Dear Partners of Greenwich Academy Athletics:

This handbook is designed as a resource to outline our program and enhance communication between the GA Athletic Department and GA families. Being a member of the Greenwich Academy athletic program, with its rich and storied history, is a privilege and honor, and with that comes many responsibilities and expectations. Whether wearing a Greenwich Academy uniform, coaching a game, or cheering from the sidelines, those in our community should strive at all times to model the School's motto, *Toward the Building of Character*.

Athletic Philosophy

Greenwich Academy's Athletic Philosophy

An integral part of a GA student's education, Greenwich Academy's athletic philosophy mirrors the School's commitment to fostering excellence. At all levels, student-athletes are given the opportunity to improve their skills and understanding of tactics in an environment that rewards sportsmanship, discipline, dedication, and teamwork; through these lessons, the department promotes physical, intellectual, and emotional growth. All Gators have the opportunity to compete on a team regardless of their experience or skill level. As student-athletes mature through our program, the emphasis changes from participation to performance, as reflected in team selection, size, and playing time. Most importantly, the school's motto, *Toward the Building of Character*, is realized in our athletic arenas as our student-athletes, coaches, and fans learn to win with grace and accept defeat with dignity, demonstrating resilience, courage, integrity, and compassion.

Physical Education Philosophy

Greenwich Academy recognizes the connection between a sound mind and a sound body and, therefore, has a physical education program that meets the needs of its students as they move through each division of the school. Transitioning from learning the basics of gross motor movement to refining and extending sport-specific skills that may be applied in a competitive setting. Students, at all times, learn in an environment that encourages self-discovery and cooperation. Promoting a lifelong understanding of the importance of healthy habits and fitness is paramount throughout.

Programs

Middle School Program

All Group VII & VIII students are required to participate on an athletic team or dance (when offered) each season. We offer the following sports:

- Fall: Cross Country, Field Hockey, Soccer, Volleyball (Dance for Group VIII)
- Winter: Basketball, Ice Hockey, Squash, Swimming (Dance for Group VIII)
- Spring: Crew, Lacrosse, Tennis, Track & Field (Dance for Group VIII)

With the exception of game days and Wednesdays, teams hold 75-minute practices during the last two periods of the school day. Training sessions are designed to teach each sport's fundamental skills, tactics, and rules. Teams are generally composed of a mixture of grade levels based on experience and ability. For programs that train off campus, practice time may be extended, taking into account travel time to and from facilities.

Greenwich Academy is a Middle School Fairchester Athletic Association (MSFAA) member and also competes against local non-member schools.

Group VII/VIII Athletics Attendance Policy

The expectation is that every student comes to every practice and plays every game unless she is injured, sick, or absent from school. If a student has a conflict and needs to miss a practice or game, she needs to discuss this with her coach ahead of time (ideally, at least one week prior to the absence). GA after-school games take priority over clubs, private lessons, and play rehearsals (unless it is tech week). Showing commitment to the team is important!

If a student gets injured while playing on a GA team, she should see one of GA's athletic trainers (Jo Leiva or Ali Czescik) to be evaluated. They will let her know if she needs to see a doctor. If she has been seen by a doctor, and the doctor feels that she needs to sit out of sports, she is required to bring a note from him or her that is shared and kept on file in the MS and Athletics Office. Another doctor's note is required indicating that she is cleared to return to sports before she can participate. The expectation is that she will still attend her team practices even if she can't participate unless she has to sit out per doctor's orders for over two weeks. In the case of a long absence from the sport, the athlete should discuss the situation with her GA coach to see if there is a way that she can help the team by attending some of the practices or games. The basketball coach, for example, might ask an athlete who is in a cast for 4 weeks to run the scoreboard at their four home games. On the other days, this athlete might be told she can leave early after signing out in the MS, or she can do work in the MS library until pick-up.

Upper School Program

- All Group IX students are required to participate in three seasons of athletics and/or physical education, which includes dance.
- Group X students who participate in two athletic seasons fulfill their requirements and are exempt from a third season.

- Group XI and Group XII students are required to participate in two out of three seasons of athletics and/or physical education.
- Students may apply for but are not guaranteed, credit for outside participation.

GA fields more than 25 teams in 17 sports and has established a long tradition of interscholastic success. Teams consistently compete for conference titles, and many extend their seasons to contend for New England and, for some teams, national championships. We offer the following sports:

- Fall: Crew (non-traditional season*), Cross Country, Field Hockey, Soccer, Volleyball
- Winter: Basketball, Ice Hockey, Skiing, Squash, Swimming & Diving
- Spring: Crew, Golf, Lacrosse, Sailing, Tennis, Track & Field, Water Polo

On days we do not compete, a maximum two-hour practice is held (travel to offsite facilities will likely lengthen this time frame). Training sessions are designed to provide the appropriate level of challenge with an increased expectation of performance at the varsity level. Teams may consist of students from a variety of grade levels or, when numbers are sufficient, by a singular grade level (e.g., a Group IX team).

Greenwich Academy is a member of the NEPSAC, WNEPSAA, and FAA. For more information, visit Affiliations on page 8.

Upper School Attendance Policy

Each sport or activity has an attendance policy. Attendance will be taken, and absences will be recorded in accordance with program/team policies.

Upper School Only - Policy for Physical Education Credit for Outside Participation
(see page 11 for policy)

Sports Offerings by Division

Fall	Winter	Spring

2024-2025 Coaching Assignments - (9/9/24)

Fall

Crew

Head: Paul Casey
 Assistants: Nick Spyrou, Kat Shockley

Cross Country

Head: Jane Finch
Asst: Will Pfadenhauer, Meredith Kalbacker
Middle School: Claudia Chimale

Field Hockey

Head: Jamie Brower
Assistant: Sally Maloney
JV: Rebecca Ostrye/Demi Janis
Thirds: Julia McGullicuddy/Demi Janis
Middle School: Erin Brawley, Elaine Thurman

Soccer

Head: Kate Sands
Assistants: Bria Varn Buhler, Allison Oestreicher
JV: Rebecca Ramos, True Pham
Middle School: Elizabeth Wells

Volleyball

Head: Bryan Coloma
Assistant: Stephen Caddy
JV: Hannah Rallis, Maia Hood
Assistant: Pam Cevallos
Thirds: Jake Childress, Paloma Corrigan
Middle School: Sarah Bonk, Hilary Brodhun, Stephanie Costabile, Moe Tarrant

Winter**Basketball**

Head: Jordan Griffith
Assistant: Rebecca Ramos, Maia Hood
JV: Andrew Aramani
Assistant: Olivia Less
Middle School: Hilary Brodhun, Jane Finch, Paul Jaquierey

Ice Hockey

Head: Jordan Brickner
Assistant: TBD
JV: Stephen Caddy, Janka Hlinka, Moe Tarrant
Middle School: Jamie Brower, Sally Maloney, Moe Tarrant

Skiing

Head: Katie Kraunelis
Assistant: Krystin Martin

Squash

Varsity A and B : Luke Butterworth
Asst VA,VB JV: Jamie Sutcliffe, Arturo Barreto
Middle School: Luke Butterworth, Jamie Sutcliffe, Arturo Barreto

Swimming & Diving

Head: Megan Kelly (swim), Dylan Korn (dive)
Assistant: Paul Casey, Lauren Allen
Middle School: Sarah Bonk, Steve Miller

Spring

Crew

Head: Paul Casey
Assistants: Susan Schmidt, Nick Spyrou
Middle School: Paul Casey, Susan Schmidt

Golf

Head: Patrick Dwyer
Assistant: John Budkins

Lacrosse

Varsity A Head: Halley Quillinan Griggs
Assistant: Julia McGullicuddy
Varsity B: Charles Sliter, TBD
Thirds: Bria VarnBuhler, Stephanie Costabile
Middle School: Jamie Brower, Neile Messer, Moe Tarrant, Elaine Thurman

Sailing

Head: Andrew Scrivan
Assistant: Chris Foley, Demi Janis

Tennis

Varsity: Elizabeth Schrohe
Assistant: Erynn Arnold
JV: Patrick Ashby
Thirds: Kate Lee
Middle School: Paul Jaquiery, Elizabeth Schrohe, Elizabeth Wells

Track & Field

Varsity: Erin Brawley,
Assistant: Kamle MacLaren, True Pham, Bobby Walker, Jr, Maia Hood
MS Head: Bryan Coloma, Deana Semenza

Water Polo

Head: Ulmis lordache
Asst: Andrew Heath

League Affiliations

NEPSAC

The [New England Preparatory School Athletic Council](#) comprises 180+ member schools, primarily throughout New England and New York. The Council is divided into four geographical districts, and each school competes in classes/divisions based on school size. Greenwich Academy competes as a Class A/Division I school in District Four, also known as the Western New England Athletic Association (WNEPSAA). WNEPSAA is made up of 68 schools from Connecticut and Western Massachusetts.

The following are sports that Greenwich Academy competes in as a member of NEPSAC. NEPSAC hosts a Championship Tournament in the fall and winter for all sports listed; only golf, tennis, track and field, and water polo have a Championship Tournament in the spring.

- Fall: Crew, Cross Country, Field Hockey, Soccer, Volleyball
- Winter: Basketball, Skiing, Ice Hockey, Squash, Swimming and Diving
- Spring: Crew*, Golf, Lacrosse, Sailing**, Tennis, Track and Field, Water Polo

*NEIRA, or New England Interscholastic Rowing Association, sponsors a championship in the spring.

** NESSA or New England Schools Sailing Association

FAA

The Fairchester Athletic Association comprises 11 member schools in both Southwestern Connecticut and Southeastern New York.

Member Schools

- Brunswick School, Greenwich, CT
- Greens Farms Academy, Greens Farms, CT
- Greenwich Academy, Greenwich, CT
- Greenwich Country Day School, Greenwich, CT
- Hamden Hall, Hamden, CT
- Hopkins School, New Haven, CT
- King School, Stamford, CT
- The Masters School, Dobbs Ferry, NY
- Rye Country Day School, Rye, NY
- Sacred Heart Greenwich, Greenwich, CT
- St. Luke's School, New Canaan, CT
- School of the Holy Child, Rye, NY

Fairplay

NEPSAC Code of Ethics and Conduct

As a basic principle, we believe that the lessons learned from fairly played athletics, whether interscholastic or not, including games and practices, benefit our student-athletes and our schools. The purpose of this Code of Ethics and Conduct is to define what “fairly played” means and provide guidelines for NEPSAC student-athletes, coaches, officials, and spectators alike to follow.

Proper Conduct and Good Fairplay:

At the heart of this matter lie several terms which are often hard to define—yet no more important task confronts teachers and coaches than to set standards that are fair and honorable. Throughout this Code, when such terms as “proper conduct” and “fair play” are mentioned, they refer to such standards as these:

- Treat other persons as you know they should be treated and as you wish them to fairly treat you.
- Regard the rules of your game as agreements, the spirit or letter of which you should not evade or break.
- Treat officials and opponents with respect.
- Accept absolutely and without quarrel the final decision of any official.
- Honor visiting teams and spectators as your own guests and treat them as such. Likewise, behave as an honored guest when you visit another school.
- Be gracious in victory and defeat; learn especially to take defeat well.
- Be as cooperative as you are competitive.
- Remember that your actions on and off the field reflect on you and your school.

Middle School Spirit of Competition:

Along with the rules for middle school play, coaches should play with a good spirit of competition. The NEPSAC Code of Ethics provides the framework on which all game behavior should be based. Beyond that, middle school coaches should intentionally make the game a positive experience for everyone involved—players on teams, coaches, officials, and spectators. This means taking a leadership role with your team and setting standards of behavior. Running up the score, keeping a press on in a basketball game when the outcome is clearly evident, putting your starters in as a group when the score is already lopsided, and continuing a run-and-gun style of play rather than emphasizing passing and a set offense, all represent examples of coaching strategy which do not meet the intended spirit of middle school competition.

Communication

Website

The Greenwich Academy athletic website (greenwichacademy.org/athletics) is your source for information.

Here, you can find game schedules, directions to contests, a history of team championships, and information on where our graduates are playing at the next level.

Our website allows you to download a schedule into a Google, iCal, or Outlook calendar. You may also sign up for RSS alerts, so you will be automatically notified if a change is made.

Cancellation of practices/games/rescheduling

If an event is canceled due to inclement weather or on days that the School is closed due to weather or a religious holiday, there will not be any practices or games. On rare occasions, with the approval of the Director of Athletics & Physical Education and the Head of the Upper School, a team may practice if weather permits.

Coaches may elect to give a team a day off. Ideally, teams are notified in advance for planning purposes. However, there will be times when a coach gives a team a day off as a surprise.

Parental Support/Communication Guidelines

Working together, parents and coaches can best support our student-athletes. When parental and coaching roles are understood and healthy communication is established, it is easier to accept these respective responsibilities and support our student-athletes. Effective communication is vital and requires participation, dedication, sacrifice, and commitment from parents, coaches, and our student-athletes.

Role of the coach

- To put the best interest of the team ahead of individual goals
- To create a positive and productive training environment
 - Provide clear and consistent expectations about performance and how that affects roles on the team
 - Stay current with techniques and tactics, allowing for optimal player development
 - Be approachable and empathetic to individual concerns
 - Understand and appreciate the academic rigor at school
- To model the School's motto, *Toward the Building of Character*

Role of the parent

- To be your child's number-one fan
 - Be positive and encouraging at games for all players, modeling the School's motto, *Toward the Building of Character*
 - Be a good listener at home, which sometimes means not offering solutions
- To be mindful of and promote the coach's primary role, which is to put the team first
 - Refrain from discussing other players' roles on the team, coaching decisions, and strategies
 - Encourage your child to speak directly with the coach if there is confusion or disappointment regarding their role on the team

Appropriate times for a parent to reach out to a coach

- If there are concerns about the health and welfare of a child
- If no resolution was reached after an initial conversation between player and coach
- To better understand ways to help your child develop as a player
- To discuss the possibility of continuing to compete at the college/university level

If you have a concern to discuss with a coach

- Call or email the coach to set up a time to communicate
- Please do not confront a coach in person before, during, or after a game. This interaction may be emotional and may not promote objective analysis or resolution.

If the discussion with the coach does not provide a satisfactory resolution

- Contact the Director of Athletics & Physical Education to discuss the situation

Policy for Physical Education

Credit for Outside Participation – Upper School

In keeping with GA's mission to foster excellence, a student who demonstrates extraordinary commitment and talent in one area of athletics may be eligible to receive a physical education credit for participation outside of GA's program. While the School strongly believes in the benefit of a GA team experience, we also recognize that, for some, training outside of our athletic program serves the needs of our student-athletes. The Director of Athletics & Physical Education, along with the Upper and Middle School Heads, as appropriate, will consider whether or not to grant credit based on the following guidelines:

PE credit for a sport not offered at Greenwich Academy

The purpose of this credit is to cultivate a student's enduring and exceptional commitment to a sport not offered at the School. Believing that all students should be exposed to a variety of athletic activities in their developing years, the School offers this credit only to students in Group VIII and above, and no student will receive credit if, in the School's judgment, the exemption would hinder in any significant way the student's ability to be a full member of the School community.

PE credit for a sport offered at Greenwich Academy

- The applicants must train and compete for GA in the sport for which they are seeking credit within that school year and follow FAA and NEPSAC guidelines.
- The applicant must compete at an elite level:
 - Top ranking at the state, regional, or national level in individual sports.
 - Representing the state or region for team sports.
- The applicant will be involved in training eight to ten hours per week with additional weekend commitments.
- The applicant must have a coach and meet with that coach on a regular basis.
- In the event of injury during the GA season, the student-athlete must still attend practice and communicate with the school's athletic trainer regarding rehabilitation.

- The applicant will submit her request three weeks prior to the beginning of the season for which she is seeking credit.
- The applicant is responsible for scheduling a mid-season check-in with the Director of Athletics & Physical Education.
- The applicant's coach must submit a written report at the conclusion of the season following GA's report card procedures.

Participation in the GA community

- The applicant's involvement in GA's community outside of the classroom will be taken into consideration as the School asks its students to participate fully in the GA experience.
- If the applicant has limited involvement in the School beyond the classroom, the applicant must submit a proposal outlining a plan for engagement in the community. The proposal will be reviewed by the Director of Athletics & Physical Education, Head of the Upper School, and applicant in a joint meeting before determining whether or not outside credit will be granted.
- We should note that a student whose petition is successful may also be at a disadvantage in applying for Peer Leaders, Ambassadors, or other programs in which school involvement plays a key role.

Once granted, continued eligibility for credit in a calendar year will hinge upon submitting a final report one week before the conclusion of that season. It is the applicant's responsibility to ensure that all paperwork is submitted in a timely manner to be considered for credit and to receive credit.

Finally, knowing one of GA's guiding principles is to "encourage all students to achieve excellence in their academic and personal pursuits," the School reserves its right to sever this agreement if, in its judgment, the student-athlete is at risk of not achieving one or both of these goals.

Policy for Physical Education Credit for Outside Participation – Middle School

In keeping with GA's mission to foster excellence, a student who demonstrates extraordinary commitment and talent in one area of athletics may be eligible to receive a physical education credit for participation outside of GA's program. Because participation on a team is an integral and treasured part of the Middle School experience at GA, this request may be made once in a calendar year by Group VIII students only. In extraordinary circumstances, an additional season(s) may be granted. The Director of Athletics & Physical Education and the Head of Middle School will consider whether or not to grant credit based on the following guidelines:

- Applicants will submit their requests at least three weeks prior to the beginning of the season for which she is seeking credit
- The applicant must compete on a state or national level
- Once in the Upper School, applicants must compete for GA in the sport for which they are seeking credit if it is offered at GA
- The applicant must be involved in the activity at a minimum of five times per week.

- The applicant must have a coach with whom she meets on a regular basis
- The applicant's coach must submit a written monthly report regarding the applicant's progress and an additional report at the conclusion of the season following GA's report card procedures

Once granted, continued eligibility for credit will hinge upon the submission of the monthly reports and final report card one week before the conclusion of that season. It is the applicant's responsibility to ensure that all paperwork is submitted in a timely manner to be considered for credit and to receive credit.

Physical Education Requirement

Upper School

- All Group IX and Group X students are required to participate in three seasons of athletics and/or physical education, which includes dance. Group X students who participate in two athletic seasons fulfill their requirements and are exempt from a third season.
- Group XI and Group XII students are required to participate in two out of three seasons of athletics and/or physical education.
- Students may apply for but are not guaranteed credit for outside participation.

Middle School

All Group VII and Group VIII students are required to participate on an athletic team or dance (when offered) each season.

Religious Holidays and School Closures

On days that the school is closed for a religious holiday or the school is closed due to inclement weather, no practices or games will be held. On rare occasions, with the approval of the Director of Athletics & Physical Education and the Head of the Upper School, a team may practice if weather permits.

Team Dinners

- Upper School teams, in particular varsity teams, often gather for a shared meal on Friday nights as a means of developing closer bonds. Dinners may only be held on Fridays prior to a Saturday contest.
- Team dinners may not be held on a religious holiday.
- Attendance at these dinners is not mandatory and parents should not be expected to attend more than three—likely early in the season, at its conclusion, and perhaps before a big game in between.
- On three (3) occasions, a charge of \$25/person may be processed through the GAPA Athletics Chair by filling out a GAPA Student Billing Request Form (available on the GAPA portal via the School website).
- Teams are encouraged to have dinners on campus as much as possible using the School's facilities as it limits excessive travel for families.

Team Gear - US and Varsity Programs

Athletic apparel is ordered seasonally through the athletic office to demonstrate team spirit. All apparel must be approved, ordered, and billed through the Athletic Office. Apparel should not exceed \$50 and should not be underwritten or donated. Teams that earn a New England or National Championship may order additional apparel, but that too, must be approved, ordered, and billed through the Athletic Office.

Optional Team Apparel - Flash Store

Team Gear should not be confused with seasonal Flash Stores, where girls and their families can order team-specific and other spirit gear directly. Flash stores are open seasonally for a limited time, and purchases are optional for families.

Transportation

GA provides transportation to and from athletic events and most practices. Juniors and seniors are allowed to drive with permission from their coach and parent/guardian. At all times, Connecticut/New York laws must be followed with regard to having passengers in cars as well as driving at the appropriate time.

Student-athletes can travel home with a parent or guardian after an away contest. Communication with the coach is necessary so that all girls are accounted for.

Student-athletes may travel home to an away contest with someone other than their family if parental permission is granted via a note or email prior to the contest.

PROCEDURES

Composition of Teams

As found in the athletic philosophy, all GA students have the opportunity to compete on a team regardless of their experience or skill level. As student-athletes mature through the GA program, the emphasis changes from participation to performance, as reflected in team selection, size, and playing time.

Team Selection

Tryouts may last between 3 to 5 days. Athletes who are ill or injured will be given the opportunity to try out when healthy, provided the athletes have communicated in advance with the coach.

Tryouts

Tryouts are designed to allow coaches to determine skill level, tactical knowledge, fitness, positional possibilities, coachability, and other intangibles. Skill and fitness testing, drills, and game play are evaluated throughout the tryout, with all coaches providing input to the head varsity coach who oversees the process. Decisions are then reviewed with the Director of Athletics & Physical Education via email before teams are announced.

Playing Time

There is no guarantee of playing time at the varsity level. All players are guaranteed time at the sub-varsity levels, but know that “fair is not always equal.” The greatest impact on playing time will be a player’s effort. The physical and mental effort shown at practice, as well as the effort to be on time, be prepared, and be a good listener.

Practice Time

Middle School

Practices are 75 minutes long, four days a week. On Monday, Tuesday, and Thursday, practices are held from 2:05 to 3:20 PM and on Fridays from 1:05 to 2:15 PM. Typically, there are no more than two contests per week.

Upper School

Once at the practice facility, practices will last no longer than 2 hours, and the start time depends on the end of the academic day.

Students must arrive at school before 10:30 AM to participate. Students who are in attendance at school are expected to attend practice. Any planned absence should be discussed with the coach in advance.

Upper School teams, especially at the varsity level, may practice on non-school days. This will be announced in advance by the coaches and be approved by the Director of Athletics in conjunction with the Athletic Trainer(s). In the event student-athletes have a conflict, they should communicate directly with their coach.

Uniforms

Depending upon the sport, uniforms may be provided by the School or purchased by the student-athlete. Uniforms provided by the school must be returned upon the conclusion of each season. Failure to do so will result in a fee charged to the student-athlete. Be mindful that replacing one uniform is costly due to the lack of volume when purchasing. Sports, by nature of the uniform that require the student-athlete to purchase a uniform, are cross country/track & field, swimming & diving, squash, and tennis.

Health and Safety

Greenwich Academy has a full-time and part-time athletic trainer (ATC)—each is certified by the National Athletic Trainers Association. The athletic trainer, consistent with other member schools in the NEPSAC and FAA, is responsible for concussion management, which includes facilitating the ImpACT test, communicating the school's return to play protocol with families , and working in coordination with appropriate division heads, advisors, deans/team leaders, nurses, and learning specialists for a concussed student. Along with all coaches, the ATC follows the school's lightning policy and heat and cold guidelines that are shared with the FAA. Finally, the ATC manages, treats, and helps our student-athletes rehabilitate from injuries.

Please note that any student seen by a physician will need to provide a letter of clearance from that physician before the student is allowed to return to play. In case of a concussion or more severe injury, the student may begin the return-to-play protocol. Seek more information with the GA athletic trainer if such an injury occurs.

Honors and Awards

Upper School teams celebrate several individual awards. Those that are specific to teams and those that honor multi-season athletes will be presented at the seasonal sports celebration. Those awards that celebrate an individual's body of work will be presented at the appropriate all school honors assembly.

Season Celebrations

At the conclusion of each athletic season, all Upper School teams are expected to attend their seasonal celebration. All teams are celebrated with sport/team-specific awards being féted. All celebrations are at 5:00 PM in the Dining Commons, and pizza and drinks are served to student-athletes. The program usually lasts 45-60 minutes, depending upon the number of teams that season.

Dates for the 2024-2025 School Year:

Fall: November 18
Winter: February 24
Spring: May 19

Athletic Awards

Body of Work Awards

- Susan B. Smart Award: To the girl who attains the highest record in the widest range of activities. In addition, it calls for the finest qualities of sportsmanship and enthusiasm for all activities, a spirit of cooperation, the ability to take criticism, and exceptional loyalty to the school and the team she represents.
- Rose Herbert Award: To the girl in the Upper School whose love of sports and loyalty to the ideals of the school promotes those standards in physical education so cherished by Rose Herbert.
- Athletic Department Award: To the girl whose contributions have strengthened the Greenwich Academy athletic program. This award is not always given.
- Mildred Boyd Schoeller Award: For consistent, enthusiastic effort in all activities throughout the entire year, resulting in marked technical improvement.
- Alan Gilchrist Award: This award was given to the school in memory of Alan Gilchrist, an ardent supporter of GA teams/girls for devotion and enthusiasm in sports.
- FAA Scholar-Athlete Award: The Fairchester Athletic Association Scholar-Athlete Award is presented to individuals who are in the top twenty percent of their class in their junior and senior years and earn All-League selection from the FAA in their last four seasons of competition.
- Blanket Award: This award will be given to student-athletes who have earned at least six varsity letters in their career at GA.

Shared Sports Awards

- Stauffer-Ix Award: To the student who displays good sportsmanship while playing outstanding defense in Field Hockey and/or Lacrosse.
- Veno Webb Award: To the girl who best exemplifies those qualities of "sportsmanship", loyalty, and spirit in Field Hockey and/or Lacrosse.

Varsity Sports Awards

Most Improved: Each sport honors a student-athlete who has demonstrated improvement in both skill level and coachability over the course of the season. In some instances, this award has a deed other than above.

Basketball:

Ross Cup - To the girl of either junior or senior group standing who possesses outstanding athletic ability and good sportsmanship in basketball.

Crew:

Golden Oar - To the girl who demonstrates overall team leadership with everyday commitment, dedication, and enthusiasm to work hard and go fast.

Cross Country:

Cedarwood Award - To the girl who did the most for the Cross Country Team.

Meiklejohn Award - Presented annually to the most improved Cross Country team member in memory of beloved coach Elizabeth Meiklejohn. Her passion for running and coaching was unique and an inspiration to all. "Meikle" will forever be remembered for her steadfast dedication, enthusiasm, and commitment to the team.

Field Hockey:

Carole Kenyon Award - To the girl who, while playing excellent field hockey, shows tremendous enthusiasm and love of the sport.

Golf:

Golf Award - Presented annually to the most valuable player on the GA Golf Team.

Ice Hockey:

Edward F. Maloney Award - For excellence of performance, team spirit, and sportsmanship in Varsity Ice Hockey at Greenwich Academy.

Lacrosse:

Wyman Award - To the girl who best exemplifies the skill and the spirit of the game of lacrosse.

Sailing:

Captain Harbor Trophy - Presented annually to the sailor whose performance has contributed the most to the success of the Varsity Sailing Team. She will have distinguished herself by

accumulating the best racing record in both fleet and team racing. Lovelace Trophy: Presented by Donald and Linda Lovelace to be awarded annually to the skipper and/or crew who has improved the most.

Skiing:

Skiing award: Presented annually to the skier who contributes to the team's success on and off the slopes.

Soccer:

Golden Boot Award - To the girl who, while playing excellent soccer, shows tremendous enthusiasm, team spirit, and love for the sport and her team.

Swimming & Diving:

Swimming and/or Diving Award - Presented annually to the swimmer and/or diver whose contributions, both in and out of the pool, had the most positive impact on the team.

Tennis:

Yale Bowl: To the girl whose interest, leadership, and love of the game have made an outstanding contribution to the tennis team.

Track & Field:

Devon K. Fitzpatrick Award: Presented annually to the track and field athlete who has excelled in her events and demonstrates team spirit and love of the sport.

Volleyball:

Decederfelt Award: This award is given to the girl who, while playing excellent volleyball, shows tremendous enthusiasm, team spirit, and love for the sport and her team.

Water Polo:

Water Polo Award: This award was given to the girl who played the most outstanding water polo throughout the season.

Sub Varsity Awards

At each season's conclusion, each team will present a Gator Award and a Most Improved Award. The Gator Award is presented to the girl whose physical, intellectual, and emotional contributions create an atmosphere where the team has the best chance for success.

FAA Awards

For some sports, the FAA coaches vote (coaches may not vote for their own player) to determine who will be First-Team and Second-Team All-League at the conclusion of each season. The number in each group is dependent upon the number of starters in that sport. For example, basketball will have 5 First-Team and 5 Second-Team All-League players. For individual sports (cross country, golf, squash, swimming, tennis, and track and field), team

placement and/or individual finish will determine All-League status. In each sport, coaches may select one student-athlete to receive Honorable Mention.

FAA Scholar-Athlete Award - The Fairchester Athletic Association Scholar-Athlete Award is presented to those individuals who are in the top ten percent of their class in their junior and senior years, enrolled in a minimum of three Advanced Placement courses, and earn All-League selection from the FAA in their last four seasons of competition.

CAPTAINS

Electing Captains

Varsity team captains are leaders of their respective teams within the GA Athletic Program as well as representatives of the school in the outside community. This earned position is an honor that carries significant responsibility.

- The number of captains elected should be proportional to the number of athletes on the team. There is no set number for any team, which may vary yearly.
- Student-athletes interested in being captain should share their interest with the head coach. These student-athletes will meet with the athletic director to review the responsibilities and expectations of being a captain—paramount is that the outcome is supported, even if not in one's favor.
- Captains will be voted on using the Greenwich Academy captains' ballot form, not selected by the coach
- A coach cannot alter the vote
- Being elected captain does not have a bearing on team placement the following year but will allow for a leadership position on that team
- Announcements of captains should be made via email

Roles of Families of Captains

- Be on call to answer any questions, especially for new families
- Coordinate with GAPA Athletic Representative to reimburse seasonal expenses at no more than \$150/family
 - This may be roster cards, food for travel to away contests, locker room/game day snacks, senior day, etc
 - Please refer back to team dinners – each team is allowed up to 3 team dinners reimbursement at \$25/head. Note that any cost above that will not be reimbursed and will be up to hosting families to cover
 - As a reminder, please think of the school as a host site
- Please be prepared to help coordinate with coaches for overnight trips, whether making a dinner reservation for the team or making an emergency run to the grocery store to allow coaches to focus their efforts on the team.
- Coordinate with junior families to help organize senior day.

PRESEASON/SPRING BREAK

Preseason

This occurs for all fall sports and begins on a Monday, two weeks before the start of school. The first week consists of single training sessions, and the second week has both morning and afternoon sessions. A schedule is available on the school website. While it is not a requirement, the benefit of this training cannot be understated and is strongly encouraged. This is especially true for those who wish to be considered for varsity teams.

Spring Break

Similar to fall preseason, there is not a requirement to attend spring break trips. Due to the unpredictability of the weather in March, teams may travel south to allow for outdoor training. Like the fall preseason, the time spent training and competing is invaluable. Planning and registration for the trips will occur in September and require a non-refundable deposit. The trip cost is billed to each family through their student account. An initial NON-REFUNDABLE deposit is charged once a student has turned in a permission slip—an estimated trip cost is given at that time. The balance of the trip is charged upon return to campus.
