SCHOOL COUNSELOR

September 2024

A note from Mrs. Ragghianti:

This month I have visited classes and talked about being a respectful problem solver.

Problems come in many sizes. Most of them are small problems that our children are smart and strong enough to handle and solve.

Having choices to respectfully and peacefully solve a small problem is very important as our students continue to learn how to get along and build friendships. See the next page for some ideas.

Coping Skills

DEEP BREATHS	Take time to practice deep breathing with your child.
CALMING THOUGHTS	Ask your child what words help them feel better. Help them choose a phrase.
COUNTING	Count to 20 with your child. Slowly, softly, and calmly to reset and calm.
GROUNDING	Uniting our mind with our body is very important. Using our five senses helps.
COPING SKILLS	Talk to your child about all the ways we can take care of our feelings.

RESPECT Family Newsletter

PurposeFull People

Respect Overview

This month's focus is Respect. One way to think about Respect is "seeing value in all people and things & treating them with care." Many people feel Respected in different ways. We hope this month inspires discussions with your family about what Respect means to you and how you can practice it together!

Respect is 1 of 3 traits we will focus on throughout the year that helps students Be Kind. Across grade levels, students will be developing skills like perspective-taking, conflict resolution, and leadership.

Conversation Starters

- Can you share or show what Respect means?
- What is 1 way you have practiced Respect lately?

PurposeFull Pursuits

Have some fun connecting as a family this month while practicing Respect. Here are 2 "PurposeFull Pursuits" you can complete together!

#1 A fun way to remind students to show Respect to others is to create a non-verbal cue. As a family, come up with a non-verbal way to cue your student to remember to show Respect to others. An example of this would be anytime you raise the "Respect Rooster" on your hand by closing the middle 2 fingers and bringing your pointer finger and pinky finger up, your student would be reminded to practice living out Respect.

#2 Review Respect as a family! In our lessons we are teaching that Respect means to see value in people and things and treat them with care. Agree as a family to set aside a certain time each day this week to unplug from devices and plug into family time. It shows Respect to practice being present in the moment without the distractions that can come from technology. Debrief and discuss this challenge afterward. Consider to embracing this practice at least 1 day each week!
