All individuals shall be treated equitably in the receipt of district and school services. Personally identifiable information collected in the implementation of any district program, including, but not limited to, student and family information for the free and reduced-price lunch program, transportation, or any other educational program, shall be used only for the purposes of the program, except when the Superintendent or designee authorizes its use for another purpose in accordance with law. District programs and activities shall be free of any racially derogatory or discriminatory school or athletic team names, mascots, or nicknames.

Annually, the Superintendent or designee shall review district programs and activities to ensure the removal of any derogatory or discriminatory name, image, practice, or other barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing district programs and activities. He/she shall take prompt, reasonable actions to remove any identified barrier. The Superintendent or designee shall report his/her findings and recommendations to the Board after each review.

All allegations of unlawful discrimination in district programs and activities shall be investigated and resolved in accordance with the procedures specified in AR 1312.3 - Uniform Complaint Procedures.

Pursuant to 34 CFR 104.8 and 34 CFR 106.9, the Superintendent or designee shall notify students, parents/guardians, employees, employee organizations, applicants for admission and employment, and sources of referral for applicants about the district's policy on nondiscrimination and related complaint procedures. Such notification shall be included in the annual parental notification distributed pursuant to Education Code 48980 and, as applicable, in announcements, bulletins, catalogs, handbooks, application forms, or other materials distributed by the district. The notification shall also be posted on the district's web site and, social media and in district schools and offices, including staff lounges, student government meeting rooms, and other prominent locations as appropriate.

In addition, the annual parental notification shall inform parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, including information on educational rights issued by the California Attorney General. Alternatively, such information may be provided through any other cost-effective means determined by the Superintendent or designee. (*Education Code 234.7*)

The district's nondiscrimination policy and related informational materials shall be published in a format that parents/guardians can understand. In addition, when 15 percent or more of a school's students speak a single primary language other than English, those materials shall be translated into that other language.

Access for Individuals with Disabilities

District programs and facilities, viewed in their entirety, shall be in compliance with the Americans with Disabilities Act (ADA) and any implementing standards and/or regulations. When structural changes to existing district facilities are needed to provide individuals with disabilities access to programs, services, activities, or facilities, the Superintendent or designee shall develop a transition plan that sets forth the steps for completing the changes.

The Superintendent or designee shall ensure that the district provides appropriate auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity. These aids and services may include, but are not limited to, qualified interpreters or readers, assistive listening devices, notetakers, written materials, taped text, and Braille or large print materials.

Individuals with disabilities shall notify the Superintendent or principal if they have a disability that requires special assistance or services. Reasonable notification should be given prior to the school-sponsored function, program, or meeting.

PARENT INVOLVEMENT

Parent/Guardian Involvement

It is the policy of the Governing Board that all schools have parent/guardian involvement programs which create school environments that make parents/guardians feel welcome, needed and actively involved as informed partners in the education of their children. It is our belief that parents/guardians should be:

1. Engaged positively in their children's education by helping to develop skills to use at home that support the school program.
2. Informed so that they may directly affect the success of their children's learning.
3. Provided with home activities, learning strategies, discipline techniques and skills to build healthy relationships with children and positive attitudes toward learning.
4. Provided techniques they may use to improve academic success and assist their children at home.

Schools will:

1. Establish ongoing, effective communication between home and school so that parents/guardians know when and how to assist their children in support of classroom learning activities.
2. In concert with parents/guardians establish the schedule of, frequency of and the format/t/content of parent/guardian school communications.
3. Train teachers and parents/guardians to communicate effectively with each other and to integrate parent/guardian involvement into the school-based coordinated plan.
4. Involve parents/guardians, with appropriate training, in instructional and support roles at the school.
5. Support parents/guardians as decision makers and develop their leadership in governance, advisory and advocacy roles.
6. Establish two-way communication between the school and the home regarding school programs and children's progress, including those families of diverse backgrounds whose English is limited.
7. Respond positively and innovatively to the needs of nontraditional situations.
8. Provide ongoing training for all staff to enable them to effectively communicate with all parents/guardians.

As part of the school-based coordinated plan process, parents/ guardians will be invited to fully participate in the planning, design, implementation, and evaluation of the full school-based coordinated plan. Parents/guardians will participate in the annual review and assessment of the program's progress in meeting the school's plans.

As part of the ongoing administrative training programs, all site administrators will receive training in effective communication with parents/guardians.

Procedures will be developed for assessing the district's parent/guardian involvement program.

Notice of Rights of Parents and Children Regarding Special Education

Overview:

Parents have several protections under Procedural Safeguards. The notice of Parental Rights and Procedural Safeguards will be given to parents upon: 1) initial referral for evaluation of their child for special education service, 2) each notification of an IEP meeting, 3) reevaluation of their child, and 4) registration of a complaint or request for a due process hearing. This document will be provided upon the initial referral, upon the registration of a complaint or a request for a due process hearing, and at any time a parent requests one. Parents can obtain assistance in understanding their rights and procedural safeguards from the Special Education Director of their child's district of attendance, the SELPA Director at 408-453-6566, or the California Department of Education in Sacramento.

Local education agencies (LEA) and other public agencies have an obligation to seek out children with disabilities between birth and age 21. A child with a disability is one who has been identified by an individualized education program (IEP) team as having one of thirteen disabling conditions which are defined in federal regulation, who because of the disability needs special education and related services to benefit from education and who meets state eligibility criteria. A child with a disability has a right to participate in a free, appropriate public education. Children with disabilities are offered programs that provide for maximum interaction with children who are not disabled in a manner that is appropriate to the needs of both. When a child no longer requires special education services to benefit from education, an assessment and IEP team meeting will be conducted prior to discontinuing special education services.

No child is required to participate in special education and related services unless the parent is first informed in writing of the facts making participation necessary or desirable and of the contents of the individualized education program (IEP) and gives written approval for all or part of the IEP.

Parent Consent:

Written parental consent is required before the child is assessed, placed in a special education program, and for the implementation of all or part of the individualized education program (IEP). A LEA may not require parental consent as a condition of any benefit to the parent or child except for the service or activity for which consent is required. The LEA can file for a due process hearing to override a parent's refusal to consent to the assessment or placement of their child for special education and related service.

Individualized Education Program (IEP):

The public education agency initiates and conducts meetings for the purpose of developing, reviewing, and revising the individualized education program of each child with a disability. The IEP documents the child's eligibility for special education services and parents receive a copy of each IEP for their child. These meetings are conducted by the Individualized Education Program (IEP) team.

Disciplinary Action:

The parents have the right to be notified on the day that the decision to take disciplinary action is made of that disciplinary action if it involves a change of placement for more than ten (10) days. The school district ensures that special education and disciplinary records of the child are transmitted to the person(s) making the final decision about the disciplinary action. The school district will report any crime committed by a child with a disability to the appropriate authorities and transmit copies of special education and disciplinary records to such authorities.

Suspension:

Children with disabilities may be suspended or placed in other alternative interim settings or other settings to the same extent these options would be used for children without disabilities. A child with a disability can be suspended for not more than ten (10) consecutive days for violation of school conduct codes using the same procedures as a child without a disability. For a suspension of ten (10) days or under, educational services do not need to be provided. If the suspension is for more than ten (10) days in a school year, certain procedural safeguards must be followed. They include a meeting of the IEP team not later than ten (10) days after deciding to take disciplinary action to review the child's behavior intervention plan; if there is none, complete a functional assessment and develop a behavioral intervention plan; determine if the misconduct is a manifestation of the disability; determine appropriate action based on the outcome of the manifestation determination. For suspensions over ten (10) days, the setting can be appropriate interim educational setting or another setting.

Expulsion:

A child with a disability can be expelled for violation of school conduct codes only when certain procedural safeguards are followed. Within ten (10) days of the school's decision to propose a specific disciplinary action that includes a change in placement of more than ten (10) days, the IEP team must meet to review the behavior intervention plan if there is one; determine if the misconduct is a manifestation of the disability; determine an appropriate interim alternative setting for the child's educational placement; develop a functional behavioral assessment plan if no behavioral intervention plan exists; consider a need for change, by the end of the planned placement in alternative educational setting, from the placement the child was in at the time of the misconduct. If the parents disagree with the IEP team's findings that the expulsion process can precede because the behavior subject to the disciplinary action was not a manifestation of the child's disability, they can file for a due process hearing. Even if the district can and does expel the child, they must provide a free, appropriate public education during the time of expulsion. Additionally, the pupil is entitled to a hearing by the school board. If the school board agrees with the decision to expel the pupil, the pupil or parent or guardian may file an appeal with the county board of education.

Payment for Education of Children Enrolled in Private Schools Without Consent or Referral by the School District:

1. Students enrolled in private school where a free, appropriate public education (FAPE) is not at issue:

School districts have the responsibility to offer a free, appropriate public education to students with disabilities whose parents have chosen to enroll them in private schools, but that responsibility is significantly limited. Federal law limits the amount that school districts may spend for these services to a proportionate share of federal Individuals With Disability Education Act (IDEA) funds. The school district must seek input from representatives of private school students, but the school district determines which services will be provided.

A child with a disability enrolled in a private school does not have an individual right to receive some or all of the special education and related services that he/she would receive if enrolled in a public school.

Due process procedures are unavailable to private school parents for resolving concerns about services provided. Parents may, however, file a complaint.

2. Students enrolled in private school where the provision of FAPE is at issue:
Parents may be entitled to reimbursement for costs associated with having unilaterally withdrawn their child from the public school and placed them in a private school only if a court or hearing

officer determines that the public agency had not made a free, appropriate public education (FAPE) available to the child.

Parents seeking reimbursement for unilaterally paced private school students based on the allegation that the public school failed to provide free, appropriate public education may have those reimbursements reduced or denied if they do not provide the school district at the most recent IEP meeting with information describing the nature of their concerns relating to the public placement and a proposed resolution to the problem; their intent to reject the public school placement and enroll their child in a private school at public expense. Parents must be written notice to the school district containing the above information at least the (10) business days prior to the child's removal from public school placement; they must make their child available if the LEA notifies of their intent to evaluate the student. Reimbursement for private school placement by a parent may also be denied or reduced if a judge finds the parent's actions unreasonable.

Exceptions to this are: 1) parent cannot write English; 2) compliance is likely to result in physical or serious emotional harm to the child; 3) the school district prevented the parent from providing such notice; and 4) the parents did not receive the notice informing them of the required contents of the parent's notice to the school district; namely, the name and residence of the child, the name of the school the child is attending, a description of the nature of the problem relating to the proposed initiation or change, including facts relating to such problems, and the proposed resolution of the problem to the extent known and available to the parents at the time.

Award of Attorney Fees:

If either party to a due process hearing intends to be represented by an attorney, a notice of that intent shall be given to the other party at least 10 days prior to the hearing. Failure to notify the other party may delay the start of the hearing until the agency can obtain an attorney.

Attorney fees are not allowed to parents if they are related to an IEP meeting unless the meeting is convened as a result of any administrative hearing, or judicial action, or at the discretion of the State Attorney fees may be reduced if the parents' attorney fails to give the district notice of the nature of the problem and proposed solutions.

In any action or proceeding brought under Part B of the Individuals with Disabilities Education Act, the court may award reasonable attorney fees to the parents or guardians of a child with disabilities who is the prevailing party.

No attorney fees may be awarded and related costs may not be reimbursed subsequent to the time of a written offer of settlement is made to a parent if offer is made more than ten (10) days prior to start of the proceedings; if the offer is not accepted within ten (10) days; and if the court hearing officer finds that relief obtained by parents is not more favorable than the offer. Attorney fees and related costs may be awarded to parents who prevail and substantially justified in rejecting settlement offer.

Attorney fees will be reduced if the parent unreasonably protracted final resolution during the course of the action or proceeding; if fees unreasonable exceed prevailing hourly rate in the community; the time spent and legal services were excessive; and the parent's attorney did not provide the school district the appropriate information (name and address of the child, name of the school the child attends, a description of the nature of the problem, including facts related to the problem, and a proposed resolution of the problem to the extent known and available to the parents at the time). Attorney fees will not be reduced if the state or local educational agency unreasonably protracted the resolution or proceeding or violated due process procedures.

Complaints:

Any individual, LEA, or organization may file a written complaint with the superintendent of a local education agency or with the State Superintendent of Public Instruction alleging a violation of federal, or state law, or regulation governing special education, or related services for an individual student.

To file a state complaint, contact the California Department of Education, Special Education Division, Procedural Safeguards Referral Service, 515 L Street, Suite 270, Sacramento, CA 95814.

An immediate decision upon receipt will be made by the state superintendent of Public Instruction whether the state or the local agency has jurisdiction over the complaint.

If the state has jurisdiction, an investigation and written decision will be completed within sixty (60) calendar days of the receipt of the complaint and both parties will receive a copy of the decision shortly thereafter.

If the local educational agency has jurisdiction, the superintendent of that agency shall: (1) Investigate the complaint and prepare a written report. (2) Provide the complainant with a copy of the report.

Parents may appeal the local decision to the State Superintendent with fifteen (15) calendar days of the receipt of the local decision; while waiting for the State Department reconsideration, the local decision remains in effect.

The State Superintendent of Public Instruction/designee will review and write reasoned findings of any state decision appealed by the parent or LEA within thirty (30) calendar days. Both parties will receive copies of the review shortly thereafter.

To obtain more information about dispute resolution, including how to file a complaint, contact your director of special education, your district superintendent of schools, the California State Department of Public Instruction, or the California Department of Education - Special Education Division Procedural Safeguards Referral Service (800-926-0648) or FAX 916-327-3704 or contact the department's web site at [Special Education Division - Organization \(CA Dept of Education\)](#)

An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The district designates the individual(s), position(s), or unit(s) identified below as responsible for coordinating the district's response to complaints and for complying with state and federal civil rights laws. The individual(s), position(s), or unit(s) also serve as the compliance officer(s) specified in AR 5145.3 - Nondiscrimination/Harassment responsible for handling complaints regarding unlawful discrimination (such as discriminatory harassment, intimidation, or bullying). The compliance officer(s) shall receive and coordinate the investigation of complaints and shall ensure district compliance with law.

Assistant Superintendent of Human Resources

The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent, if applicable, if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which the compliance officer has a bias or conflict of interest that would prohibit the fair investigation or resolution of the complaint. Any complaint against a compliance officer or that raises a concern about the compliance officer's ability to investigate the complaint fairly and without bias shall be filed with the Superintendent or designee who shall determine how the complaint will be investigated.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall cover current state and federal laws and regulations governing the program, applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), applicable standards for reaching decisions on complaints, and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

The compliance officer or, if necessary, any appropriate administrator shall determine whether interim measures are necessary during and pending the result of an investigation. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement one or more interim measures. The interim measures shall remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

In addition, the Superintendent or designee shall annually provide written notification of the district's UCP to students, employees, parents/guardians of district students, district advisory committee members, school advisory committee members, appropriate private school officials or representatives, and other interested parties. (5 CCR 4622)

The notice shall include:

1. A statement that the district is primarily responsible for compliance with federal and state laws and regulations, including those related to prohibition of unlawful discrimination, harassment, intimidation, or bullying against any protected group and all programs and activities that are subject to UCP as identified in the section "Complaints Subject to UCP" in the accompanying Board policy

10. A statement that copies of the district's UCP are available free of charge

The annual notification, complete contact information of the compliance officer(s), and information related to Title IX as required pursuant to *Education Code 221.61* shall be posted on the district web site and may be provided through district-supported social media, if available.

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the district's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with *Education Code 234.1* and *48985*. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy (item #1 of the section "Complaints Subject to UCP") may be filed by any individual, public agency, or organization. (5 CCR 4630)

2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (*Education Code 49013, 52075; 5 CCR 4630*)

3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by persons who allege that they have personally suffered unlawful

discrimination or who believe that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)

4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.

5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Timeline for Final Decision

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent shall be informed of any extension of the timeline agreed to by the complainant. The respondent also shall be sent the district's final written decision at the same time it is provided to the complainant.

Final Written Decision

For all complaints, the district's final written decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:

- a. Statements made by any witnesses
- b. The relative credibility of the individuals involved
- c. How the complaining individual reacted to the incident
- d. Any documentary or other evidence relating to the alleged conduct
- e. Past instances of similar conduct by any alleged offenders
- f. Past false allegations made by the complainant

2. The conclusion(s) of law

3. Disposition of the complaint

4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. The manner in which the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct
- c. The relationship between the alleged victim(s) and offender(s)
- d. The number of persons engaged in the conduct and at whom the conduct was directed
- e. The size of the school, location of the incidents, and context in which they occurred
- f. Other incidents at the school involving different individuals

5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with *Education Code 49013* and *5 CCR 4600*

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the respondent
- b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
- c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence

6. Notice of the complainant's and respondent's right to appeal the district's decision to CDE within 15 calendar days, and procedures to be followed for initiating such an appeal. The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is

protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved is enrolled in a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language pursuant to *Education Code 48985*. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE. (*Education Code 262.3*)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (*Education Code 262.3*)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law

2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team (cf. 6164.5 - Student Success Teams)
6. Denial of participation in extracurricular or co curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (*Education Code 49013, 51223, 52075*)

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (*Education Code 49013; 5 CCR 4600*)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district's final written decision on a complaint regarding any specified federal or state educational program subject to UCP may file an appeal in writing with CDE within 15 calendar days of receiving the district's decision. (*5 CCR 4632*)

The complainant shall specify the basis for the appeal of the decision and how the facts of the district's decision are incorrect and/or the law has been misapplied. The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's decision in that complaint. (*5 CCR 4632*)

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the district's final written decision, the respondent, in the same manner as the complainant, may file an appeal with CDE.

Upon notification by CDE that the district's decision has been appealed, the Superintendent or designee shall forward the following documents to CDE: (*5 CCR 4633*)

The Board prohibits at school or at school-sponsored or school-related activities, targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. 5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students.

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted the Superintendent or designee.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Transgender and Gender-Nonconforming Students

Gender identity means a student's gender-related identity, appearance, or behavior, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (*Education Code 210.7*)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity or gender expression is different from that traditionally associated with the assigned sex at birth.

Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, regardless of whether they are sexual in nature, where the act has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited under state and federal law. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a transgender student because his/her mannerisms, hairstyle, or style

of dress correspond to his/her gender identity, or a non-transgender student because his/her mannerisms, hairstyle, or style of dress do not conform to stereotypes for his/her gender or are perceived as indicative of the other sex

3. Blocking a student's entry to the bathroom that corresponds to his/her gender identity because the student is transgender or gender-nonconforming
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In the latter instance, the district shall limit disclosure to individuals reasonably believed to be able to protect the student's well-being. Any district employee to whom a student discloses his/her transgender or gender-nonconforming status shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student's Gender Identity: The compliance officer shall accept the student's assertion of his/her gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.

3. Addressing a Student's Transition Needs: The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and to develop strategies for ensuring that the student's access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action could be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.
4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, and sex-segregated programs and activities, such as physical education classes, intramural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.
5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents. Such preferred name may be added to the student's record and official documents as permitted by law.
6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.
7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement. (*Education Code 49005.1*)

Mechanical restraint means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does not include the use of devices by peace officers or security personnel for detention or for public safety purposes. (*Education Code 49005.1*)

Physical restraint means a personal restriction that immobilizes or reduces the ability of a student to move the torso, arms, legs, or head freely. Physical restraint does not include a physical escort in which a staff member temporarily touches or holds the student's hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. use of force by peace officers or security personnel for detention or for public safety purposes. (*Education Code 49005.1*)

Prone restraint means the application of a behavioral restraint on a student in a facedown position. (*Education Code 49005.1*)

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use as a locked room
3. Use a physical restraint technique that obstructs a student's respiratory airway or impairs a student's breathing or respiratory capacity, including a technique in which a staff member places pressure on the student's back or places his/her body weight against the student's torso or back
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, the use of a pillow, blanket, carpet, mat, or other item to cover a student's face

Staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. (*Education Code 49005.4, 49005.6, 49005.8*)

Such observation may be through a window or another barrier through which the staff member is able to make direct eye contact with the student, but shall not be made through indirect means such as a security camera or closed-circuit television. (*Education Code 49005.8*)

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others. (*Education Code 49005.8*)

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. DISCIPLINE

BP 5144

The Governing Board is committed to providing a safe, supportive, and positive school environment conducive to student learning and achievement. The Governing Board desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at district schools. The Multi-Tiered Systems of Support (MTSS) and other research proven practices shall be used to implement our focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (*Education Code 48900.5*)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (*Education Code 49557.5*)

Seclusion and behavioral restraint are prohibited as a means of discipline and shall not be used to correct student behavior except as permitted pursuant to *Education Code 49005.4* and in accordance with district regulations. (*Education Code 49005.2*)

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively and equitably implement the disciplinary strategies adopted for district schools, including, but not limited to, knowledge of school and classroom management skills and their consistent application, effective accountability and positive intervention techniques, and the tools to form strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety and connectedness to the school community, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

School rules shall be communicated to students clearly and in an age-appropriate manner.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (*Education Code 35291.5*)

Recess Restriction

Teachers may restrict a student's recess time only when they believe that this action is the most effective way to bring about improved behavior. When recess restriction involves the withholding of physical activity from a student, teachers shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated or classified employee's supervision during the period of restriction.
3. The student's teacher shall inform the principal of any recess restrictions imposed.

The student shall not be detained unless the principal or designee notifies the parent/guardian.

Students shall remain under the supervision of a certificated or classified employee during the period of detention.

Such service may include, but is not limited to, community or school outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. (*Education Code 48900.6*)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to *Education Code 48915*. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (*Education Code 48900.6*)

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (*Education Code 48900(s)*)

(*Education Code 48900.5, 48900.6*)

District staff shall not suspend any student for disruption or willful defiance, unless the suspension is warranted by documented repetitive behavior of the student or the disruption or willful defiance occurred in conjunction with another violation for which the student may be suspended.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in *Education Code 48900 and 48900.2*, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (*Education Code 48900.5*)

Authority to Expel

A student may be expelled only by the Board. (*Education Code 48918(j)*)

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (*Education Code 48915*)

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (*Education Code 48915(b) and (e)*)

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (*Education Code 48917*)

(*Education Code 48910*)

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. (*Education Code 48903, 48911, 48912*)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (*Education Code 48911*)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to *Education Code 48900.5*, and the evidence against him/her, and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (*Education Code 48911*)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the

student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (*Education Code 48911*)

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (*Education Code 48911*)

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (*Education Code 48914*)

If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (*Education Code 48911*)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (*Education Code 48911*)

(a). The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

(b) The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (*Education Code 48911*)

(c) If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (*Education Code 48912*)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of *Education Code 48915*. (*Education Code 48912.5*)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under *Education Code 49073-49079*. (*Education Code 35146, 48912*)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (*Education Code 48911.1*)

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (*Education Code 48918(a)*)

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (*Education Code 48900.8*)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (*Education Code 48916*)
3. Notice of the right to appeal the expulsion to the County Board (*Education Code 48918*)

4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (*Education Code 48918*)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (*Education Code 48918*)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (*Education Code 48917*)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (*Education Code 48917*)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above or violates any of the district's rules and regulations governing student conduct. (*Education Code 48917*)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (*Education Code 48917*)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (*Education Code 48917*)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (*Education Code 48918(j)*)
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (*Education Code 48917*)

Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (*Education Code 48919*)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (*Education Code 48919*)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (*Education Code 48902*)

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (*Education Code 48902*)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate county or district law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (*Education Code 48902*)

Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (*Education Code 48915, 48915.01*)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (*Education Code 48915*)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (*Education Code 48916.1*)

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.
3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. *(Education Code 48916)*
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. *(Education Code 48916)*

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. *(Education Code 48645.5)*

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). *(Education Code 48900.8)*

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. *(Education Code 48918(k))*

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. *(Education Code 48915.1)*

SUSPENSION AND EXPULSION/DUE PROCESS (STUDENTS WITH DISABILITIES)

AR 5144.2

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (*Education Code 48903; 34 CFR 300.530*)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (*Education Code 48915.5*)

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V

4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

- a. Caused by or had a direct and substantial relationship to the student's disability
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of his/her disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the student's conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Governing Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (*Education Code 48917*)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian. (*Education Code 49076*)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (*Education Code 48203*)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

(*Education Code 49451; 5 CCR 202*)

The Superintendent or designee shall exclude a student who resides where any contagious, infectious, or communicable disease subject to quarantine exists or has recently existed and who is subject to strict isolation or quarantine of contacts, unless written permission of the health officer is provide. (Health and Safety Code 120230)

Permissive Exclusions

A student may be excluded from attendance at a district school under either of the following circumstances:

1. If there is good cause to believe that the student has been exposed to any disease stated in Health and Safety Code 120335 and his/her documentation of immunization does not show proof of immunization against that disease, the student may be temporarily excluded from the school until the local health officers is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120335, 120370)
2. If the student has not had the health screening specified in Health and Safety Code 124040 before or within the first the first 90 days of attending first grade, he/she may be excluded for up to five

days unless the parent/guardian has presented a waiver or the district has exempted the student from this requirement in accordance with law. (Health and Safety Code 12410)

Notifications to Parents/Guardians

The Superintendent or designee may exclude a student without prior notice to the parent/guardian if the student is excluded for any of the following reasons: (*Education Code 48213*)

1. He/she resides in an area subject to quarantine pursuant to Health and Safety Code 120230
2. He/she is exempt from a medical examination but suffers from a contagious or infectious disease pursuant to Education Code 49451.
3. The Superintendent or designee determines that the presence of the student would constitute a clear and present danger to the safety or health of other students or school personnel.

However, in such cases, the Superintendent or designee shall send a notice as soon as reasonably possible after the exclusion. (*Education Code 48213*)

In all other cases, the Superintendent or designee shall send a notice to the student's parent/guardian stating the facts leading to the exclusion, prior to excluding the student from attendance.

Appeals from Exclusion

Upon exclusion of his/her child, a parent/guardian may meet with the Superintendent or designee to discuss the exclusion. If the parent/guardian disagrees with the decision of the Superintendent or designee to exclude his/her child, he/she may appeal the decision to the Governing Board.

The parent/guardian shall have an opportunity to inspect all documents upon which the district is basing its decision, to challenge any evidence and question any witness presented by the district, to present oral and documentary evidence on the student's behalf, and to have one or more representatives present at the meeting.

GRADES/EVALUATION OF STUDENT ACHIEVEMENT

The Governing Board believes that grades serve a valuable instructional purpose by helping students and parents/guardians understand performance expectations and identifying the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's academic performance.

The Superintendent or designee shall establish a uniform grading system that shall be applied to all students in that course and grade level. Principals and teachers shall ensure that student grades conform to this system. Teachers shall inform students and parents/guardians how academic performance will be evaluated in the classroom.

A teacher shall base a student's grades on the quality of the student's academic work and his/her mastery of standard based course content. Students shall have the opportunity to demonstrate this mastery through a variety of methods including, but not limited to, classroom participation, coursework, tests, and portfolios.

A teacher may assign a failing grade to a student who has 8 or more unexcused absences during the grading period.

A grade assigned by the teacher shall not be changed by the Board or the Superintendent except as provided by law, Board policy, or administrative regulation. (*Education Code 49066*)

Students in grades K-3 shall receive standards based progress reports at the end of each grading period rather than letter grades.

When reporting student performance to parents/guardians, teachers may add narrative descriptions, observational notes, and/or samples of classroom work in order to better describe student progress in specific skills and subcategories of achievement.

A report card for a student with a disability may contain information about his/her disability, including whether that student received special education or related services, provided that the report card informs parents/guardians about their child's progress or level of achievement in specific classes, course content, or curriculum. However, transcripts that may be used to inform postsecondary institutions or prospective employers of the student's academic achievements shall not contain information disclosing the student's disability.

Effect of Absences on Grades

If a student misses class without an excuse and does not subsequently turn in homework, take a test, or fulfill another class requirement which he/she missed, the teacher may lower the student's grade for nonperformance.

The Board believes that eight unexcused absences per semester grading period constitute excessive unexcused absences. Students with excessive unexcused absences may receive a failing grade and not receive credit for the class(es).

Grade Point Average

The Superintendent or designee shall determine the methodology to be used in calculating students' grade point averages (GPA), including the courses to be included within the GPA and whether extra grade weighting shall be applied to Advanced Placement, honors, and/or concurrent postsecondary courses.

Whenever it becomes evident to a teacher that a student is in danger of failing a course, the teacher shall arrange a conference with the student's parent/guardian or a written report will be provided to the parent, by U.S. Mail, e-mail, or access to online grade reporting. (Education Code 49067). This may include, but is not limited to, mid-quarter progress reports and alerting parents to online grade reporting.

No grade of a student participating in a physical education class may be adversely affected due to the fact that the student, because of circumstances beyond his/her control, does not wear standardized physical education apparel. (*Education Code 49066*)

A teacher may, in his or her best professional judgment, assign grades which reflect, not completion of course work, but the student's demonstration of achievement of course content standards. Teachers are encouraged to allow for trends in the quality of student work. For example, when a student finishes a grading period doing high quality work, which requires skills acquired throughout the grading period, low grades at the beginning of the grading period need not diminish the appropriate evaluation of the student's achievement. Similarly, high grades at the beginning need not compensate for a downward trend in achievement.

Student performance in high school physical education courses shall be based upon evaluation of the student's individual progress, attainment of goals in each instructional area, tests designed to determine skill and knowledge, and physical performance tests. (5 CCR 10060)

Participation in Extra/Co-Curricular Activities (Grades 6-12)

To encourage and support academic excellence, the Board requires students in grades 6 through 12 to maintain academic eligibility in the previous grading period in order to participate in extra/co-curricular activities. See Board Policy 6145. (*Education Code 35160.5*)

Honor Roll (Grades 6-12)

Each secondary school shall post an Honor Roll. All courses except Pass/Fail shall be counted in computing eligibility for the Honor Roll. To qualify for the Honor Roll, a student must receive no current grade below a C and have a grade point average of 3.05 or better.

Superintendents Honor Roll	4.0+
Principals Honor Roll	3.5+
Honor Roll	3.0+

Advanced Placement/Honors Courses (Grades 9-12)

The district wishes to encourage students to take advanced placement (AP) and honors courses. AP courses are developed by the College Board and approved by the University of California system. Honors courses are developed by the district and approved by the University of California. Because of the extra work involved, the evaluation system shall be weighted to reflect the more rigorous nature of these courses. Grades received in these courses will be counted on a weighted scale. All students who take an advanced placement (AP) course are expected to take the related College Board Advanced Placement Exam to receive the weighted grade point. Families can check with their school site administrators to find out about the annual availability of state funds to cover the cost of advanced placement examination fees. The advanced placement course will be noted on the student's transcript.

Following is the weighted scale for honors courses and advanced placement courses for which a student takes the related advanced placement exam:

A	=	5 grade points
B	=	4 grade points
C	=	3 grade points
D	=	1 grade point
F	=	0 grade points

Pass/Fail Grading (Grades 9-12)

With parental approval, a student may elect to earn a *Pass* or *Fail* grade instead of an A-F grade in all courses taken in the Special Education Program.

Students who receive a *Pass* grade will acquire the appropriate semester units of credit for the course, and the grade will not be counted in determining class rank or grade point average and co-curricular eligibility. Students who receive a *Fail* grade will not receive credit for taking the course.

Repeated Classes (Grades 9-12)

With the prior approval of the principal or designee, a student may repeat a course in order to raise his/her grade. The student shall receive credit only for taking the course once.

Both grades received will be entered on the student's transcript with the highest grade receiving the credit. It should be noted that the University of California/California State University system will not accept repeat course grades if the student initially received a C or better. (*California Code of Regulations Title V, section 58161*)

Withdrawal from Classes (Grades 9-12)

A student who submits a *Request for Withdrawal Form* during the first two weeks of the semester may do so without any entry on his/her permanent record card. A student who drops a course after the first two weeks of the semester shall receive a W/F grade on his/her permanent record, unless otherwise decided by the principal or designee because of extenuating circumstances.

Unexcused Absences (Grades 9-12)

The student and parent/guardian shall be notified and informed of the district's policy regarding excessive unexcused absences. The student and parent/guardian shall have a reasonable opportunity to explain absences. (*Education Code 49067*)

If an absence is not verified as excusable within three days, it shall be recorded as unexcused. The person receiving any explanation of the absence by the parent/guardian shall make a record of this explanation and the date when it was given.

Students with excessive unexcused absences (eight absences per semester grading period) may be given a failing grade and not receive credit for the course(s). Teachers may, in their best professional judgment, assign a failing grade to a student with excessive unexcused absences. The student or the student's parent/guardian shall be provided with an opportunity to explain the absences. The district shall notify the student's parent/guardian of this unexcused absence policy through an annual notice or through the teacher.

If a student receives a failing grade because of unexcused absences, school records shall specify that the grade was given because of excessive unexcused absences. (*Education Code 49067*)

Grades for a student in foster care shall not be lowered if the student is absent from school due to either of the following circumstances: (*Education Code 49069.5*)

1. A decision by a court or placement agency to change the student's placement, in which case the student's grades and credits shall be calculated as of the date the student left school
2. A verified court appearance or related court-ordered activity

PROMOTION/ACCELERATION/RETENTION

The Governing Board expects students to progress through each grade level within one school year. Toward this end, instruction shall be designed to accommodate the variety of ways that students learn and provide strategies for addressing academic deficiencies as needed.

Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

When high academic achievement is evident, the teacher may recommend a student for acceleration to a higher grade level. The student's social, emotional, physical, and academic readiness may be taken into consideration in making a determination to accelerate a student.

Teachers shall identify students who may be retained or who are at risk of being retained at their current grade level as early as possible in the school year and as early in their school careers as practicable. Such students may be identified at the following grade levels: (*Education Code 48070.5*)

Students shall be identified for retention on the basis of failure to meet minimum levels of proficiency, as indicated by grades, attendance, classroom observations, and other assessments.

Students between grades 2 and 3 and grades 3 and 4 shall be identified primarily on the basis of their level of proficiency in reading. Proficiency in reading, English language arts, and mathematics shall be the

basis for identifying students between grades 4 and 5, between intermediate and middle school grades, and between middle school grades and high school grades. (*Education Code 48070.5*)

If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student. (*Education Code 48070.5*)

The teacher's decision to promote or retain a student may be appealed in accordance with AR 5123 - Promotion/Acceleration/Retention.

When any student in grades 2-9 is recommended for retention or is identified as being at risk for retention, the Superintendent or designee may offer an appropriate program of remedial instruction to assist the student in meeting grade-level expectations. (*Education Code 48070.5*)

PROMOTION/ACCELERATION/RETENTION

Acceleration from Kindergarten to First Grade

Any student who meets the age eligibility requirement and has completed one year of kindergarten shall be admitted to first grade unless the parent/guardian and the Superintendent or designee agree that the student shall continue in kindergarten. (*Education Code 48010, 48011*)

A student who does not meet the age eligibility requirement may be admitted to first grade at the discretion of the Superintendent or designee and with the consent of the parent/guardian upon determination that the student is ready for first-grade work, subject to the following minimum criteria: (*Education Code 48011; 5 CCR 200*)

1. The student is at least five years of age.
2. The student has attended a public school kindergarten for a long enough time to enable school personnel to evaluate his/her ability.
3. The student is in the upper five percent of his/her age group in terms of general mental ability.
4. The physical development and social maturity of the student are consistent with his/her advanced mental ability.
5. The parent/guardian of the student has filed a written statement with the district approving the placement in first grade.

Continuation in Kindergarten

Whenever the Superintendent or designee and the parents/guardians agree that a student shall continue in kindergarten for an additional year, the Superintendent or designee shall secure an agreement, signed by the parent/guardian, stating that the student shall continue in kindergarten for not more than one additional school year. (*Education Code 46300, 48011*)

Retention at Other Grade Levels

If a student is identified as performing below the minimum standard for promotion to the next grade level based on the indicators specified in Board policy, the student shall be retained in his/her current grade

level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the student in attaining acceptable levels of academic achievement. (*Education Code 48070.5*)

If the teacher's recommendation to promote is contingent on the student's participation in a summer school or interim session remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the student shall be reevaluated at that time. The teacher's evaluation shall be provided to and discussed with the student's parents/guardians and the principal before any final determination of retention or promotion. (*Education Code 48070.5*)

When a student is identified as being at risk of retention, the Superintendent or designee shall so notify the student's parent/guardian as early in the school year as practicable. The student's parent/guardian shall be provided an opportunity to consult with the teacher(s) responsible for the decision to promote or retain the student. (*Education Code 48070.5*)

Appeal Process

Whenever a student's parent/guardian appeals the teacher's decision to promote or retain a student, the burden shall be on the parent/guardian to show why the teacher's decision should be overruled. (*Education Code 48070.5*)

To appeal a teacher's decision, the parent/guardian shall submit a written request to the Superintendent or designee specifying the reasons that the teacher's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion.

The teacher shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based.

Within 30 days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the teacher's decision. Prior to making this determination, the Superintendent or designee may meet with the parent/guardian and the teacher. If the Superintendent or designee determines that the parent/guardian has overwhelmingly proven that the teacher's decision should be overruled, he/she shall overrule the teacher's decision.

The Superintendent or designee's determination may be appealed by submitting a written appeal to the Governing Board within 15 school days. Within 30 days of receipt of a written appeal, the Board shall meet in closed session to decide the appeal. The Board's decision may be made on the basis of documentation prepared as part of the appeal process or, at the discretion of the Board, the Board may also meet with the parent/guardian, the teacher, and the Superintendent or designee to decide the appeal. The decision of the Board shall be final.

If the final decision is unfavorable to the parent/guardian, he/she shall have the right to submit a written statement of objections which shall become part of the student's record.

STANDARDIZED TESTING

The Smarter Balanced assessments are an academic check-up, designed to give teachers the feedback they need to improve instruction. The tests measure critical thinking, analytical writing, problem solving, and subject area knowledge, providing teachers with multiple sources of actionable information about student strengths and areas where students need additional support. Parents will receive a report of their child's scores. But no student, parent or teacher should be discouraged by these scores, which will not be used to determine whether a student moves on to the next grade. Rather, the scores will represent an opportunity to focus on the needs of students and support teachers and schools in their work to achieve college and career readiness. In some rare cases, student participation in such assessments may not be advisable and parents may opt out of participating in CAASPP in writing to their school site principal.

DIFFERENTIAL GRADUATION AND COMPETENCY STANDARDS FOR STUDENTS WITH DISABILITIES

The Governing Board recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the district's regular course may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and districtwide assessments.

Certificate of Educational Achievement or Completion

Instead of a high school diploma, a student with disabilities may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (*Education Code 56390*)

1. Satisfactorily completed a prescribed alternative course of study approved by the board of the district in which the student attended school or the district with jurisdiction over the student as identified in his/her IEP
2. Satisfactorily met his/her IEP goals and objectives during high school as determined by the IEP team

INTRADISTRICT OPEN ENROLLMENT

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (*Education Code 35160.5*)

The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee may grant priority for the enrollment of a student in a district school outside of the student's attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous"
2. Is a victim of a violent crime while on school grounds
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1

If the district school requested by the student is at maximum capacity, the Superintendent or designee may consider an intradistrict transfer request for another district school.

4. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee may consider the following:
 - a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor

- b. A court order, including a temporary restraining order and injunction
- 5. Is a sibling of another student already attending that school
- 6. Has a parent/guardian whose primary place of employment is that school

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law and Board policy, applications for intradistrict open enrollment shall be submitted during the posted annual open enrollment period.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity. (*Education Code 35160.5*)

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

For additional information regarding the transfer request process, visit the Enrollment Center webpage: mhusd.org/enrollment.

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 14 days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and his/her parent/guardian in making the offer. If the parent/guardian elects to transfer his/her child, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," the Superintendent or designee shall provide parents/guardians of students attending the school with the following notifications:

1. Within 10 days of receipt of the notification from CDE, notice of the school's designation
2. Within 20 days of receipt of the notification from CDE, notice of the option to transfer their child

Parents/guardians who desire to transfer their child out of a "persistently dangerous" school shall provide a written request to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students. The Superintendent or designee may establish a reasonable timeline, not to exceed seven school days, for the submission of parent/guardian requests.

The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. For students whose parents/guardians accept the offer, the transfer shall generally be made within 30 school days of receiving the notice of the school's designation from the CDE. If parents/guardians decline the assigned school, the student may remain in his/her current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

Other Intradistrict Open Enrollment

Except for transfers for victims of a violent crime and from a "persistently dangerous school," the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.
2. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.
3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
4. Approved applicants must confirm their enrollment within 10 school days.

Any student who, prior to the 2016-17 school year, was granted a transfer out of a Title I school that had been identified for program improvement, shall be allowed to remain in the school of enrollment until he/she completes the highest grade offered at that school.

Once enrolled, a student shall not be required to reapply for readmission. However, the student may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (*Education Code 35160.5, 48980*)

1. All options for meeting residency requirements for school attendance
2. Program options offered within local attendance areas
3. A description of any special program options available on both an interdistrict and intradistrict basis
4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied
5. A district application form for requesting a change of attendance
6. The explanation of attendance options under California law as provided by the CDE

ATTENDANCE POLICIES AND PROCEDURES

Attendance is critical to the academic success of all students. Appointments should be made for after school hours, whenever possible. If a student is absent, it is his/her responsibility to contact the Attendance Office to clear the absence and to contact teachers for class work missed.

Clearing Absences

All absences should be cleared the day of the absences or upon return to school. Absences can be cleared in the following manner:

- Parent phone call to Attendance Office
- Parent note to Attendance Office

*Please include the following information when clearing absences:

This notification component also shall include a description of all options, a description of the procedure for application for alternative attendance areas or programs, an application form from the district for requesting a change of attendance, and a description of the appeals process available, if any, for a parent or guardian denied a change of attendance. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (*Education Code 48980*)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a district school. Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (*Education Code 48204.1, 48204.2*)

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. (*Education Code 48204.2*)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (*Education Code 48204.2*)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

All students using these resources shall receive instruction in their proper and appropriate use.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with district regulations and the district's Acceptable use Agreement.

Before a student is authorized to use the district's technological resources, the student and his/her parent/guardian shall sign and return the Morgan Hill Unified School District's Computer/Internet/Email Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures, materials acquired by the student on the system, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the district and district personnel for any damages or costs incurred.

The Superintendent or designee shall regularly review and update this policy, the accompanying administrative regulation, and other relevant procedures to enhance the safety and security of students using the district's technological resources and to help ensure that the district adapts to changing technologies and circumstances. The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 515 – Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

Use of District Computers for Online Services/Internet Access

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 USC 6777, 47 USC 254)

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services and may have teacher aides, student aides, and volunteers assist in this supervision.

The Superintendent or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs

Attendance Verification Requirement

Truancy: According to EC 48260(a), a pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse for three full days in one school year or tardy or absent for more than 30 minutes during the school day without a valid excuse on three occasions in one school year, or any combination thereof, shall be classified as a truant and will be reported to the attendance supervisor or superintendent of the school district.

1. **Attendance Below 90%:** Once a student's attendance rate falls below 90%, the student will be considered "Chronically Absent" and must verify all subsequent absences.
2. **Verification of Absences:** Absences can be verified through a doctor's note or other means necessary to prove the reason for the student's absence. All verified absences will be excused and will not count towards truancy.
3. **Chronic Illness:** If your child suffers from an ongoing illness known as a Chronic Illness, please contact the school to discuss options and solutions to support your child's education.

We aim to be as flexible and understanding as possible while ensuring all students receive their full education. Thank you for your cooperation and understanding.

CAREER TECHNICAL EDUCATION CTE ANNUAL NOTIFICATION

Prior to the beginning of each school year, the Morgan Hill Unified School District informs students, parents, employees and general public that all Career Technical Education (CTE) opportunities are offered to all students.

Pursuant to [Board Policy 0410](#), you are hereby notified that:

The Morgan Hill Unified School District is committed to ensuring equal, fair, and meaningful access to various educational programs, including career technical education (CTE). The District is committed to providing equal opportunity to all individuals in district programs and activities. District programs, activities and practices shall be free from unlawful discrimination, including discrimination against an individual or group based on race, color, national origin, sex, disability, actual or perceived ethnicity, gender, gender identity, gender expression, immigration status, sexual orientation, or association with a person or a group with one of more of these actual or perceived characteristics.

In addition, [Board Policy 6178](#) also states that the Board of Education desires to provide a comprehensive career technical education (CTE) program in the secondary grades which integrates core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The district's CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy. The program shall include a rigorous academic component and provide students with a strong experience and understanding of all aspects of an industry.

All career technical education (CTE) courses are offered without regard to actual or perceived characteristics protected from discrimination by law. The District ensures that the lack of English language skills will not be a barrier to admission and participation in the CTE program. (20 USC 2354; 34 CFR 100 Appendix B, 104.8, 106.9).

(cf.0410 – Nondiscrimination in District Programs and Activities)
(cf. 1312.3 – Uniform Complaint Procedures)

The Morgan Hill Unified School District currently offers career technical education (CTE) programs as follows:

SCHOOL	CTE PATHWAY/INDUSTRY SECTOR	DESCRIPTION
Ann Sobrato High School	Agriculture and Natural Resources	The Agriculture and Natural Resources sector is designed to provide a foundation in agriculture for all agriculture students in California. Students engage in an instructional program that integrates academic and technical preparation and focuses on career awareness, career exploration, and skill preparation in seven pathways. The pathways emphasize real-world, occupationally relevant experiences of significant scope and depth in Agricultural Business, Agricultural Mechanics, Agriscience, Animal Science, Forestry and Natural Resources, Ornamental Horticulture, and Plant

		and Soil Science. Integral components of classroom and laboratory instruction, supervised agricultural experience projects, and leadership and interpersonal skills development prepare students for continued training, advanced educational opportunities, or entry to a career.
Ann Sobrato High School	Arts, Media, and Entertainment	Of all the career industries, the Arts, Media, and Entertainment sector requires perhaps the greatest cross-disciplinary interaction because the work in this sector has a propensity to be largely project-based, requiring both independent work and interdependent management skills for career success. New technologies are also constantly reshaping the boundaries and skill sets of many arts career pathways. Consequently, core arts-sector occupations demand constantly varying combinations of artistic imagination, metaphoric representation, symbolic connections, and technical skills. Successful career preparation involves both broad and in-depth academic and technical preparation as well as the cultivation of twenty-first-century skill assets, such as flexibility, problem-solving abilities, and interpersonal skills. Careers in the Arts, Media, and Entertainment sector fall into four general pathways: Design, Visual, and Media Arts; Performing Arts; Production and Managerial Arts; and Game Design and Integration. The anchor and pathway standards make explicit the appropriate knowledge, skills, and practical experience students should have in order to pursue their chosen profession, whether that profession requires postsecondary education, graduate training, or apprenticeship. Learning the skills and knowledge for creating, refining, and sharing work in the Arts, Media, and Entertainment industry sector promotes teamwork, communication, creative thinking, and decision-making abilities—traits that are necessary to function successfully in the competitive and media-rich twenty-first century. Through the manipulation of sight, sound, and motion, those choosing a pathway from this sector reach out in unique ways to enhance the quality of life for those around them.
Ann Sobrato High School	Health Science and Medical Tech - Patient Care	The standards in this sector represent the academic and technical skills and knowledge students need to pursue a full range of career opportunities in health science and medical technology, from entry level to management as well as technical and professional career specialties. The standards describe what workers need to know and be able to do to contribute to the delivery of safe and effective health care. The six career pathways are grouped into functions that have a common purpose and require similar attributes. The pathways are Biotechnology, Patient Care, Health Care Administrative Services, Health Care Operational Support Services, Public and Community Health, and Mental and Behavioral Health. Standards for each career path build on and continue the anchor standards with more complexity, rigor, and career specificity.
Ann Sobrato High School	Information and Communication	Information and Communication Technologies (ICT)

	Tech	<p>have expanded the need for employees who can understand, manage, and support all rapidly emerging, evolving, and converging computer, software, networking, telecommunications, Internet, programming, and information systems. Essential skills for careers in the ICT sector include understanding systems that support the management and flow of data, the ability to work well and communicate clearly with people, and the ability to manage projects efficiently. The ICT sector meets national criteria for high demand, high wages, and high skills and provides students with excellent opportunities for interesting work and good pay.</p>

Video/Photograph Minors for Publication

The Morgan Hill Unified School District attempts to control media access to campus according to law. Media representatives who may lawfully be on school campuses of the Morgan Hill Unified School District may occasionally photograph or video students.

Parents and guardians should use this form to withhold authorization for media representatives to publish and/or broadcast photographs or video individually identifying their child or children.

The District will use its best efforts to so inform all media representatives who follow District requirements to register prior to coming on campus. However, the District cannot guarantee that the media representative will comply with parental preference as indicated on this form. Additionally, in the event of spontaneous, unplanned, or unauthorized media presence on campus, the District may not be able to inform the media representatives of a parent’s preference.

The Morgan Hill Unified School District maintains a central web site (www.mhu.k12.ca.us), as well as individual school web pages. These web pages are located on the World Wide Web (www) and can be seen throughout the world by people with access to the Internet.

Dear Parents/Guardians:

Animals are used occasionally in the classrooms as part of the educational program with the approval of the principal. The school's science program may provide the opportunity for children to observe, handle and take care of animals. From time to time parents express concern about possible dangers to their children, e.g., injuries or allergies. Usually, the advantage of contact with the animals outweighs the hazards; however, parents and legal guardians in the Morgan Hill Unified School District make the decision in this matter. The only pupils who are not allowed to handle the mice, rats, rabbits, etc. that are in the classroom, are pupils whose parents have opted them out of participation.

Under no circumstances may an animal be transported on a school bus. All animals must have appropriate containers or cages. Venomous or poisonous reptiles and amphibians are not allowed on school grounds.

If you DO NOT wish your child to handle animals or certain animals, please complete and return the slip below to your child's classroom teacher.

RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Morgan Hill Unified School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, the district may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures (Board Policy/Administrative Regulation 5341). The primary purpose of directory information is to allow the district to include this type of information from your child’s education records in certain school and/or district publications. Examples include:

- A playbill, showing your child’s role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs, and
- Sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents/guardians have advised the district that they do not want their child’s information disclosed without their prior written consent.

MORGAN HILL SCHOOL DISTRICT

STUDENT-TECHNOLOGY ACCEPTABLE USE AGREEMENT

The purpose of this Acceptable Use Agreement (“Agreement”) is to ensure a safe and appropriate environment for all students. This Agreement notifies parents and students about the acceptable ways in which District Technology may be used. The Morgan Hill Unified School District (“District”) recognizes and supports advances in technology and provides an array of technology resources for students to use to enhance learning and education. While these technologies provide a valuable resource to students, it is important that students’ use of technology be appropriate for school purposes.

Pursuant to Board Policy 6163.4, only Users of District Technology who submit a signature acknowledging receipt and agreement to the terms of use outlined in this Agreement are authorized to use District Technology.

Terms of Use

Acceptable Use: District students are only permitted to use District Technology for purposes which are safe (pose no risk to students, employees or assets), legal, ethical, do not conflict with the mission of the District, and are compliant with all other District policies. Usage that meets these requirements is deemed “proper” and “acceptable” unless specifically excluded by this policy or other District policies. The District reserves the right to restrict online destinations through software or other means.

Additionally, the District expressly prohibits:

7. Significant consumption of District Technology for non-school related activities (such as video, audio or downloading large files) or excessive time spent using District Technology for non-school purposes (e.g. shopping, personal social networking, or sports related sites);
8. Knowingly or carelessly performing an act that will interfere with or disrupt the normal operation of computers, terminals, peripherals, or networks, whether

- within or outside of District Technology (e.g., deleting programs or changing icon names) is prohibited;
9. Infringe on copyright, license, trademark, patent, or other intellectual property rights; or
 10. Disabling any and all antivirus software running on District Technology or “hacking” with District Technology.

Accountability: Users are prohibited from anonymous usage of District Technology. In practice, this means users must sign in with their uniquely assigned District User ID before accessing/using District Technology. Similarly, “spoofing” or otherwise modifying or obscuring a user’s IP Address, or any other user’s IP Address, is prohibited. Circumventing user authentication or security of any host, network, or account is also prohibited.

Disclaimer: The District cannot be held accountable for the information that is retrieved via the network. The District will not be responsible for any damages you may suffer, including loss of data resulting from delays, non-deliveries, or service interruptions caused by the District Systems, System Administrators or your own errors or omissions. Use of any information obtained is at your own risk. The District makes no warranties (expressed or implied) with respect to: (a) the content of any advice or information received by a student, or any costs or charges incurred as a result of seeing or accepting any information; or (b) any costs, liability, or damages caused by the way the student chooses to use his or her access to the network.

Password Policy: Passwords must not be shared with anyone and must be treated as confidential information. Passwords must be changed as often as required by the District’s IT department. All Users are responsible for managing their use of District Technology and are accountable for their actions relating to security. Allowing the use of your account by another user is also strictly prohibited. All passwords created for or used on any District Technology are the sole property of the District. The creation or use of a password by a student on District Technology does not create a reasonable expectation of privacy.

Responsibility: Users are responsible for their own use of District Technology and are advised to exercise common sense and follow this Agreement in regards to what constitutes appropriate use of District Technology in the absence of specific guidance.

Revocation of Authorized Possession: The District reserves the right, at any time, for any reason or no reason, to revoke a User’s permission to access, use, or possess District Technology.

Restriction of Use: The District reserves the right, at any time, for any reason or no reason, to limit the manner in which a User may use District Technology in addition to the terms and restrictions already contained in this Agreement.

Third-Party Technology: Connecting unauthorized equipment to the District Technology, including the unauthorized installation of any software (including shareware and freeware), is prohibited.

Personally Owned Devices: If a student uses a personally owned device to access District Technology or conduct District business, he/she shall abide by all applicable Board policies, administrative regulations, and this Agreement. Any such use of a personally owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

Reporting: If a student becomes aware of any security problem (such as any compromise of the confidentiality of any login or account information) or misuse of District Technology, he/she shall immediately report such information to the Superintendent or designee.

Consequences for Violation: Violations of the law, Board policy, or this Agreement may result in revocation of a student's access to District Technology and/or restriction of his/her use of District Technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the law, Board policy, or this Agreement may be reported to law enforcement agencies as deemed appropriate.

Blocked or Restricted Access: User access to specific Internet resources, or categories of Internet resources, deemed inappropriate or non-compliant with this policy may be blocked or restricted. A particular website that is deemed "Acceptable" for use may still be judged a risk to the District (e.g. it could be hosting malware), in which case it may also be subject to blocking or restriction.

No Expectation of Privacy: Users have no expectation of privacy regarding their use of District Technology. Log files, audit trails and other data about user activities with District Technology may be used for forensic training or research purposes, or as evidence in a legal or disciplinary matter. Users are on notice that District Technology is subject to search and seizure in order to facilitate maintenance, inspections, updates, upgrades, and audits, all of which necessarily occur both frequently and without notice so that the District can maintain the integrity of District Technology. All data viewed or stored is subject to audit, review, disclosure and discovery. Such data may be subject to disclosure pursuant to the Public Records Act (California Government Code section 7920 et seq.). Pursuant to the Electronic Communications Privacy Act of 1986 (18 USC 2510 et seq.), notice is hereby given that there are no facilities provided by District Technology for sending or receiving private or confidential electronic communications. System Administrators have access to all email and will monitor messages. Messages relating to or in support of illegal or inappropriate activities will be reported to the appropriate authorities and/or District personnel.

The District reserves the right to monitor and record all use of District Technology, including, but not limited to, access to the Internet or social media, communications sent or received from District Technology, or other uses within the jurisdiction of the District. Such

monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of District Technology (such as web searches or emails) cannot be erased or deleted. The District reserves the right to review any usage and make a case-by-case determination whether the User's duties require access to and/or use of District Technology which may not conform to the terms of this policy.

Specific Consent to Search and Seizure of District Technology: The undersigned consents to the search and seizure of any District Technology in the undersigned's possession by the District, the District's authorized representative, a System Administrator, or any Peace Officer at any time of the day or night and by any means. This consent is unlimited and shall apply to any District Technology that is in the possession of the undersigned, whenever the possession occurs, and regardless of whether the possession is authorized. The undersigned waives any rights that may apply to searches of District Technology under SB 178 as set forth in Penal Code sections 1546 through 1546.4.
