Football vs. Thames River, 6:30 p.m.

September is **Childhood Cancer Awareness Month**. Only 4% of federal cancer research dollars are dedicated to pediatric cancer, but 1 in 285 children in the U.S. are diagnosed with cancer.

All proceeds will benefit the **Tommy Fund for Childhood Cancer**, which provides support to children and families of children fighting cancer at **Yale New Haven Health's** Smilow Cancer Hospital and Children's Hospital, as well as funds to improve children's cancer care and research.
