the reason for leaving, who will be picking the student up, and specifying the time of dismissal. Students will remain in the classroom until parents come to the school to pick them up. At this time, the parent will sign the student out, and school personnel will call the student from the classroom and will give custody of the child directly to the parent or designee.

LOST AND FOUND

Each school has a system for handling articles lost or found. All valuable articles lost or found should be reported or brought to the school office.

LOST OR DAMAGED BOOKS/ EQUIPMENT

Students are responsible for maintaining textbooks, devices, workbooks, and library books in a reasonable fashion. If an item is lost or damaged while in the custody of a student, that student will be required to reimburse the school in full for the lost or damaged item.

LUNCH FACILITIES

Pupils may purchase hot lunches at school or they may bring lunches from home. Parents cannot bring fast food from restaurants for lunch. The Food Service Department follows the guidelines of the National School Lunch Program. Hot lunches are served each day. Lunch menus are posted on the School Town's webpage *NUTRITION & FOOD SERVICE* TAB. Milk, string cheese, ice cream and occasional snacks are available to purchases on a limited basis.

Elementary Prepaid Lunch Accounting System

- All students receive an I.D. card issued from school pictures each year.
- Prepaid lunch checks (*made out to the school*) should be sent in an envelope marked with the child's full name, homeroom, and labeled "Lunch Money"
- If sending one check for two or more students, please write this information for each child.
- All money will be applied to the student's lunch account. No change will be returned.
- Parents may create a secure online account where they can pay for lunch via a charge card. Visit: www.MySchoolBucks.com for information. An internet convenience fee is charged for each transaction and is displayed separately when you process a transaction.
- The computerized lunch system is for all food and drink items.
- It is a parent's responsibility to provide lunch money or pack a lunch for students.
- All lunch charges must be paid before the last day of school.

PARENT-TEACHER CONFERENCES

Parent-Teacher Conferences – Formal Parent-Teacher conferences will be scheduled in the Fall and listed on the STM calendar. However, parents are encouraged to contact teachers whenever necessary.

Some tips for successful conferences include:

- Be prepared. Make a list of things you want to tell or ask the teacher. Items on the list may include homework policy, test results, and the child's attitude.
- If possible, leave your children at home when you attend a conference. Before meeting with the teacher, ask the student if there is anything he would like you to speak with the teacher about.
- Make notes of the teacher's comments throughout the conference and review the key points that will help you help the child.
- Talk with your child about the conference and stress the positive points brought out by the teacher. Discuss some suggestions for improvement and the setting of new goals.

PERSONAL ITEMS AT SCHOOL

The instructional process is often delayed or interrupted when students bring personal items to school. Items such as, but not restricted to, cell phones, radios, audio/video players, electronic games, tablets, toys, etc. are not allowed to be used during school hours. The school assumes no responsibility for the safekeeping of personal items such as these.

PHYSICAL EDUCATION

Children are to have loose-fitting clothing appropriate for freedom of movement and modesty (slacks or shorts) available to wear during this period of the day. Each child is required to have clean gym shoes ready for class. Injured students: Students will not be able to miss more than two classes without a verified excuse by a doctor.

POWER PARENT

Power Parent allows parents to have internet access to pertinent information about their child's attendance, grades, homework assignments, discipline, health records and much more. Passwords are distributed to parents at the start of the year. Web ID access will be distributed to all new students.

PROMOTION AND RETENTION OF PUPILS

The principal of the school is empowered to make the final decision concerning the student's grade placement usually in concert with the child's former teacher(s). There are many factors which are discussed and weighed when making such an important decision, e.g. chronological age, test results, teacher recommendations, parent recommendations, etc.

RECESSES

With the exception of inclement weather, students have scheduled recess periods throughout the day. Please dress your children warmly and appropriately for the weather. Appropriate shoes should be worn for outdoor play. Please label all clothing with your child's name. Temperature guidelines for indoor recess: Below 20° F and/or wind chill below 10° F.

Winter Holiday: Classroom parties before the December Winter Break

Valentine's Day: Exchange of valentines is customary

Birthday Celebrations: Due to food allergies and the wellness of our students, if you feel you would like to celebrate your child's birthday at school, please only use non-food items for birthday treats. Pencils, stickers, pens, bookmarks etc. make great individual gifts for all of the students in the classroom. No outside birthday planning, sending of invitations or other arrangements may be made during the school day. (Invitations may be sent only if the entire class is invited or if a girl is inviting all the girls in the class or a boy is inviting all of the boys in the class.)

Staff Gifts: School Board Policies 3214 and 4214 discourage the presentation of gifts to staff members by students and their parents because it could embarrass students with limited means and gives the appearance of currying favor. It is the policy of the Board that no staff member should expect gifts for carrying out the terms of his/her teaching contract or assigned job.

SCHOOL SUPPLIES

Grades K-5 supply lists are available in the school office or on the Munster website.

SECLUSION AND RESTRAINT POLICY

A student will not be subject to seclusion or restraint unless the student's behavior poses an imminent risk or injury to the student or others. However, significant violations of the law, including assaults on students and staff, will be reported to the police. As soon as possible after any use of seclusion or restraint, the student's parent or guardian will be informed and provided with a detailed account of the incident, including the circumstances that led to the use of the seclusion or restraint.

SMOKING IN THE SCHOOLS

By action of the Board of School Trustees, all Munster schools are smoke-free. This means that smoking and vaping is not permitted in school buildings, on school grounds or buses, or at school events away from the school location including all field trips.

STANDARDIZED TESTING PROGRAM

Students in Grade 2 and 3 are tested each year on the IREAD 3. This assessment is administered in March.

Students in Grade 3, 4, & 5 will be administered the ILEARN assessment. These tests are administered according to a schedule prescribed by the State.

Students in Kindergarten, 2nd and 5th grade will be assessed using the CoGAT assessment.

School Town of Munster administers the NWEA assessment three times a year as a progress-monitoring tool for instruction (August, November, March).

STUDENT BEHAVIOR

Munster elementary students are expected to conduct themselves in an orderly, civil manner at all times. Students will not be allowed to disrupt the classroom learning of their classmates. Any habitual or insubordinate problems will be dealt with and the parents contacted to achieve a cooperative resolution of the problems.

The School Town of Munster has adopted "Rules and Standards of Conduct of Students of the School Town of Munster" and the "School Town of Munster Elementary Behavior Rules." A copy of these documents is included as an appendix to this handbook.

STUDENT INSURANCE

Student insurance is made available as a service of the schools. Information concerning the plan will be available during registration each fall. Parents are required to indicate acceptance or rejection of the student insurance plan.

Parents will be informed yearly concerning the availability of summer courses.

TECHNOLOGY

The School Town of Munster laptop initiative has become an outstanding resource for students to use that enhances their understanding of concepts and content. It is necessary that actions be taken to safeguard our school computers and other technological tools from various kinds of abuse.

Physically damaging technological equipment, tampering with essential files, creating computer viruses, inappropriately using the Internet or Email, and other behaviors that constitute attempts to destroy, abuse, distort, or misuse technological equipment will result in disciplinary action. Students may be prohibited from taking school devices home.

Students who engage in repeated misuse of technological equipment could face suspension and/or recommendation for expulsion. Students who repeatedly misuse technological equipment, including laptops, will be issued fines and could be recommended to local police authorities. For additional clarification refer to the district's 1:1 Laptop Agreement and acceptable Use Policy.

PROGRAM FOR THE HIGH ABILITY EXCEPTIONAL LEARNER

Munster provides a differentiated program composed of several options to facilitate high ability exceptional learner students' development to the highest levels of ability, self-concept, motivation, and creativity.

The process for identification and selection of high ability exceptional learner students utilizes broad-based, multi-dimensional, and bias-free procedures. This process is repeated yearly to identify additional participants. Please review this process from our School Town of Munster website.

Additional questions may be answered by the Assistant Superintendent at 836-9111 ext. 1021.

The Director of the School Town of Munster Exceptional Needs Department may be reached at 838-7256.

HEALTH INFORMATION

Nursing services are available at all three elementary schools on a daily basis. They deal with a variety of school health areas, including: screening tests, maintenance of health records, health records, health education, individual student health problems, emergency first aid, conferring with parents, and consultation with staff members. The nurse is not responsible for providing care for injuries that did not occur at school and should not be used in place of the family physician.

ADMINISTERING MEDICATION DURING SCHOOL HOURS

Medication should be given at school only if ABSOLUTELY NECESSARY.

Medication will be administered by the school nurse upon receipt of:

1. A written order from a physician which includes the following:
 - a. name of the student and the medication, dosage,
 - b. time schedule for administering the medication,
 - c. dates during which the order is in effect.
2. A written request from the parent/guardian.
3. The medication must be in a container with a pharmacist's label containing not more than four week's supply.
4. Only one type of medication may be stored in each bottle.

Any other medication must be given personally by the parents.

All medication is stored in a locked cabinet in the nurse's office. NO STUDENT IS PERMITTED TO HAVE ANY MEDICATION IN THEIR POSSESSION DURING THE SCHOOL DAY UNLESS AUTHORIZED IN WRITING BY HIS/HER PHYSICIAN. These rules are for the safety of all students.

Nonprescription medication, such as Tylenol or cough drops may be given by the school nurse upon receipt of parental written authorization following the same procedure as prescription medication.

The required forms for giving medications at school are available from the school office or the nurse.

Medication shall be administered in accordance with the parent's written statement (in the case of nonprescription medicine) or the physician's order (in the case of prescription medicine) only by a school nurse or other employee(s) designated in writing by the school principal. Nonprescription medication, however, will only be administered according to package directions. Any doses larger than recommended will require a doctor's note. All administration of medicine shall be documented in writing. Any designated employee who is responsible for administering injectable insulin or a blood glucose test by finger prick shall receive proper training from a practitioner or a registered nurse and such training shall be documented in writing by the practitioner or registered nurse and kept on file in the school building office.

FIRST AID FOR STUDENTS

The school attempts to provide an environment in which the child will be safe from accidents. If an accident occurs, first aid will be administered, and if necessary the school nurse will be called. Parents will be notified at the nurse's discretion. No care beyond first aid, defined as the immediate, temporary care given in the case of an accident or sudden illness, will be given by the nurse or other authorized person.

It is extremely important that parents keep the school informed concerning emergency telephone numbers which will enable the school to reach them in emergency situations.

MENINGITIS INFORMATION

Indiana State Law IC 20-30-5-18 requires that school systems provide important information to parents and guardians of students about meningococcal disease and the vaccines available to prevent this serious illness at the beginning of each school year.

Meningococcal disease is caused by the bacterium *Neisseria meningitis* and generally affects children and young adults in two ways:

- meningitis (an inflammation of the tissues covering the brain and or spinal cord)
- bloodstream infection (that usually leads to bleeding under the skin)

Symptoms of meningococcal disease can include a sudden onset of fever, headache, stiff neck, nausea, and confusion and in blood stream infections a rash will develop. This disease progresses rapidly and often results in permanent hearing loss, mental retardation, limb amputations and even death. The bacteria spread through air droplets or by means of direct contact with an infected person's saliva.

The United States Centers for Disease Control and Prevention (CDC) recommends routine vaccination with the meningococcal conjugate vaccine (Menactra) for all students 11-12 years of age, or 13 –18 years of age if not previously vaccinated. Children ages 2-10, who have a disorder of the immune system or whose spleen has been removed should also receive the Menactra vaccine as they are at higher risk for contracting this disease.

Many local health departments and private healthcare providers offer this vaccine. Please talk with your child's healthcare provider about meningococcal vaccine and immunization.

PHYSICAL EXAMINATIONS AND IMMUNIZATIONS

Parents are required to obtain a physical examination by a physician for the following students:

- All kindergarten, sixth, and ninth grade students.
- All students new to the Munster schools.
- All participants in athletics grades 6-12.

Parents should obtain a physical examination form from the school prior to taking the student for a physical examination. The form specifies what items the doctor must include in the examination.

Parents must provide a medical history of the child on the physical examination form.

Failure to complete both sides of the physical examination form and to provide proof of the required immunizations will delay acceptance of the child into regular attendance.

PUPIL CONDUCT

A pupil's conduct is the mirror that reflects to others the kind of individual he or she is. There are acceptable ways of acting on the school ground, in the halls, in the classrooms, while on the way to and from school, and in all other places. Students will be expected to conduct themselves as young ladies and gentlemen, keeping in mind the safety and well-being of themselves as well as others. Good citizens learn to discipline themselves and think before they act. Listed below are some rules dealing with conduct in the elementary schools. Violations of these rules may result in action ranging from a conference to expulsion, depending upon the severity and/or frequency of the violation.

Unacceptable Language, Acts and Gestures, or Harassment

- The use or possession of profane or obscene materials, acts, gestures, or language which could or do create a nuisance is strictly prohibited. Physical or verbal harassment of other students is not acceptable and will not be tolerated. Threats and intimidation of another student for any reason will not be permitted. Students are encouraged to seek help from their teachers or principal to resolve conflicts.

Dishonesty

- Cheating on tests, assignments or any other form of dishonesty is considered a serious offense. This includes, but is not limited to, lying and theft.

Fighting

- Fighting in the school building, on the school grounds, in route to and from school and at school-sponsored activities is prohibited.
- Individuals who promote and instigate fights are subject to the same corrective actions as the participants.

Bullying

- Bullying will not be tolerated and is defined as “overt, repeated acts or gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by student or group of students against another student with the intent to harass, ridicule, humiliate, or harm the other student”.

School Town of Munster 1:1 Laptop Computer Student Guidelines/Agreement

Introduction

The vision of School Town of Munster is that all of its students function successfully in an ever-changing world of technology. Therefore, technological tools are provided for educational purposes and are intended to support the learning objectives of the School Town of Munster.

All devices issued to students in all grades are the property of the School Town of Munster. The devices are on loan to the student and must be used in accordance with the policies and procedures of the School Town of Munster's Acceptable Use Policy. The use of computers, as well as access to the computer network, the Internet, and e-mail are privileges, not rights.

Computer Use at School

Students are responsible for bringing their laptops, fully charged, to school each day.

Laptops are to be used in the classrooms as directed by teachers.

Laptops and batteries are assigned to an individual student. The laptops and batteries should be in the student's possession or secured properly at all times. Students should never "swap" or "share" their computers or batteries with another student.

Students must never share their passwords with other students. Passwords must always be kept confidential.

Students are responsible for saving or backing up their documents to the server, the computer hard drive, or a portable flash drive.

Students participating in activities that are not conducive to using their laptops (i.e., field trip, assembly, etc.), are required to leave the laptops in their locker or other designated secure location.

As Chromebooks were purchased through a grant, there is no repair budget to cover the costs of damages. Any damages to Chromebooks must be paid for by the parent.

Computer Use at Home

Each time students change their passwords they should pass this information on to their parents/guardians.

Students are responsible for recharging the laptop at home on a daily basis to be prepared for school.

If the computer is damaged or not working properly, students should report to the school Media Center Student Help Desk.

If the computer is lost or stolen, parents/guardians should immediately report the loss or theft to the local police, the designated school Help Desk, and administration.

Computer Use on the Internet, E-mail and Network

- Computer usage is monitored by the School Town of Munster at school and at home.
- The sole purpose of email is for educationally-related activities and not social networking.
- Students and parents/guardians should understand that the School Town of Munster does not have control over information found on the Internet. While every attempt is made to block access to inappropriate material while the student is at school, the district is not able to monitor completely student usage of the computer while at home. It is the parent/guardian's responsibility to supervise the information that a student is accessing from the Internet while at home.
- Students are responsible for their behavior and communication on the Internet. Students must always be respectful to others and never use obscene, profane, vulgar, sexually explicit, defamatory or abusive language in their messages.
- Students must understand that distribution of sexually explicit photos to minors from minors is a serious offense punishable by state and federal laws and school discipline. All such incidents will be reported to the Munster Police Department.
- Students must never intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent themselves or other users on the network or the internet.

- Students must never use the computer to harass an individual or any particular group. Cyber Bullying is a serious offense and will be treated as such through disciplinary and or legal actions.
- Students must never “hack” into any computer system, access proxy servers, bypass filters, elevate privileges or engage in unauthorized use of the network.
- Students should not use chat rooms, instant messaging or social networking sites unapproved by the School Town of Munster.
- Students must not use copyrighted materials that exceed fair use guidelines without written permission of the author.
- Students should never share personal information about themselves or others while using the Internet or e-mail. This includes a student’s name, age, address, phone number or school name as well as photos.
- Students should be aware that Internet access and e-mail, and other media that are accessed, created or stored on their computers are the sole property of the School Town of Munster. All communications and information accessed via the network is public property. The School Town of Munster has the right to review these items for appropriateness, and to limit or revoke a student’s access to them at any time, and for any reason.
- Academic Dishonesty is monitored through the School Town of Munster filtering system. See school handbooks for consequences associated with Academic Dishonesty.

General Use and Care of the Computer

- Students are expected to treat their laptops with care and respect. The computer is the property of the School Town of Munster and should be kept clean and free of marks at all times. Placing stickers, writing or drawing on, engraving or otherwise defacing the laptop are not allowed and will result in loss of privileges.
- Students should not use their laptops while walking, on the bus, or otherwise being transported. Laptops should only be used while they are on a flat, stable surface such as a table. Laptops can be easily damaged when mishandled.
- Students should protect laptops from extreme heat or cold. Laptops should never be left in a car, even if the car is locked.
- Computers should be protected from the weather, water or other liquid, food, and pets. Students should never eat or drink while using their laptops, or use their laptops near others who are eating and drinking.
- When transporting their laptops to and from school, students should always be sure they are placed in an approved backpack, fully closed without the power cord or other peripherals attached.
- Laptops should be placed inside approved backpacks in the padded laptop section. The laptop should be separated from books or heavy objects. No heavy objects should be placed or stacked on top of the laptop.
- Students are encouraged to help each other in learning to operate their computers. However, such help should be provided with voices and not hands. Students should operate their own computers at all times.
- Students are not allowed to download or install any software or other materials without the permission of the STM Technology Department.
- Students should use care when plugging in or disconnecting their power cords. Always remember to pull on the plug itself, not the cord.
- Students must use only the provided power cords. Others may damage the computers.
- Computers must be shut down before being placed in the cases or school bags.
- Computers should not be placed on or under soft items such as pillows, chairs, sofa cushions, or blankets. This will cause the computer to overheat, and will result in damage to the computer.
- Cleaning of laptop screens and keyboards must be done with approved cleaners only or by the Help Desk staff.
- Malicious, negligent or repetitive damages to the laptops is prohibited.
- Anyone observing inappropriate or careless use of a computer should report to a teacher or other staff member immediately.

Consequences of Inappropriate Use

The use of any School Town of Munster technology ***is a privilege and not a right***. Students are expected to use their computers in accordance with these 1:1 Student Guidelines, the District Acceptable Use Policy, and any applicable laws. Failure to use these computers appropriately will result in the following consequences, as determined by the staff and administration of the School Town of Munster:

- Limit student use or access privileges.
- Loss of the privilege of using the computer at home.
- Financial restitution.
- Suspension from school.

- Expulsion from school.
- Civil or criminal liability under applicable laws.

Board Communication Procedures

The Role of the Curriculum and Instruction Office

Under most circumstances, the Curriculum and Instruction Office is the Corporation liaison with the public news media. All contacts and releases concerning Corporation policies and regulations, matters of Corporation-wide interest, or potentially controversial topics will be handled or cleared by the Curriculum and Instruction Office. If unable to answer an inquiry, the Curriculum and Instruction Office will refer reporters to the individual best able to answer.

All crisis communications must be referred to the Curriculum and Instruction Office or, in the absence of the Curriculum and Instruction Director, to another central office administrator. Principals are urged to notify the Superintendent's office or the Curriculum and Instruction Office as quickly as possible in the event of an emergency situation.

Responding to Individual Concerns

The Corporation does not view the news media as the appropriate forum for responding to the concerns of individual parents and students. Instead, the Corporation refers patrons and the public to the procedure outlined in Board Policy 9130, Public Concerns, as a more effective way to facilitate discussion and resolve issues.

The Role of Individual Buildings

The principal is the primary contact for information about his/her school. Principals are encouraged to release routine news items and information of a positive nature concerning events, personnel, students and non-controversial programs in their schools. Information may be released in written form (press release) or through personal contact.

Staff members, students and parent representatives of the school must clear all media contacts with the principal in advance.
