

## CARDINAL WEEKLY

*News for the Week of September 12, 2024*

In honor of 9/11, St. John's hosted a special Flag Ceremony in the Courtyard that included Middle Division and Pre-K students.

*"Today, we take time to remember and honor an important day in our history—September 11th, also known as Patriot Day. We think about the bravery, strength, and kindness of so many people who came together to help others during a difficult time. Even though 9/11 happened before many of you were born, the lessons from that day are still important. They teach us the value of helping others, showing compassion, and standing together in difficult times."*

- Mrs. Grogan

### **Help SJES Support First Responders**

To show our sincere gratitude for our First Responders and their service and dedication during these tough times, we are hopeful that each St. John's student can make a handwritten thank you note to a first responder. Students can use thank you cards, stationery, lined paper, or plain white printing paper. Students can write and/or draw with colored pencils, crayons, markers, or pens. Students can then bring their completed thank you notes to class and give them to their teachers. We will ensure the notes get into the hands of our local first responders.

Additionally, Middle Division Student Council will be selling ice cream on Friday's at lunch, beginning tomorrow, September 13. Ice cream will be sold for \$1 each. The money student council earns will support supplies for First Responders at the Airport Fire.

- ECD students will have ice pops available for purchase at afternoon pick-up on Friday, September 13.
- K-8 grade students will be able to purchase ice cream with cash at their designated lunch times.
  - *Ice pops will be available for purchase for K-2 grade students.*
  - *Ice cream cups and ice pops will be available for purchase for 3-8 grade students.*

### **After-School Library Access**

The St. John's Learning Commons (library) will be available for Early Childhood Division and Elementary Division families to visit after school, every full school day, with

the exception of Wednesdays. During this time, our students and their families are able to check out books and work on schoolwork while they wait for Middle Division siblings to be dismissed. This is also an amazing opportunity to enjoy the peacefulness of the Learning Commons and the Patio. ECD and ED students are not permitted in the Learning Commons during this time without direct supervision from a parent/guardian.

Additionally, at the 3:05 p.m. dismissal, Middle Division students have the option of visiting the Learning Commons for a Study Hall-like environment until 4:00 p.m. If Middle Division students require supervision after 4:00 p.m., they can then attend Extended Care in Room 14 in Sillers Hall.

### **A Few Friendly Reminders:**

- Please do not serve your child food on the ECD playground. We have several children with allergies and need to make sure this space remains a safe place for all of our students.
- With the excessive heat warning children may be inside during Extended Care hours. If your child is in Preschool or Pre-K they will be in Room 4. If your child is in Early Preschool they will be in Room 7.

- If you drop your child off after 8:15 a.m., we will walk your child to their classroom. Students and teachers have begun their morning classroom routines/enrichments by this time.
- Children will be moved into Extended Care on Brightwheel at 2:45 p.m. Please plan to pick your child up by this time if they are not staying for Extended Care. Students who have not been picked up by 2:45 p.m. will automatically be moved into Extended Care.

### **Space Exploration in Fourth Grade**

*Blastoff! Fourth grade students in Ms. Casey's room took a trip into space as they learned about lunar landers, the spacecraft that lands on the moon. Using a small number of supplies, students worked in teams to create their own lunar lander which was tested to see if their design could safely land on the moon. Students drew blueprints the day before to prepare for their building, and were able to build, test, make changes, and prepare for the final test. This was a great way for students to connect, build friendships, work as a team, and bring their interests of exploring space to life.*

## Math Olympiad Coming Soon for Elementary Division Students

St. John's is excited to offer our 4th and 5th grade students the opportunity to participate in Mathematical Olympiads for Elementary Schools (MOEMS). MOEMS is a nonprofit public foundation which provides opportunities for children to engage in creative problem-solving activities which develop a child's ability to reason, be logical, be resourceful, and occasionally be ingenious. Our Middle Division students have participated in MOEMS for several years, and we are excited to provide our Elementary Division students with this mathematical opportunity. Please find more information and a student interest form linked [here](#).

**The World Ahead: Visit from Crean Lutheran School**

*On Thursday, September 5th, an Admissions Team from Crean Lutheran High School visited our 8th grade students as a part of Ms. Peebles' World Ahead class. The current unit, "Road to High School," involves presentations from various local high school teams. On Thursday, the Crean Lutheran Team, comprised of three high school students and an Admissions Director, joined us at St. Johns. In addition to presenting to students, they offered opportunities for our 8th graders to ask questions. As students were asking questions, they were expected to take notes. Now that 8th grade students are becoming ever more independent, they are expected to present to their families after each visit. The High School Process is a BIG deal in their academic lives. Our hope is to develop agency so that they – in collaboration with you – can make informed decisions about High School and Beyond.*
